UPDATE!

Medgar Evers Preparatory School (17K590) is now a citywide school open to all NYC students. When the middle school application opens, learn more about Medgar Evers at myschools.nyc.
## Middle School Admissions TRUTHS

1. **You can see all the programs your child can apply to when using the online application.**

   **True!** The middle school application is personalized for your child; every option you see in the application is one to which your child is eligible to apply and, if admitted, to attend.

2. **Place your program choices in your true order of preference in the application.**

   **True!** You will get an offer to your highest ranked program possible.

3. **Adding more programs to your application makes it more likely you’ll be matched to a program of your choice.**

   **True!** You’ll have the same chance of getting into a top choice no matter how many choices you place after it.

4. **For some schools, showing interest means signing in at the school’s table at a middle school fair or at a school’s open house or information session.**

   **True!** Some programs with admissions methods such as limited unscreened give priority to students who show interest in the school.

5. **Students learning English can apply to all programs in this Middle School Directory.**

   **True!** All New York City public middle schools provide English Language Learner (ELL) services for students. Read Section 8.2 in this directory to learn about our three types of ELL service delivery models offered in middle schools.

6. **Students with disabilities can apply to all programs in this Middle School Directory.**

   **True!** All New York City public middle schools provide services for students with disabilities. Middle school programs have seats for students with disabilities.

### TIP

- Use this Middle School Directory to research programs.
- Be sure to submit an application that includes a variety of program choices.
- After adding your favorite programs, add other programs you’d prefer to attend over the remaining options.
- When signing in at an event, write your name and contact information clearly.
- There are programs designed to serve students who are learning English. These programs admit students according to home language, years in this country, or English proficiency.
- On each school page, you can see how many seats each program had for students with disabilities last year.

APPLY TO MIDDLE SCHOOL

Submit your middle school application online by December 3, 2018. Learn how to apply at schools.nyc.gov/Middle. Your child’s school will provide clear instructions on how to access this application.

Need help?
- Talk to your child's elementary school counselor
- Visit a Family Welcome Center—find locations at schools.nyc.gov/WelcomeCenters
- Call us at 718-935-2009
There are five steps in the middle school admissions process. Use this directory as your guide.

1. **Understand your middle school options.**
   - Learn about the programs that your child would be eligible to attend if they applied and got an offer. These will include programs at district, boroughwide, and citywide schools.

2. **Find schools that interest your child and meet their needs.** Start exploring schools and programs in the fall of your child's fifth grade year.
   - Learn how to read a school page in **Section 3.0**.
   - Use the **District Information and Map** section of this directory to read about specific admissions information for your school district and to see where middle schools are located.
   - Browse the school pages in this directory to learn about middle schools. Find out about specific programs and activities, and think about your child's daily commute.
   - Your child's elementary school counselor will provide clear directions on how to access your child's application and middle school options online. Use **schools.nyc.gov/Find-a-School** to explore middle schools from your desktop or mobile device and to find out if you have a zoned school.
   - Choose the schools and programs that seem like the best choices for your child. Discuss this list with your child and their school counselor.

3. **Know your chances of getting an offer from a school of your choice.** Learn about seat groups, program demand, admissions priorities, admissions methods, and selection criteria in **Section 4.0**.

4. **Create your own admissions calendar.** Use the Action Checklist on the next page as a guide. Go to middle school fairs and visit schools—learn more in **Section 5.0**.

5. **Apply to middle school by December 3, 2018.**
   - Go to **schools.nyc.gov/Middle** for the most up-to-date information on how to apply. Your child's elementary school counselor will provide a clear set of directions on how to access your child's personalized application.
   - Add programs to your child's online application and place them in your true order of preference. You can apply to up to 12 programs.
   - Submit your child's middle school application by **December 3, 2018**. Learn more in **Section 2.0**.
   - Get your child's middle school offer in April—learn more in **Section 6.0**.

1.0 Understand the Path to Middle School

1.1 The Middle School Application

This fall, apply online to Department of Education (DOE) middle schools with just one personalized middle school application.

Tip:
Be sure to explore your options. Add and rank up to 12 middle school programs to your child's application! The middle school application is your best opportunity to get an offer to a school of your choice.

October
Access your child's personalized middle school application. Your elementary school counselor will give you a clear set of directions on how to apply.

By December 3
Complete the application by adding up to 12 middle school programs and placing them in your true order of preference.

April
1 offer

Submit your child's middle school application online by December 3, 2018. Visit schools.nyc.gov/Middle to get the most up-to-date information on when and how to apply. Then follow the directions from your child's current school to access their application online. In this personalized application, you will be able to see and explore every middle school program that your child is eligible to apply for and, if they get an offer, to attend. You can apply to up to 12 of these programs by adding them to your child's application and ranking them in your order of preference.

If you need help completing or submitting the application, visit your school counselor or a Family Welcome Center—find locations and hours at schools.nyc.gov/WelcomeCenters. In the spring, you will get your child's middle school results, which will include an offer to a middle school program. An offer means placement in that program for the following school year.

Your child may also be eligible to apply to new DOE schools or programs that were not part of the middle school application. If so, we will invite you to apply. If your child gets an offer to a new school or program, you will get to choose between their new school offer and their middle school application offer.
1.2 Who Can Apply?

Your child must be both a current New York City resident and a current fifth-grade student, or a current sixth-grade student at an elementary school that ends in sixth grade, to apply to DOE public middle schools.

All of the following students are welcome to apply:

- Current public district or charter school students, private school students, and parochial school students
- Students with accessibility needs—learn more in Section 8.1
- Students learning English—learn about English Language Learner (ELL) service delivery models in Section 8.2
- Students with disabilities—learn more in Sections 4.7 and 8.3
- Students in District 75 programs—learn more in Section 8.4
- Students in temporary housing—learn more in Section 8.5
- LGBTQ and gender nonconforming students—learn more in Section 8.6
- Students new to NYC public schools—learn more in Section 2.2

New Students

If you move to New York City during the school year and need to find a middle school now or if you missed the application deadline and need to enroll for next fall, visit our New Students page (schools.nyc.gov/NewStudents) to learn how to enroll.

1.3 Charter Schools

Charter schools are free public schools that are open to all New York City students and that operate independently from the Department of Education (DOE). Instead, charter schools operate under a performance contract, or charter, issued by a New York State authorizer. Charter schools are accountable for meeting specific academic goals and often try different approaches to ensure their students meet these goals.

Charter schools have a separate middle school application process. If you would like to apply to middle school at a charter school, please contact that school directly to learn about their enrollment and admissions.

