UPDATE!

Medgar Evers Preparatory School (17K590) is now a citywide school open to all NYC students. When the middle school application opens, learn more about Medgar Evers at myschools.nyc.
**Middle School Admissions TRUTHS**

1. **You can see all the programs your child can apply to when using the online application.**
   - **True!** The middle school application is personalized for your child; every option you see in the application is one to which your child is eligible to apply and, if admitted, to attend.

2. **Place your program choices in your true order of preference in the application.**
   - **True!** You will get an offer to your highest ranked program possible.

3. **Adding more programs to your application makes it more likely you’ll be matched to a program of your choice.**
   - **True!** You'll have the same chance of getting into a top choice no matter how many choices you place after it.

4. **For some schools, showing interest means signing in at the school's table at a middle school fair or at a school's open house or information session.**
   - **True!** Some programs with admissions methods such as limited unscreened give priority to students who show interest in the school.

5. **Students learning English can apply to all programs in this Middle School Directory.**
   - **True!** All New York City public middle schools provide English Language Learner (ELL) services for students. Read Section 8.2 in this directory to learn about our three types of ELL service delivery models offered in middle schools.

6. **Students with disabilities can apply to all programs in this Middle School Directory.**
   - **True!** All New York City public middle schools provide services for students with disabilities. Middle school programs have seats for students with disabilities.

---

**ABOUT THE COVER**

**Student:** Natalie Fernandez | **Teacher:** Izabela Nieznalski | **Principal:** Corey Prober

Each year, the NYC Department of Education and Cooper Hewitt, Smithsonian Design Museum partner on a cover design competition for public high school students. This directory's cover was designed by Natalie Fernandez, a student at the School of Cooperative Technical Education (Co-op Tech). Fernandez drew all of the sketches on this cover by hand; her design was inspired by all the middle school students who doodle in their notebooks and find ways to express themselves.
The information in this directory is accurate at the time of publication but may be subject to change. For the most up-to-date information, contact schools directly.

It is the policy of the New York City Department of Education to provide equal educational opportunities without regard to actual or perceived race, color, religion, age, creed, ethnicity, national origin, alienage, citizenship status, disability, weight, gender (sex) or sexual orientation, and to maintain an environment free of retaliation or harassment, including sexual harassment, on the basis of any of these grounds. Inquiries regarding compliance with this policy may be directed to: Director, Office of Equal Opportunity, 65 Court Street, Room 1102, Brooklyn, New York 11201. Telephone 718-935-3320 / Toll-free: 877-332-4845.

WELCOME TO MIDDLE SCHOOL ADMISSIONS

Middle school offers students opportunities to explore their interests, discover new subjects, and learn more about themselves. This fall, your child will apply to middle school using a personalized online application. They may apply to any programs they're eligible for, and they can apply to up to 12 programs.

Use this directory to learn about the middle schools that are open to students and residents of this district. Discover programs that meet your child's needs and interests, learn about middle school admissions, and find out what makes a good middle school application.

STAY ENGAGED WITH ADMISSIONS

Middle School Admissions Website | schools.nyc.gov/Middle | Get the latest updates, additional resources, and dates for middle school fairs and open houses.

Middle School Admissions Email List | schools.nyc.gov/Connect | Sign up for our email list to get admissions tips and key date reminders.

EXPLORE MIDDLE SCHOOLS

Find a School | schools.nyc.gov/Find-a-School | Learn about choices for your child's middle school application on your desktop or mobile device. Find out if you live in an area zoned to a particular middle school program.

Trip Planner | mta.info | Find the best route from home to school by subway or bus.

APPLY TO MIDDLE SCHOOL

Submit your middle school application online by December 3, 2018. Learn how to apply at schools.nyc.gov/Middle. Your child's school will provide clear instructions on how to access this application.

Need help?
- Talk to your child's elementary school counselor
- Visit a Family Welcome Center—find locations at schools.nyc.gov/WelcomeCenters
- Call us at 718-935-2009
There are five steps in the middle school admissions process. Use this directory as your guide.

1. **Understand your middle school options.**
   - Learn about the programs that your child would be eligible to attend if they applied and got an offer. These will include programs at district, boroughwide, and citywide schools.

