

Municipality List of Independent Evaluators

NEW YORK CITY DEPARTMENT OF EDUCATION

December 3, 2018

OFFICE OF RELATED SERVICES

Municipality List of Independent Evaluators

In cases where the New York City Department of Education cannot provide Assessments for students identified as being in need of these services, the Municipality List of Independent Evaluators was developed. The purpose of this Municipality List is to assist parents in locating New York State permanently licensed or certified (independent) evaluators who have agreed to provide these services under the specific guidelines set forth by the New York City Department of Education. This Municipality List will be used whenever the New York City Department of Education issues an Assessment Authorization (AA) which is described as follows:

Assessment Authorization (AA): In cases where the New York City Department of Education are unable to provide an Assessment by the New York City Department of Education or contract agency staff, an AA letter is issued to the parent/guardian, advising them of their right to obtain the Assessment from an independent provider of these services at public expense.

The Registry of Independent Providers of Assessment Authorizations provides the names, addresses, telephone numbers and bilingual capabilities of individuals and agencies who have expressed their interest and availability to provide these services, if needed. All individuals listed have submitted copies of their current New York State license or certificate in their respective discipline, which has since been verified by the New York City Department of Education. In addition, all individuals listed as bilingual have provided satisfactory evidence of their bilingual proficiency. Current and former employees (under one year) of the New York City Department of Education or any other New York City agency will not be included in the Municipality List unless they formally request in writing and receive a waiver from the New York City Conflict of Interest Committee.

Parents/guardians are under no obligation to utilize any individual or agency on this list, and this list should not be constructed as a recommendation for any particular individual or agency. Individuals or agencies may be periodically added or deleted