Any student eligible for admission to a DOE public school is eligible for admission to a public charter school. For a list of charter middle schools in this district, turn to the back of this directory. Visit schools.nyc.gov/Charters or call 212-374-5419 for more general information about charter schools in New York City.
2.0 Apply to Middle School

2.1 How to Apply—Current NYC Public School Students

Submit your middle school application online by December 3, 2018. Visit schools.nyc.gov/Middle for the most up-to-date information on when and how to apply. When the application becomes available this fall, your child’s school will provide you with clear instructions on how to access it.

Need help?

- Talk to your child’s elementary school counselor
- Visit a Family Welcome Center—find locations at schools.nyc.gov/WelcomeCenters
- Call us at 718-935-2009

2.2 How to Apply—Private or Parochial School Students

If your child currently attends a private or parochial school but wants to apply to public school, apply to middle school by visiting a Family Welcome Center with your child. Find locations and hours at schools.nyc.gov/WelcomeCenters. Also visit the New Students page at schools.nyc.gov/NewStudents to learn how to enroll and learn what documents you need to register.

2.3 Your Child’s Information

If your child is a current NYC public school student, the middle school application will contain information about your child. Check to make sure each of the following is correct and complete—if not, tell your child’s school counselor immediately.

Student Information

- Your child’s full name, date of birth, current grade level, current school, and ID number
- Your child’s current address and, if applicable, your zoned middle school—learn if you have a zoned school at schools.nyc.gov/Find-a-School
- Your child’s academic record—learn more in Section 4.9
  - New York State ELA and math test scores and dates, if applicable
  - Final attendance report from the 2017-2018 school year
  - Final June 2018 report card grades
- A parent or guardian’s name and phone number
- Information about your child’s Individualized Education Program (IEP), if they have one—learn more about special education in Section 4.7
- Information about any accessibility needs—learn more in Section 8.1
- Information about any English Language Learner (ELL) services—learn more in Section 8.2

If your child has any extenuating circumstances regarding attendance, grades, or test scores, tell your counselor.
2.4 Middle School Program Choices

In your child's personalized online application, you will be able to see and explore every middle school program that they are eligible to apply for and, if they get an offer, to attend.

Your Choices

From these options, you can add up to 12 middle school programs to your child's application. Add the programs that interest you and your child the most and rank them in your true order of preference in the application. Ranking means choosing the program your child most wants to attend and placing it in the #1 spot in the application, placing their second choice in the #2 spot, and so on.

Tip:

Submitting a middle school application is your best opportunity for your child to get an offer to one of the schools you prefer, so be sure to make thoughtful choices. You may use your child's middle school application to apply to any programs they're eligible to attend.

Middle School Programs

The following district, boroughwide, and citywide programs will be listed on your child's middle school application:

- **District programs** at schools in the district where your family is zoned for middle school and, when different, in the district where your child attends public elementary school. Sometimes families are zoned for middle school in a different district than where they are zoned for elementary school—middle school zone determines eligibility for where a student may apply for middle school
- **Boroughwide programs** at schools with programs open to students in your borough
- **Citywide programs** at schools with programs open to all NYC students

Talent Tests

The following programs require talent tests as part of their admissions process. If you're interested in applying to any of these programs, register your child to take talent tests in two talent areas. Your child's school counselor can provide clear instructions on how to register for testing and apply to these programs as part of the online application process.

- **Mark Twain for the Gifted & Talented (IS 239)**: This middle school is open to all NYC residents—learn more in the back of this directory.
- **District 21 Talent Programs**: These programs are open only to students who go to school or are zoned for middle school in District 21.
3.0 Learn About Schools and Programs

3.1 School Pages

A school's page in this directory can help you decide if it might be a good place for your child.

Here is what a sample school page looks like. As you look at each section, consider how a school's offerings line up with your child's needs and interests. Are its courses and activities ones that your child enjoys, does well at, or would like to explore?

Please note that all of the information on a school page is from a previous school year and may change for the 2019-2020 school year. Contact schools directly for the most up-to-date information.

Learn the school's eligibility type: district (one or more programs open to district residents or students), boroughwide (one or more programs open to borough residents), or citywide (one or more programs open to all NYC students).

School name

The school's vision and what makes it special—does its goals line up with yours?

Programs offered

Programs and activities at this school may appeal to your child. Consider how a school's offerings line up with your child's needs and interests. Do its courses and activities ones that your child performs well at or would like to try?

3.2 Community Schools

Learn if a school of interest is a community school by looking in the School Life section of its page. Community schools offer an integrated focus on academics, health and wellness services, youth development, expanded learning opportunities like after-school and summer enrichment activities, and family and community supports to ensure that students are ready and able to learn, to graduate college, and to be career-ready. Each community school serves as a hub where parents/guardians and family members, community-based partners, community members, and school staff come together to coordinate and integrate a range of supports based on the assets and needs of individual students.

3.3 School Performance

Use this section of the school page to learn more about a school’s performance in terms of academics and safety. The sample below shows that 93% of students feel safe at this school, as reported on the NYC School Survey.

For more information on school performance, speak to your child's school counselor or search for a school at schools.nyc.gov/Find-a-School, where you can find details on any school's performance in their School Quality Reports.

3.4 Programs Offered

When your child applies to middle school, they are not just applying to schools—they are applying to programs. Think of a program as a doorway into the school. If a school has multiple programs, your child can apply to more than one program at that school. For instance, a middle school might have a zoned program and a Dual Language program; if your child were zoned for this school and also eligible for the Dual Language program, they might apply to the same school twice—one through each of these programs.

Each school page in this directory provides information about a school and its program or programs. As you explore schools, look for programs that could help your child learn and grow.

Use the Programs Offered section of a school page to learn more about your chances of getting an offer to a specific program.
### Explore a School

Look through the Middle School Directory school pages. Choose an eligible school that they are interested in applying to and attending. Fill in each box with information about that middle school.

Several factors play a role in how students get offers to middle schools. Some of these factors are ones you can control; others are determined by the school. Learning about all of these factors can help you make informed choices about where to apply. These are the factors:

**Your Application Choices**
The programs you add to your application and the order in which you place, or rank, them

**Your Information***
Where you live, your academic record, and/or other factors

**Applicants Per Seat**
The number of seats available for applicants and how popular the program is (demand)

**Admissions Priorities***
The order in which programs consider groups of applicants—learn which priority group you’re in for each program

**Admissions Methods**
What programs use to make offers to applicants

*Only for some programs

### 4.1 Your Application Choices

The most important factor in determining where your child goes to middle school is how you complete their middle school application. For your child's online application, you will see as options all the middle school programs that your child would be eligible to apply for and, if admitted, attend.

1. From these options, choose up to 12 programs that your child would like to attend. Add these programs to your child’s application—adding more choices increases your chances of getting an offer to one of those choices.

2. Then rank these programs from your favorite to least favorite. **Ranking** means placing your first-choice program in the #1 spot in the application, your second-choice program in the #2 spot, and so on.