2. **Find schools that interest your child and meet their needs.** Start exploring schools and programs in the fall of your child's fifth grade year.
   - Learn how to read a school page in [Section 3.0](#).
   - Use the **District Information and Map** section of this directory to read about specific admissions information for your school district and to see where middle schools are located.
   - Browse the school pages in this directory to learn about middle schools. Find out about specific programs and activities, and think about your child's daily commute.
   - Your child's elementary school counselor will provide clear directions on how to access your child's application and middle school options online. Use [schools.nyc.gov/Find-a-School](https://schools.nyc.gov/Find-a-School) to explore middle schools from your desktop or mobile device and to find out if you have a zoned school.
   - Choose the schools and programs that seem like the best choices for your child. Discuss this list with your child and their school counselor.

3. **Know your chances of getting an offer from a school of your choice.** Learn about seat groups, program demand, admissions priorities, admissions methods, and selection criteria in [Section 4.0](#).

4. **Create your own admissions calendar.** Use the Action Checklist on the next page as a guide. Go to middle school fairs and visit schools—learn more in [Section 5.0](#).

5. **Apply to middle school by December 3, 2018.**
   - Go to [schools.nyc.gov/Middle](https://schools.nyc.gov/Middle) for the most up-to-date information on how to apply. Your child’s elementary school counselor will provide a clear set of directions on how to access your child’s personalized application.
   - Add programs to your child’s online application and place them in your true order of preference. You can apply to up to 12 programs.
   - Submit your child’s middle school application by **December 3, 2018**. Learn more in [Section 2.0](#).
   - Get your child’s middle school offer in April—learn more in [Section 6.0](#).
# MIDDLE SCHOOL ACTION CHECKLIST

## SEPTEMBER
- Use the 2019 NYC Middle School Directory to make a list of programs that interest you and your child.
- Look at programs' admissions methods and any selection criteria to understand what factors schools use for admissions.
- Meet with your child's school counselor to discuss middle school admissions and options.
- Plan your admissions calendar for the fall—find each school's open house date on our website or by contacting schools directly.

## OCTOBER
- Attend the middle school fairs with your child. Check our website for up-to-date information on locations and times.
- Attend open houses.
- Access your child's middle school application online. Your child's elementary school counselor will provide a clear set of directions on how to access the application.
  - Review all student information for accuracy.
  - View your child's middle school options.
- For Mark Twain (IS 239) and District 21 Talent Programs: If you're interested, register to test as part of the online application process.

## NOVEMBER
- Work with a counselor at your child's current school to narrow or expand the list of programs where your child would like to apply.
- Think about how your child would commute to each school of interest.
- Review admissions priorities and admissions methods for each program.

## DECEMBER
- Submit your middle school application online by **December 3, 2018**. Learn how to apply at [schools.nyc.gov/Middle](http://schools.nyc.gov/Middle).
  - Add the middle school programs that you would like your child to attend to their application in your true order of preference. Place your first choice in the #1 position, your second at #2, and so on. You'll be able to apply to any programs that your child would be eligible to attend if they received an offer.
  - For Mark Twain (IS 239) and District 21 Talent Programs: If you're interested in these programs, register your child to test for them—the registration deadline is also **December 3, 2018**.

### Need help with your application?
- Talk to your child's elementary school counselor
- Visit a Family Welcome Center—find locations at [schools.nyc.gov/WelcomeCenters](http://schools.nyc.gov/WelcomeCenters)
- Call us at **718-935-2009**

## JANUARY – FEBRUARY
- For Screened Programs: Complete assessments or portfolios in **January or February** if/as required by specific middle school programs in your application.
- If you are eligible for any new programs opening in Fall 2019, we'll invite you to submit an application for these programs.

## APRIL – MAY
- Get your middle school results in **April**. Your child will get one offer based on their middle school application. If you are eligible and submit an application to new programs, your child may also get a new schools offer from one of them. If so, you will have to choose between these two offers. Learn more in **Section 7.0**.
- Respond to your results by **May** if action is required.
1.0 Understand the Path to Middle School

1.1 The Middle School Application

This fall, apply online to Department of Education (DOE) middle schools with just one personalized middle school application.

**Tip:**
Be sure to explore your options. Add and rank up to 12 middle school programs to your child's application! The middle school application is your best opportunity to get an offer to a school of your choice.

<table>
<thead>
<tr>
<th>October</th>
</tr>
</thead>
<tbody>
<tr>
<td>Access your child's personalized middle school application. Your elementary school counselor will give you a clear set of directions on how to apply.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>By December 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>Complete the application by adding up to 12 middle school programs and placing them in your true order of preference.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>April</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 offer</td>
</tr>
</tbody>
</table>

Submit your child's middle school application online by **December 3, 2018**. Visit [schools.nyc.gov/Middle](http://schools.nyc.gov/Middle) to get the most up-to-date information on when and how to apply. Then follow the directions from your child's current school to access their application online. In this personalized application, you will be able to see and explore every middle school program that your child is eligible to apply for and, if they get an offer, to attend. You can apply to up to 12 of these programs by adding them to your child's application and ranking them in your order of preference.

