ALLERGIES/ANAPHYLAXIS MEDICATION ADMINISTRATION FORM

Provider Medication Order Form | Office of School Health | School Year 2018–2019
DUE: JULY 15th. Forms submitted after July 15th may delay processing for new school year

PARENTS/GUARDIANS FILL BELOW

By signing below, I agree to the following:

- I consent to my child's medicine being stored and given at school based on directions from my child's health care practitioner. I also consent to any equipment needed for my child's medicine being stored and used at school.
- I understand that:
 - I must give the school nurse my child's medicine and equipment. I will try to give the school epinephrine pens with retractable needles.
 - All prescription and "over-the-counter" medicine I give the school must be new, unopened, and in the original bottle or box.** I will get another medicine for my child to use when he or she is not in school or is on a school trip.
 - Prescription medicine must have the original pharmacy label on the box or bottle. Label must include: 1) my child's name, 2) pharmacy name and phone number, 3) my child's health care practitioner's name, 4) date, 5) number of refills, 6) name of medicine, 7) dosage, 8) when to take the medicine, 9) how to take the medicine and 10) any other directions.
 - I must **immediately** tell the school nurse about any change in my child's medicine or the health care practitioner's instructions.
 - OSH and its agents involved in providing the above health service(s) to my child are relying on the accuracy of the information in this form.
 - By signing this medication administration form (MAF), the Office of School Health (OSH) may provide health services to my child. These services may include a clinical assessment or a physical exam by an OSH health care practitioner or nurse.
 - The medication order in this MAF expires at the end of my child's school year, which may include the summer session, or when I give the school nurse a new MAF (whichever is earlier).
 - This form represents my consent and request for the allergy services described on this form. It is not an agreement by OSH to provide the requested services. If OSH decides to provide these services, my child may also need a Student Accommodation Plan. This plan will be completed by the school.
 - OSH may obtain any other information they think is needed about my child's medical condition, medication or treatment. OSH may obtain this information from any health care practitioner, nurse, or pharmacist who has given my child health services.
 - If the school nurse is unavailable, I may be notified to come to school to give my child medicine.

SELF-ADMINISTRATION OF MEDICATION:

- I certify/confirm that my child has been fully trained and can take medicine on his or her own. I consent to my child carrying, storing and giving him or herself the medicine prescribed on this form in school. I am responsible for giving my child this medicine in bottles or boxes as described above. I am also responsible for monitoring my child's medication use, and for all results of my child's use of this medicine in school. The school nurse will confirm my child's ability to carry and give him or herself medicine. I also agree to give the school "back up" medicine in a clearly labeled box or bottle.
- I consent to the school nurse or trained school staff giving my child medicine if my child is temporarily unable to carry and give him or herself medicine.
- I certify/confirm that I have checked with my child's health care practitioner and I consent to the OSH giving my child stock medication in the event my child's asthma or epinephrine medicines are not available.

NOTE: If you decide to use stock, you must send your child's epinephrine, asthma inhaler and other approved self-administered medications on a school trip day and/or after school programs in order that he/she has it available. Stock medications are only for use by OSH staff in school only.