   - Be sure to rank your choices in your true order of preference!
   - Adding more choices does NOT lower your chance of getting an offer to a top choice program. You have the same chance of getting an offer from your top choice whether you include only that choice or eleven additional choices below it.

Your child will get an offer from their highest possible choice considering the other factors discussed in this section.

### 4.2 Your Information

Some programs give an admissions priority (see **Section 4.4**) to students who live or attend school within a particular zone, district, or borough. Also, some programs use students’ academic records in admissions, so for these programs, your child’s performance matters. See **Section 4.8** to learn which programs use where your family lives or your child’s academic records in admissions.

**Tip:**
Programs at the same school may have different admissions priorities and admissions methods. You may decide to apply to one program over another based on this information.
4.3 Eligibility

Some programs in your district may be open only to students who live or go to school in a certain borough or district. Other program eligibility requirements might be based on gender, home language, or other factors. In the example below, this program’s eligibility is “Open to students and residents of Brooklyn.” This means that students who live or attend public elementary schools in Brooklyn will see this program as an option in their middle school application, but students who live or attend schools in other boroughs will not see or have it as an option.

Selection Criteria: Academic and Personal Behaviors - Attendance - Final 4th Grade Report Card - Punctuality - 4th Grade New York State ELA and Math Exams

4.4 Admissions Priorities

A program’s admissions priorities determine the order in which groups of applicants are considered for offers to each program.

- If a program has multiple admissions priorities, students are considered in groups, and all students in the first priority group will be considered first.
- If seats are available, students in the second priority group will be considered next, and so on.

If a student falls into priority group 1, they will have a better chance of getting into a particular program than students who fall into lower priority groups. Schools with more than one middle school program may have different admissions priorities for each program.

Look at the following example of admissions priorities on a school page.

Selection Criteria: Academic and Personal Behaviors - Attendance - Final 4th Grade Report Card - Punctuality - 4th Grade New York State ELA and Math Exams

Think about it this way.

![Priority Groups]

This means...

- Students in and residents of the district who ranked this program in their applications are in the first priority group. They will be considered first for any available seats.
- Students in and residents of Brooklyn are in the second priority group. They will be considered next for any available seats.
This section also includes the information that last year, applicants from both priority groups got offers from this program.

Here are some common admissions priorities used to determine offers:

<table>
<thead>
<tr>
<th>Admissions Priority (What It Says on the School Page)</th>
<th>What It Means</th>
</tr>
</thead>
<tbody>
<tr>
<td>Priority to continuing 5th graders</td>
<td>Students who currently attend a school that continues to eighth or twelfth grade are guaranteed an offer to continue attending that school if they add it to their middle school application. Students will first be considered for any programs that they placed higher in their applications. You do NOT need to rank your child's continuing school as your first choice to be guaranteed an offer there, but you do have to add it as one of your choices.</td>
</tr>
<tr>
<td>Priority to students and residents of the district</td>
<td>Students may have priority based on the district, borough, or geographic area where they live and/or go to public school. If a student lives and goes to public school in different boroughs or districts, that student has priority in both places.</td>
</tr>
<tr>
<td>Priority to students who attend an information session</td>
<td>Students who sign in at a program's open house or at the school's table at a fair are put in a higher priority group. This priority is connected to the limited unscreened admissions method (see Section 4.8).</td>
</tr>
<tr>
<td>Priority to students who apply and live in the zoned area</td>
<td>Students who are zoned to a middle school—or a campus containing multiple middle schools—have priority to attend that school or schools. To get this priority, be sure to add your zoned school to your child’s middle school application. You do NOT need to rank your zoned school as your first choice to get the priority. To find out if you have a zoned school or schools, check your application or visit schools.nyc.gov/Find-a-School.</td>
</tr>
</tbody>
</table>

**Tip:**
It is a good strategy to apply to programs where your child is in the highest priority group (the first priority group). The higher the priority group, the higher the chances of getting an offer to attend that program.

### 4.5 Diversity in Admissions Pilots

Middle schools across the city are participating in an effort to increase diversity in their programs.

The current list of schools participating in diversity pilots is available on our website—learn more at schools.nyc.gov/DiversityAdmissions.
4.6 Applicants Per Seat

Each middle school has a specific number of seats for sixth grade students. In the Prior Year Admissions section for each program, the number of seats shows how many students got offers from that program last year. The number of applicants per seat shows how many students applied for each of these seats—the higher the number of applicants per seat, the more popular or in-demand the program is.

In the example below, four students applied for each general education seat.

![Image showing the number of students and applicants per seat]

The number of applicants per seat may affect your child’s chances of getting an offer from that program. However, if a program you like has a high number of applicants per seat but is otherwise a good fit for your child, DO consider applying! Programs are not always as competitive as they seem. Some of last year’s applicants were not in a program’s first priority group and some applicants ranked other programs higher in their middle school application.

4.7 Seat Groups—General Education and Students with Disabilities

Seats are divided into two groups—general education and students with disabilities. Your child’s application will show which seat group they are in. It is not something you choose.

<table>
<thead>
<tr>
<th>Seat Group</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education Seats</td>
<td>For students who receive general education programming</td>
</tr>
<tr>
<td>Students with Disabilities Seats</td>
<td>For students who receive special education instructional programming* for more than 20% of their academic program as indicated on their current IEP</td>
</tr>
</tbody>
</table>

*Special education instructional programming includes Integrated Co-Teaching (ICT) classes, Special Class (SC), and Special Education Teacher Support Services (SETSS). Related services, such as speech, occupational therapy (OT), and physical therapy (PT), are not considered special education instructional programming for the purposes of middle school admissions.

Look at the program information on a school page to see how many seats that program reserves for each group. The number of general education and students with disabilities seats in each program is based on the percentage of fifth grade students with disabilities in that school’s district. These seat groups are used for admissions purposes only.

Every middle school program participating in middle school admissions is expected to welcome and serve students with disabilities in accordance with their Individualized Education Programs (IEPs). The IEP team at the middle school will review the IEP to ensure that all services and supports are in place. In some cases, the IEP team may refine the IEP to better meet student needs.

For more information, visit schools.nyc.gov and select the Special Education menu.
Admissions methods are the ways programs make offers to students. Admissions methods also describe what you need to do to be considered for a program. In most cases, all you have to do is add the program to your application. A school with multiple programs may have programs with different admissions methods, as in the following example:

*In accordance with New York State law, test results will not be the sole, primary, or major factor in admissions decisions. Instead, schools will use multiple measures to make admissions decisions.*
### 4.9 Selection Criteria

Programs that have a screened, screened language, or composite score admissions methods use specific selection criteria to make offers. Look at a program’s selection criteria on the school page to see which factors that program uses to admit students.