If you need help completing or submitting the application, visit your school counselor or a Family Welcome Center—find locations and hours at [schools.nyc.gov/WelcomeCenters](http://schools.nyc.gov/WelcomeCenters). In the spring, you will get your child's middle school results, which will include an offer to a middle school program. An offer means placement in that program for the following school year.

Your child may also be eligible to apply to new DOE schools or programs that were not part of the middle school application. If so, we will invite you to apply. If your child gets an offer to a new school or program, you will get to choose between their new school offer and their middle school application offer.
1.2 Who Can Apply?

Your child must be both a current New York City resident and a current fifth-grade student, or a current sixth-grade student at an elementary school that ends in sixth grade, to apply to DOE public middle schools.

All of the following students are welcome to apply:

- Current public district or charter school students, private school students, and parochial school students
- Students with accessibility needs—learn more in Section 8.1
- Students learning English—learn about English Language Learner (ELL) service delivery models in Section 8.2
- Students with disabilities—learn more in Sections 4.7 and 8.3
- Students in District 75 programs—learn more in Section 8.4
- Students in temporary housing—learn more in Section 8.5
- LGBTQ and gender nonconforming students—learn more in Section 8.6
- Students new to NYC public schools—learn more in Section 2.2

New Students

If you move to New York City during the school year and need to find a middle school now or if you missed the application deadline and need to enroll for next fall, visit our New Students page (schools.nyc.gov/NewStudents) to learn how to enroll.

1.3 Charter Schools

Charter schools are free public schools that are open to all New York City students and that operate independently from the Department of Education (DOE). Instead, charter schools operate under a performance contract, or charter, issued by a New York State authorizer. Charter schools are accountable for meeting specific academic goals and often try different approaches to ensure their students meet these goals.

Charter schools have a separate middle school application process. If you would like to apply to middle school at a charter school, please contact that school directly to learn about their enrollment and admissions.

Any student eligible for admission to a DOE public school is eligible for admission to a public charter school. For a list of charter middle schools in this district, turn to the back of this directory. Visit schools.nyc.gov/Charters or call 212-374-5419 for more general information about charter schools in New York City.
2.0 Apply to Middle School

2.1 How to Apply—Current NYC Public School Students

Submit your middle school application online by December 3, 2018. Visit schools.nyc.gov/Middle for the most up-to-date information on when and how to apply. When the application becomes available this fall, your child's school will provide you with clear instructions on how to access it.

Need help?
- Talk to your child's elementary school counselor
- Visit a Family Welcome Center—find locations at schools.nyc.gov/WelcomeCenters
- Call us at 718-935-2009

2.2 How to Apply—Private or Parochial School Students

If your child currently attends a private or parochial school but wants to apply to public school, apply to middle school by visiting a Family Welcome Center with your child. Find locations and hours at schools.nyc.gov/WelcomeCenters. Also visit the New Students page at schools.nyc.gov/NewStudents to learn how to enroll and learn what documents you need to register.

2.3 Your Child's Information

If your child is a current NYC public school student, the middle school application will contain information about your child. Check to make sure each of the following is correct and complete—if not, tell your child's school counselor immediately.

Student Information
- Your child's full name, date of birth, current grade level, current school, and ID number
- Your child's current address and, if applicable, your zoned middle school—learn if you have a zoned school at schools.nyc.gov/Find-a-School
- Your child's academic record—learn more in Section 4.9
  - New York State ELA and math test scores and dates, if applicable
  - Final attendance report from the 2017-2018 school year
  - Final June 2018 report card grades
- A parent or guardian's name and phone number
- Information about your child's Individualized Education Program (IEP), if they have one—learn more about special education in Section 4.7
- Information about any accessibility needs—learn more in Section 8.1
- Information about any English Language Learner (ELL) services—learn more in Section 8.2

If your child has any extenuating circumstances regarding attendance, grades, or test scores, tell your counselor.
2.4 Middle School Program Choices

In your child's personalized online application, you will be able to see and explore every middle school program that they are eligible to apply for and, if they get an offer, to attend.

Your Choices

From these options, you can add up to 12 middle school programs to your child's application. Add the programs that interest you and your child the most and rank them in your true order of preference in the application. Ranking means choosing the program your child most wants to attend and placing it in the #1 spot in the application, placing their second choice in the #2 spot, and so on.