Admissions Priorities: 1 Priority to students and residents of the District 2 Then to students and residents of Brooklyn. Last year, this program admitted students from all priority groups. Selection Criteria: Academic and Personal Behaviors - Attendance - Final 4th Grade Report Card - Punctuality - 4th Grade New York State ELA and Math Exams

- **For screened or screened language programs:** These programs’ selection criteria tells you what their school uses to rank applicants—the example above shows selection criteria for a screened program.

- **For composite score programs:** These programs’ selection criteria tells you which information is used to create each applicant’s composite score.

The selection criteria for programs with screened or composite score admissions methods will tell you which of the following are used when ranking and scoring applicants:

- Final fourth grade report card
- Fourth grade New York State ELA and Math scores
- Attendance and punctuality from fourth grade
- Academic and personal behaviors, which are:
  - Manages time and consistently demonstrates effort to independently achieve goals
  - Works in an organized manner
  - Persists through challenges to complete a task by trying different strategies
  - Asks for help when needed
  - Respects school rules and works well in the school community

Academic and personal behaviors are usually part of the fourth grade report card. If your child’s school does not include them as part of the report card, ask school staff to provide this information.

Middle school admissions uses information from fourth grade to evaluate students for admission. School staff should not ask families to provide extra information in the form of report cards from additional years or separate recommendations from teachers.

**Tip:**

A program’s selection criteria can help you think about whether a program would be a good place for your child. For example, if your child has good grades and attendance but not good state exam scores, and a program looks at report card grades and attendance but not state exam scores, this selection criteria could work in your favor.
5.0 Go to Events and Visit Schools

Most of the middle school admissions process happens in the fall, between September and November. Create an admissions calendar to keep track of the dates and times of middle school fairs, open houses, school tours, and appointments for programs that require interviews, auditions, or on-site assessments.

5.1 Middle School Fairs

Attend the middle school fairs this fall. At these events, you can meet with representatives from different schools on the same day, in the same place. The middle school fairs for different districts will take place on different dates in October. Visit schools.nyc.gov/Middle for the latest news on when and where a district's middle school fair will be held.

**Tip:**
Remember to have your child sign in at each school table you visit. Signing in will increase your child's chances of getting offers from programs that use the limited unscreened admissions method.

5.2 School Visits

Visiting a school is the best way to explore if it would be a good place for your child. It's also a helpful way to test the commute and see how long the trip is from home. Contact schools directly to find out if they have special events or open house listings.

Use our website to find a specific school's open house or information session dates—visit schools.nyc.gov/Middle.

**Tip:**
When visiting schools, always ask questions. Use the activity in this section as a guide. On sign-in sheets, write your contact information clearly.
## Ask Questions at Middle School Events

When you speak with a school representative at a middle school fair or open house, try to ask one question from each box. Create your own questions to learn more about a school.

Tear out this page and bring it when you and your child visit schools and fairs.

Get Your Middle School Results

In April, you'll receive your child's middle school results. These results will include an offer based on your child's middle school application, and they may include a second offer from a new school or program. If your child receives two offers, you will have to choose between them.

Learn About Options After the Middle School Application

7.1 New Schools or Programs

If a new school or program is opening in your area, additional opportunities may be available for your child to apply to middle schools. If so, we'll invite you to apply to new programs when they're announced.

7.2 Appeals

Your middle school results letter will also include information about how to submit an appeal. If you want to try to change your child's middle school offer, you may choose up to three programs on the appeal. Appeals are granted if there is remaining space in the program and if your child meets the selection criteria. You should only submit an appeal for a program that you would prefer more than your child's middle school offer. If your appeal is granted, your child's middle school offer will be automatically updated to a program requested on the appeal. For more information on appeals, talk to your child's elementary school counselor.
8.0 Meeting Your Child’s Needs

8.1 Students with Accessibility Needs

We are committed to ensuring that our programs, services, and activities are accessible to staff, members of the school community, students, and family members with disabilities. Facilities categorized as fully accessible are all buildings constructed post-1992 or partially accessible buildings that have been assessed and where it was determined all programs and services are accessible. Partially accessible buildings allow for persons with mobility impairments to enter and exit the building, access most relevant programs, and have use of at least one restroom, but the entire building may not be accessible.

We continually assess all of our buildings to determine levels of accessibility and ways to improve it. For the most up-to-date information on school building accessibility, please visit our website (schools.nyc.gov/BuildingAccessibility) or contact the school directly. We encourage you to visit schools to learn more about their accessibility.

8.2 English Language Learners

All NYC public schools provide a range of supports and services for English Language Learners (ELLs) to develop their English proficiency and prepare them for success in school, college, and/or careers. We offer three ELL service delivery models in NYC public middle schools:

<table>
<thead>
<tr>
<th>Program</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dual Language (DL)</td>
<td>In Dual Language programs, students are taught in two languages: English and their home language, such as Spanish, Chinese, or French, among others. The goal of this program is for students to be able to read, write, and speak in both English and their home language. In Dual Language classes, the home language and English are used equally.</td>
</tr>
<tr>
<td>Transitional Bilingual Education (TBE)</td>
<td>Transitional Bilingual Education programs provide reading, writing, and other classes in English and in the student's home language. As students' English improves, time spent learning in English increases and time spent learning in the home language decreases. Once a student is no longer identified as an English Language Learner, they will exit the program.</td>
</tr>
<tr>
<td>English as a New Language (ENL)</td>
<td>English as a New Language programs, formerly called English as a Second Language or ESL, provide instruction in English with support in the students' home language so that they can learn to read, write, and speak English. Students in this program can come from many different language backgrounds, and English may be the only common language among them.</td>
</tr>
</tbody>
</table>

The school pages of this Middle School Directory indicate which of the ELL service delivery models above are currently offered in each middle school, based on school reported data.

All middle schools must provide the ELL Parent Survey and Program Selection Form at the parent orientation meeting which is offered to all newly-identified ELLs. If you do not receive this form, please request it from the school. You may use the form to indicate your preferred ELL service delivery model, even if your middle school does not currently offer it. Middle schools can open a Dual Language or Transitional Bilingual Education program when there are 15 or more ELLs who speak the same native language in any single grade whose parents/guardians request either program. In this way, families can request which ELL service delivery models are offered in their child's school.
For the most up-to-date information regarding ELL service delivery models, please contact schools directly. For more information about services and supports for English Language Learners (ELLs), call us at 212-323-9559 or visit schools.nyc.gov/ELL.

8.3 Testing Accommodations

If a student’s IEP shows testing accommodations, the accommodations will be provided when the student tests or auditions as long as the accommodations do not change the skills or content the test is measuring. If you are invited to participate in a test or audition, please be sure to work with your child’s elementary school to communicate your child’s needs and required supports and share documentation with the middle school as needed. Learn more about testing accommodations on our website (schools.nyc.gov)—type “Testing Accommodations” into the search bar.