Tip:

Submitting a middle school application is your best opportunity for your child to get an offer to one of the schools you prefer, so be sure to make thoughtful choices. You may use your child's middle school application to apply to any programs they're eligible to attend.

Middle School Programs

The following district, boroughwide, and citywide programs will be listed on your child's middle school application:

- **District programs** at schools in the district where your family is zoned for middle school and, when different, in the district where your child attends public elementary school. Sometimes families are zoned for middle school in a different district than where they are zoned for elementary school—middle school zone determines eligibility for where a student may apply for middle school
- **Boroughwide programs** at schools with programs open to students in your borough
- **Citywide programs** at schools with programs open to all NYC students

Talent Tests

The following programs require talent tests as part of their admissions process. If you're interested in applying to any of these programs, register your child to take talent tests in two talent areas. Your child's school counselor can provide clear instructions on how to register for testing and apply to these programs as part of the online application process.

- **Mark Twain for the Gifted & Talented (IS 239)**: This middle school is open to all NYC residents—learn more in the back of this directory.
- **District 21 Talent Programs**: These programs are open only to students who go to school or are zoned for middle school in District 21.
3.0 Learn About Schools and Programs

3.1 School Pages

A school’s page in this directory can help you decide if it might be a good place for your child. Here is what a sample school page looks like. As you look at each section, consider how a school’s offerings line up with your child’s needs and interests. Are its courses and activities ones that your child enjoys, does well at, or would like to explore?

Please note that all of the information on a school page is from a previous school year and may change for the 2019-2020 school year. Contact schools directly for the most up-to-date information.

Learn the school’s eligibility type: district (one or more programs open to district residents or students), boroughwide (one or more programs open to borough residents), or citywide (one or more programs open to all NYC students).

City Lane School (I.S. 123) | 99A123

- **Programs Offered**
  - **Zoned Program**
    - Program Eligibility: Open to students residing in the zone
    - Program Code: A1232
  - **Program Code: A1236**
    - Prior Year Admissions
      - Applicants: 225
      - Seats: 55
    - Applicants Per Seat: 4
    - Seats Filled: Yes

- **Programs Offered**
  - **Zoned Program**
    - Program Eligibility: Open to students residing in the zone
    - Program Code: A1232
  - **Program Code: A1236**
    - Prior Year Admissions
      - Applicants: 225
      - Seats: 55
    - Applicants Per Seat: 4
    - Seats Filled: Yes

- **Performance**
  - 99% of students passed core courses
  - 34% of students scored at Level 3 or 4 on the State English Test
  - 34% of students scored at Level 3 or 4 on the State Math Test

- **SCHOOL LIFE**
  - **Total Students:** 237
  - **Grades:** 6-8
  - **Community School:** Yes—Neighborhood Organization
  - **Uniform:** Yes
  - **School Day:** 8:30am - 2:30pm
  - **Extended Day:** Yes
  - **English Language Learner Program:** English as a New Language
  - **Community Service:** Yes
  - Summer Session: Yes
  - Weekend Program: Yes

- **ACADEMICS**
  - Language: French, Spanish
  - Accelerated: Algebra I, Living Environment
  - Elective: Chorus, Debate, Drama, Multimedia Production, Robotics

- **ACTIVITIES**
  - Book Club, Cheerleading, Chess Club, Dance, Leadership Club, Drama, Martial Arts, American Sign Language, Music, Production, Regents Preparation, Specialized High Schools Preparation Courses
  - CHAMPS Sports—Coed, Fitness Club, Volleyball, Sports: Baseball, Basketball, Tennis

Tip: When considering a middle school, think about how your child would commute to it. Use the map in the District Information and Map section of this directory to see the location of all public middle schools in this district, including middle schools from your child’s middle school application. For the most up-to-date public transportation information, use the MTA’s Trip Planner at mta.info. Learn more about transportation options for middle school students in Section 8.7.
3.2 Community Schools

Learn if a school of interest is a community school by looking in the School Life section of its page.

Community schools offer an integrated focus on academics, health and wellness services, youth development, expanded learning opportunities like after-school and summer enrichment activities, and family and community supports to ensure that students are ready and able to learn, to graduate college, and to be career-ready. Each community school serves as a hub where parents/guardians and family members, community-based partners, community members, and school staff come together to coordinate and integrate a range of supports based on the assets and needs of individual students.

3.3 School Performance

Use this section of the school page to learn more about a school’s performance in terms of academics and safety. The sample below shows that 93% of students feel safe at this school, as reported on the NYC School Survey.