8.4 Students in District 75 Programs

Students with disabilities who are recommended for and have attended a District 75 program and are considering a middle school outside of District 75 should work with their IEP team to determine whether the recommendation for District 75 for middle school is still appropriate.

- If the student’s IEP team determines that the student no longer needs District 75, then the student participates in middle school admissions through the current District 75 school.
- If a student’s IEP currently recommends a District 75 program and the IEP team determines that the student will continue in District 75 for middle school, the student will be notified of their District 75 middle school placement in May or June by their District 75 school.

8.5 Students in Temporary Housing

Students in temporary housing may apply to any of the programs included in their middle school application, even if their housing situation is uncertain. Students in temporary housing, as defined by The McKinney-Vento Homeless Assistance Act, are not required to submit documentation (including address, proof of date of birth, and immunization) in order to participate in an admissions process or enroll in school.

8.6 LGBTQ and Gender Nonconforming Students

Middle schools admit transgender and gender nonconforming students to programs and schools, including single-gender (female students only or male students only) programs, in accordance with their gender identity consistently asserted at school, regardless of sex assigned at birth. A transgender student interested in a single gender school should ask their school counselor to assist in the application process. Families can learn more at schools.nyc.gov/TransgenderStudentGuidelines.

8.7 School Location and Transportation

We offer transportation to middle school students based on these criteria:

- **Students in sixth grade** are provided with free transportation if they live one mile or more from the school; if they live closer than that but more than one half mile from the school, a half-fare MTA bus pass is available on request from their school. Free transportation is provided as either a yellow bus or a MetroCard. Students receive yellow busing if (i) their school has bus service, (ii) they live in the same school district as their school, and (iii) if a stop exists, or can be created. Stops cannot be created if they make the existing route longer than five miles, as measured through each stop to the school.
• **Students in seventh grade and above** are provided with MetroCards if they live one and a half miles or more from school. If they live closer than that but more than one half mile from school, a half-fare MTA bus pass is available on request from their school.

• **Students receiving special education services who are mandated to receive specialized transportation on their most recent IEP** are placed on bus routes to and from the school they attend. In addition, parents may request additional medical accommodations based on their child's special needs which may also affect the type of vehicle or route on which the student is placed.

For more information, call us at **718-392-8855** or visit [schools.nyc.gov/school-life/transportation/bus-eligibility](http://schools.nyc.gov/school-life/transportation/bus-eligibility).

### 8.8 Accountability

We collect information about school practices and outcomes, which can help identify each school’s strengths and areas for improvement.

This directory lists some of this information on school pages. The Performance section on each school page contains the following:

- **Course and test results**: The percentage of students who passed courses in the core subjects (English, math, social studies, and science), and the percentage of sixth, seventh, and eighth grade students who scored at Level 3 or 4 on the New York State ELA and Math tests

- **NYC School Survey results**: The percentage of students who feel safe in the hallways, bathrooms, locker rooms, and cafeteria as reported on the NYC School Survey

Average performance data for schools in this district during the 2016-2017 school year can be found in the [District Information and Map](http://schools.nyc.gov/Find-a-School) section of this directory.

If you have questions about this section, please speak to your school counselor or enter any school’s name in the search bar at [schools.nyc.gov/Find-a-School](http://schools.nyc.gov/Find-a-School)—click on the Data and Reports tab to find detailed information on each school’s performance in their School Quality Snapshot, School Quality Guide, and other reports.
Schools Can’t See How You Rank Them

Middle school programs in District 1 can no longer see how you ranked them in your child’s middle school application. A program will not know if it was your first or twelfth choice. This means that how you rank each middle school program will not affect how that program evaluates you. It is always a good idea to rank programs in your true order of preference.

What is the performance of a typical District 1 middle school?

- 95% of students passed core courses
- 48% of students scored at Level 3 or 4 on the State English Test
- 38% of students scored at Level 3 or 4 on the State Math Test
- 82% of students feel safe in the hallways, bathrooms, locker room, and cafeteria

The P.S. 34 Franklin Delano Roosevelt Middle School experience provides students the opportunities to develop as independent, critical thinkers immersed in rigorous instruction to promote college- and career-readiness skills. As we focus on teaching the whole child in a safe, nurturing environment we encourage positive social emotional growth and provide community service opportunities to enhance our students’ academic growth. Our school setting enables us to address students individual academic, social, and behavioral needs. We take students on field trips to universities, such as Harvard and Yale. As an adopted school by the District Attorney’s office, our students take trips to the courthouse and law firms. Some special programs we offer include: mock trial, peer mediation, student council, Book Club, basketball, volleyball, and flag football. We recognize student achievement monthly during assemblies for perfect attendance, Scholar of the Month, and Honor Roll. Honor students are rewarded with trips to go bowling and ice skating. Parents appreciate our supportive learning environment where teachers know the students well and expect the best from each student.

We are a community of learners focused on success. We encourage our students to take risks, to try their best, and to take advantage of the opportunities offered at our school. Our goal is to teach the whole child so they can be competitive and contributors in our world. We take pride in the small school community. Our students have a variety of leadership opportunities through student council, peer tutors, safety patrol, and book buddies with the lower grades. Our students have the opportunity to participate in a variety of after-school programs.

We are developing a culture of college-minded students and working with community members to create a challenging learning environment. Parents appreciate our family-like atmosphere and the bilingual, bi-cultural learning opportunity. Beginning school year 2019-2020, all students will be programmed in the Chinese English dual-language program in grades K-8. Core subjects such as Math, Chinese language arts, music, and dance may be delivered in both English and Mandarin Chinese on alternate schedules. Differentiation of Instruction will be implemented in all classes according to students’ Chinese language proficiency levels. All middle school students will have opportunity to participate in an Accelerated Math Program and Accelerated Science Program which will end with Integrated Algebra I Regents Exam, Living Environment Regents Exam, and Chinese Language Proficiency Exam in eighth grade.

Our mission at the Island School is to be relentless in our pursuit of the best ways to support student success. One way that we have done that—and will continue to do it—is by giving students a wide array of experiences so that they can identify areas of interest and talent and then develop those interests and talents into lifelong passions. Our faculty is committed to helping each of our children reach her/his full academic potential. We are developing a culture of college-minded students and working with community members to create a challenging learning environment. Parents like that we help identify and nurture their children's interest in the arts. Parents appreciate our partnerships with high schools such as Bard High School Early College.

University Neighborhood Middle School (UNMS) creates a progressive learning experience for students. We set high academic and social expectations. UNMS offers a project-based, interdisciplinary approach to learning. Our partners include New York University, Henry Street Settlement, and Third Street Music School. Parents appreciate the small class sizes, and the intelligence and responsiveness of staff. Students participating in our Next Generation Extended Learning Program at NYU will enjoy an extended school year at New York University. Students will engage in learning on the NYU campus with access to their resources. Students will participate in trips throughout the year. Extended learning opportunities are also available for parents and students on Saturdays through our partnership with Henry Street Settlement. All UNMS students are eligible for this program. Students who are admitted to the Next Generation Extended Learning Program will be automatically enrolled.

The School for Global Leaders is an innovative middle school known for providing students with rigorous academic, creative, and leadership opportunities. Families love our small class sizes, dynamic teaching team, and warm, flexible classroom environments. We make learning relevant to the real world, encouraging collaborative work and problem solving as students explore community and world issues. Twice a year Global Leaders self select Integrated Projects courses in which they work collaboratively on meaningful service-learning projects. Alongside a challenging and engaging core curriculum, we offer a robust Arts and elective program; students select at least one elective course a year from the following options: Coding, Integrated Algebra, Culinary, Gardening and Ecology, Weight Training, Dance, School Newspaper, Comic and Graphic Novel Arts, Chorus, Theatre, and Advance Visual Arts (HS Portfolio Intensive). In addition, partnerships with Lincoln Center Education and Broadway Junior help us provide high quality Arts education throughout the entire year to every child. Global Leaders is not only a school-we are a family who learns together, plays together, grows together and supports one another.

East Side Community School | 01M450

We are a grade 6-12 college preparatory academy with a challenging and engaging curriculum. Our teachers know the students well and address each student's individual needs. Students love our small class size, our amazing teachers, the sense of community, and the countless special programs we offer, including our free and extensive after-school tutoring, arts, sports, leadership, travel, and academic enrichment programs. Students also rave about the unparalleled selection of books. Parents appreciate the communication and personalized attention they receive at East Side and regularly comment on its private-school feel. Each student has an advisor who provides ongoing academic, social, and emotional support, and communicates regularly with the family. Students present and defend their work to committees twice a year through our portfolio roundtable presentations. Students cannot graduate without completing this rigorous and engaging process of authentic assessment.

New Explorations into Science, Technology, and Math (NEST+m) is a Citywide G&T K-12 school. Our academically rigorous program has made us one of the finest schools in the city. We are committed to developing each student's capacity for academic and intellectual achievement. We are committed to developing each student's capacity to learn both individually and collaboratively. We provide a range of services for students with disabilities including a full-inclusion program. NEST+m students blossom into practitioners: scientists, mathematicians, engineers, artists, writers, historians, musicians, painters, and linguists who approach their studies with passion and purpose.

Tompkins Square Middle School (TSMS) is a progressive public school serving a highly diverse community of students on the Lower East Side of Manhattan. TSMS is a community with high learning standards dedicated to fostering ethical, caring, self-reflecting, and critical thinkers. Students like the individualized attention alongside the feeling of community that is cultivated and strengthened by small-group advisory sessions. Families are also drawn to the remarkable diversity of the student body, the intelligence, warmth, and commitment of the staff, and the interdisciplinary, tech-savvy, project-based curriculum. TSMS has a longstanding history of sending well-prepared students to the strongest high schools in NYC.

All Manhattan students and residents may apply to middle schools in this section.
Sun Yat Sen Middle School (M.S. 131) | 02M131

M.S. 131 is a vibrant school community where all students are valued as individuals with many talents and expertise. Students are challenged in many ways. Throughout their middle school journey, students are encouraged to develop their voices in academics and through participation in school events and activities. Students are well supported by the teachers and administration in all areas. We use research-based best practices to ensure that all students achieve their best. Parents feel welcomed by a school that responds to their concerns and needs. We also offer a unique three-year arts program where students major in one of three areas: Visual Art, Dance, and Instrumental Music. We offer Mandarin Chinese as a foreign language. For families who are interested in the dual language program, we offer it in English and Mandarin at all three grade levels. There is one class per grade level. Students enrolling in this dual language program will develop their language proficiency in both of these languages by the end of eighth grade.

Lafayette Academy | 03M256

A rising star, M.S. 256 is a small school with approximately 150 students and is home to some of the most dynamic and engaged teachers in New York City. We are a community with a passion for educational excellence. Our school's size enables us to provide a supportive, diverse learning environment which fosters each student's academic, emotional, and athletic growth. Our successful French Dual Language Program, the only one in Manhattan, provides students from French dual-language programs and French native speakers the opportunity to further their study of French language arts and select content area courses in French. Recognizing the many developmental changes that middle school students face, we focus our practices and curriculum on supporting our students so they are ready to tackle the challenges of high school and beyond. We empower our students to become productive citizens and leaders in our school and all facets of their lives. Our graduates have been accepted into schools such as Brooklyn Tech, Beacon, Laguardia, NYC iSchool, NYC Museum School, Pace High School, and other high achieving high schools around the city.

Wadleigh Middle School is a warm and welcoming artistically rich environment. Our Scholars have the unique opportunity to receive three years of performing and visual arts instruction as they complete a rigorous Common Core-Aligned curriculum. Our performing arts courses include: visual arts, instrumental music, vocal music, dance, and theater arts. Middle school students perform alongside our high school students during the Fall, Winter, and Spring Showcases and other special events throughout the City. Wadleigh is distinctive in that it also exposes students to the arts via career and school fairs, cultural awareness events, arts competitions, school trips and other artistic events. Middle school students also participate in Early College Awareness activities and attend Wadleigh college tours and fairs. Our Scholars are also offered advanced elective courses in Regents Algebra and Regents Living Environment; and participate in varied sports, tutoring, and a wide choice of after-school programs. Wadleigh parents appreciate our family-like environment which allows their children to grow individually and excel academically and artistically.

Students appreciate our nurturing environment that addresses the needs of the whole student by providing real world experiences through special extracurricular and co-curricular activities, such as peer leadership groups and community service. An open-door policy welcomes parents and students and keeps communication clear in both directions. Parents also appreciate the intensive tutorials that students receive via extended-day, Saturday enrichment, and vacation test preparation courses.

We aim to provide a place where education has no limits and no boundaries. Our programs focus on performing arts, science exploration, and math enrichment. We combine core content instruction with exposure to the arts, including a visiting artist program, providing students with many opportunities for success. During their three years at Renaissance School of the Arts (RSA), students receive intensive training in their chosen arts field. Upon graduation, students are ready to audition for performing arts high schools, and will have a strong foundation in all of the arts. Through our partnerships, the arts are integrated into all academic curricula and culminate in students participating in a professional performance. At RSA, we are passionate about the arts and have designed a program that supports that passion.

The Young Women's Leadership School of East Harlem (TYWLS) is the first in a national network of excellent all-girls college prep schools. TYWLS nurtures the intellectual curiosity and creativity of young women by supporting the whole girl in order to maximize achievement and well-being. Our school is dedicated to creating a supportive and challenging environment, investing in each girl's potential to achieve in every area including math, science, and technology. Our supportive school culture includes daily advisory, after-school academic tutoring, and regular contact with parents. The Young Women's Leadership Network supports TYWLS with programs to help prepare our students for leadership in their communities. We have a full-time CollegeBound Initiative counselor on staff who guides students and parents through the process of visiting and choosing colleges, applying to college, and applying for financial aid. TYWLS maintains near perfect graduation and college acceptance rates.

At our school, students are actively engaged in learning tasks that develop critical thinking and problem-solving skills needed to succeed in college and beyond. We offer project-based learning by incorporating technology and involving students in multimedia presentations. Our staff collaborates to meet the diverse needs of students academically, socially, and emotionally. We partner with outside organizations to provide extracurricular and academic support services. Our curriculum is aligned to the New York State Common Core Standards, makes relevant connections to real-world experiences, and prepares students for college.

Excellence, both in character and scholarship, opens doors and provides a bridge to equality. Our scholars complete a challenging curriculum and work hard to develop their critical thinking, problem-solving, and questioning skills. Our young men give back to their communities through service opportunities. We prepare our young men for life after middle and high school. We believe that young men are best developed when being supported through uniting the work of dedicated educators, supportive families, and actively engaged mentors. We are focused and committed to the school's guiding principles of Academic Excellence, Mentoring, Leadership, Integrity, Character Development, and Community Service.

Adults at our school know each individual student's academic and social character and work hard to inspire students to learn. Students appreciate being a part of an environment where adults and students are mutually respectful. Parents love the multiple opportunities they are afforded to be involved in their child's education. The school focuses on communicating well with parents. Harbor Heights Middle School had a 97% attendance rate in 2014-2015. Based on our 2014-2015 Quality Snapshot, 100% of our parents are satisfied or very satisfied with the education their child receives and the opportunities parents have to be involved with their children's education.

All New York City residents may apply to middle schools in this section.
The Ella Baker School is a pre-K-8 public school located on the Upper East Side of Manhattan in the Julia Richman Education Complex. We are a non-catchment area school and accept students from all five boroughs. We serve a population of approximately 320 students from culturally diverse backgrounds. A critical aspect of Ella Baker's mission is to provide continuity in each child's school experience from kindergarten through eighth grade. It is our expectation that our students will continue with us through the eighth grade. We do not hold middle school tours, as it is rare that there are spots open in the upper grades.

The mission of P.S. 347 is to provide a joyful learning environment that celebrates the education, growth, and uniqueness of every student. An engaging and rigorous standards-based curriculum is offered in American Sign Language (ASL) and Standard English, and is supported in small classes that provide children the opportunity to achieve their personal best. Our staff is committed to inspiring and encouraging curiosity, empathy, and social awareness by developing higher-level thinking skills and exploring real world issues that extend into the community. By fostering a partnership with families, we support individual student goals to enable each child to become an independent and responsible lifelong learner, and prepare them for success in the journey to higher education. Middle School students at PS 347 are offered courses in American Sign Language, Deaf Culture, Dance and Art. Students also have opportunities to develop leadership skills by participating in the Student Council and student-led clubs such as our Gender and Sexuality Alliance. We also partner with Manhattan Youth to provide daily after-school programming for Middle School students.

The Institute for Collaborative Education (ICE) is a small, community-focused school where the needs and academic interests of our students come first. Teachers utilize a project-based curriculum that emphasizes student-centered inquiry, forming substantive arguments, written and oral presentations, and the active and ongoing exchange of ideas. At ICE, we encourage students to develop their own points of view and practice the intellectual disciplines of conducting formal research and defending complex academic arguments.

The Professional Performing Arts School (PPAS) partners with top rated New York City arts organizations to provide high quality training in the performing arts and a competitive academic program. In partnership with the theater company Waterwell, middle school students receive 90 minutes daily of acting, dance, and voice classes. Our curriculum provides students with the artistic and personal skills to be leaders in the field and in whatever profession they choose to pursue. PPAS middle school students are guaranteed a placement in one of the PPAS high school arts programs if they choose to stay. We provide a middle school experience that is well-rounded and considers every child’s interests, learning styles, and needs. Open auditions will be held for any interested candidate. Audition information can be found at the school website: ppasnyc.org.

Quest to Learn teachers make learning fun and challenging. We make learning fun. Teachers work with curriculum developers from the Institute of Play to design games that build academic and social skills. In ELA courses, students use table games to debate the strength of evidence; in math, students use a card game, Absolute Dash, to mix and match integer operations to gain the most points. As they build skills, students demonstrate their learning through collaborative, creative projects, taking a variety of roles from newscast producer to Revolutionary War spy to roller-coaster architect. We make learning challenging. At the end of each semester, middle school students participate in week-long design competitions. Instead of regular classes, students work in groups of 12 to create projects such as fashion shows, restaurants, and newspapers. We are inclusive in how we accept students into our school -- we do not screen. We are also inclusive in our programming within our walls -- we do not track. All students have small group advisory twice a week to build community and promote social-emotional learning. We challenge all students academically providing every 8th grade student with Earth Science and Algebra Regents courses.

The Anderson Middle School (AMS) provides a judicious combination of an accelerated and enriched curriculum for the distinct needs of gifted learners. Our upper grades are fully integrated within our highly successful K-8 school. With only two classes per grade, the relationship between students and teachers is personal and supportive. This smaller population fosters a strong sense of community. Guided by educators who recognize the needs of children with outstanding intellectual potential, we provide intimate, differentiated, and departmentalized instruction that encourages critical thinking, creative problem-solving, divergent thinking, research, independent study, collaboration, and self-evaluation. Parental involvement and support sustains the spirit and growth of AMS. The Anderson School seeks a diverse student population, including ICT students, and welcomes applications from across the five boroughs. Please visit our website to review our admissions rubric before applying.

The mission of the Special Music School is to teach musically gifted children through highly structured instrumental training and a standards-based academic program. The school prepares students for professional music careers while recognizing that not every student will choose such a career. The underlying philosophy of the Special Music School is the belief that music education for gifted pupils requires: 1) extensive opportunities to work one-to-one with an outstanding instrumental faculty; 2) a structured, sequential music curriculum; 3) opportunities to perform before audiences; and 4) interaction between general academics and musical studies. Our goal is to see each child reach his or her academic and musical potential. Our vision is that all students will become lifelong learners and critical thinkers in our caring and respectful learning environment. We encourage parental involvement in all aspects of the school.

At the Talented and Gifted School for Young Scholars, faculty, parents, and students work together to prepare students to develop to their full potential. We seek to inspire inquiry, creativity, and achievement for all of our students. We teach compassion, integrity, and respect for all humanity and cultivate lifelong learning. Through this collaborative effort, we promote physical and emotional well-being and develop each student's individual interests and talents. We provide a strong education program in which all students develop critical- and creative-thinking skills and design meaningful educational experiences to promote academic and personal growth. Our professional and supportive staff is sensitive to the needs of each student, dedicated to providing a quality education, and has a genuine love of children. We engage in ongoing self-evaluation that ensures that we are effectively working to achieve our own goals and those of the Department of Education.

The Manhattan East School for Arts & Academics will provide students with a rigorous 21st century liberal arts education in a safe and caring learning environment. Through this approach, we foster high academic expectations, knowledge of the arts, and respect for diversity and for self. Manhattan East is an inclusive, holistically screened school wherein the power and beauty of the whole community supports each student to the highest level of critical and creative thought. At Manhattan East, all students engage in a continuum of rigorous arts and academic courses, culminating in up to three Regents Level High School classes and the opportunity to specialize in an art form of choice. Teaching and learning at Manhattan East is a combination of progressive and traditional practices, with high levels of teacher facilitated student discourse (accountable talk) and a focus on high-school-preparedness and college- and career-readiness.

The Lenox Academy offers an academically accelerated program for middle school students. We provide a high-quality education within a learning environment that supports young learners. Lenox Academy’s rigorous academic program, coupled with a highly skilled and experienced staff, has proven successful. Many of our 8th grade students from the class of 2017 were accepted to specialized high schools. Most have received acceptances to select public high schools; others have accepted placements in private day and boarding schools through scholarships. Lenox Academy promotes academic excellence and challenges students to meet NYS standards with distinction. Over 90 percent of our students met standards [Level 3] or met standards with distinction [Level 4] on the 2016-2017 New York State Standardized exams. All of our seniors are administered the English Language Arts and Algebra I Common Core Regents, Living Environment Regents and Spanish Proficiency exams. Our SONYC after-school program offers expert instruction in martial arts, culinary arts, dance, theater, basketball, volleyball, and photography.

Sports: Basketball, Soccer, Volleyball
We offer an arts-enriched school environment. We want our students to see themselves as mathematicians, so we foster deep comprehension of math concepts by helping our students acquire habits of mind: persisting, questioning, communicating with precision and clarity, thinking flexibly, listening with understanding/empathy, and thinking interdependently. BSI students read diverse content and their writing includes feature articles, informational texts, comic books, interviews, persuasive essays, literary analysis, and literary criticism. We teach our students to engage technology, to think critically about what they see, and to be thoughtful about how they use technology to express their thoughts and ideas. Parents play a crucial role in both the daily life and long-term growth of BSI. Through a vital home/school connection, we build a learning community based on respect and cooperation. Our advisory program is critical to supporting the social and emotional needs of our students.

Students thrive in a community that blends academic rigor with visual and performing arts. Every student has a focus in one of our Talent programs: Art, Computer Science STEM, Creative Writing/Journalism, Dance, Drama, Instrumental Music (Strings or Winds), Media, Science, and Vocal Music. Parents appreciate the personalized attention of our mini-school cluster system. Teachers and support staff have time in their weekly schedule to collaborate with parents and caregivers to provide the best academic and social/emotional development for each student. Almost all graduates go on to NYC's Specialized High Schools and select programs. All students receive and utilize iPads and interactive digital curriculum throughout their courses.

Mission Statement: To prepare for colleges and careers of the 21st Century
Vision Statement: To engage the entire Scholars' Academy community in cultivating and celebrating well-rounded scholars and citizens equipped with the knowledge, skills, and attitudes to pursue success and happiness in the 21st Century

Scholars' Academy is a highly rigorous school earning “Well Developed” ratings on the Quality Review and “Excellent Ratings” on the School Quality Snapshot in every category: Rigorous Instruction, Collaborative Teachers, Supportive Environment, Effective School Leadership, Strong Family-Community Ties, and Trust. Scholars' Academy is an Innovation Zone Ambassador School. Scholars' Academy teachers and students leverage online learning tools to collaborate on group tasks which are standards-anchored, rigorous and engaging. Scholars' Academy follows the Scale-Up cooperative learning model used by many top universities such as MIT where students work in Triads; learning groups of three. All students are supported in completing three high school Regents courses in middle school (Algebra, Living Environment and Spanish). Students select an elective class based on their individual interests and talents which meets twice per week. Students have the opportunity to engage in sixteen advisory and retreat days per year focused on fostering positive peer bonds, increasing cultural understanding, enhancing social-emotional well being and dedicated time for reflection and enrichment.

HOW TO APPLY TO MARK TWAIN FOR THE GIFTED & TALENTED | 21K239

Mark Twain for the Gifted & Talented (I.S. 239) is a citywide school in Coney Island, Brooklyn, serving grades 6-8. Students are eligible to apply and test or audition for up to two talent areas.

You can apply and register your child to test or audition during the online middle school application process this fall.

- When you apply, select two talent areas for which you’d like your child to be tested. These talent areas include:
  - Art
  - Athletics
  - Computer/Math
  - Creative Writing/Journalism
  - Dance
  - Drama
  - Instrumental: Strings
  - Instrumental: Winds
  - Media
  - Science
  - Vocal Music

- Be sure to add these two programs to your child’s online middle school application and to place them in your true order of preference. Submit your child’s application by the December 3, 2018, deadline.

- Registered students will take talent tests in January or February. Students will receive a test ticket with their assigned test date and time. Applicants will be tested in each of their two talent areas. Testing will take place at Mark Twain, located at 2401 Neptune Avenue, Brooklyn, NY 11224, on one of these dates:

Students will be considered for offers based on how well they perform on the talent exams in comparison to other applicants.

HOW TO APPLY TO PROFESSIONAL PERFORMING ARTS SCHOOL | 02M408

Professional Performing Arts School (PPAS) is a citywide school in midtown Manhattan serving grades 6-12. The PPAS middle school theatrical arts program includes acting, singing, and dance instruction from professionals in these fields along with an accelerated academic program. Eligible students must be New York City residents when they apply.

Here’s how to help your child apply to and audition for PPAS:

- Add the PPAS program to your child’s online middle school application, and submit your application by the December 3, 2018, deadline. All students that have added PPAS to their middle school application are invited to audition.

- Help your child prepare for their PPAS audition. Learn what to prepare and where auditions will be held at ppasny.org.

- Bring your child to their audition on the date listed below for your last name—no ticket or confirmation is necessary.

Your Middle School Choices

Use this page to help prepare for your middle school application. List your program choices below in your true order of preference, with your first choice in the #1 spot, your second in the #2 spot, and so on. Bring this list when you meet with a counselor at your current school or a Family Welcome Center—find locations and hours at schools.nyc.gov/WelcomeCenters.

**TIP**
If you have a zoned school or are enrolled in a continuing K-8 school, it is always a good idea to consider adding that school to your application. You have a priority to get an offer to your zoned or continuing school if you do not get an offer to any programs that you ranked higher in your application. Remember that you do NOT have to place this school as your first choice to keep your priority.