For more information on school performance, speak to your child’s school counselor or search for a school at schools.nyc.gov/Find-a-School, where you can find details on any school’s performance in their School Quality Reports.

3.4 Programs Offered

When your child applies to middle school, they are not just applying to schools—they are applying to programs. Think of a program as a doorway into the school. If a school has multiple programs, your child can apply to more than one program at that school. For instance, a middle school might have a zoned program and a Dual Language program; if your child were zoned for this school and also eligible for the Dual Language program, they might apply to the same school twice—one through each of these programs.

Each school page in this directory provides information about a school and its program or programs. As you explore schools, look for programs that could help your child learn and grow.

Use the Programs Offered section of a school page to learn more about your chances of getting an offer to a specific program.
Look through the Middle School Directory school pages. Choose an eligible school that they are interested in applying to and attending. Fill in each box with information about that middle school.

Name of School: ____________________________

**How many students go to this school?**

**How would my child get to this school from where we live?**

**What phone number, email, or website can I use to get information on how to visit this school?**

**What time does a typical day start for sixth graders?**

**List two academic courses this school has that seem interesting.**

**List two activities this school has that seem interesting.**

**If there is more than one program at the school, which program(s) would you apply to? Why?**
Several factors play a role in how students get offers to middle schools. Some of these factors are ones you can control; others are determined by the school. Learning about all of these factors can help you make informed choices about where to apply. These are the factors:

- **Your Application Choices**
  - The programs you add to your application and the order in which you place, or rank, them

- **Your Information**
  - Where you live, your academic record, and/or other factors

- **Applicants Per Seat**
  - The number of seats available for applicants and how popular the program is (demand)

- **Admissions Priorities**
  - The order in which programs consider groups of applicants—learn which priority group you're in for each program

- **Admissions Methods**
  - What programs use to make offers to applicants

*Only for some programs

### 4.1 Your Application Choices

The most important factor in determining where your child goes to middle school is how you complete their middle school application. For your child's online application, you will see as options all the middle school programs that your child would be eligible to apply for and, if admitted, attend.

1. From these options, choose up to 12 programs that your child would like to attend. Add these programs to your child's application—adding more choices increases your chances of getting an offer to one of those choices.

2. Then rank these programs from your favorite to least favorite. **Ranking** means placing your first-choice program in the #1 spot in the application, your second-choice program in the #2 spot, and so on.

   - Be sure to rank your choices in your true order of preference!
   - Adding more choices does NOT lower your chance of getting an offer to a top choice program. You have the same chance of getting an offer from your top choice whether you include only that choice or eleven additional choices below it.

Your child will get an offer from their highest possible choice considering the other factors discussed in this section.

### 4.2 Your Information

Some programs give an admissions priority (see Section 4.4) to students who live or attend school within a particular zone, district, or borough. Also, some programs use students' academic records in admissions, so for these programs, your child's performance matters. See Section 4.8 to learn which programs use where your family lives or your child's academic records in admissions.

**Tip:** Programs at the same school may have different admissions priorities and admissions methods. You may decide to apply to one program over another based on this information.
4.3 Eligibility

Some programs in your district may be open only to students who live or go to school in a certain borough or district. Other program eligibility requirements might be based on gender, home language, or other factors. In the example below, this program’s eligibility is “Open to students and residents of Brooklyn.” This means that students who live or attend public elementary schools in Brooklyn will see this program as an option in their middle school application, but students who live or attend schools in other boroughs will not see or have it as an option.

4.4 Admissions Priorities

A program’s admissions priorities determine the order in which groups of applicants are considered for offers to each program.

- If a program has multiple admissions priorities, students are considered in groups, and all students in the first priority group will be considered first.

- If seats are available, students in the second priority group will be considered next, and so on.

If a student falls into priority group 1, they will have a better chance of getting into a particular program than students who fall into lower priority groups. Schools with more than one middle school program may have different admissions priorities for each program.

Look at the following example of admissions priorities on a school page.

Think about it this way.

This means...

- Students in and residents of the district who ranked this program in their applications are in the first priority group. They will be considered first for any available seats.

- Students in and residents of Brooklyn are in the second priority group. They will be considered next for any available seats.
This section also includes the information that last year, applicants from both priority groups got offers from this program.

Here are some common admissions priorities used to determine offers:

<table>
<thead>
<tr>
<th>Admissions Priority (What It Says on the School Page)</th>
<th>What It Means</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Priority to continuing 5th graders</strong></td>
<td>Students who currently attend a school that continues to eighth or twelfth grade are guaranteed an offer to continue attending that school if they add it to their middle school application. Students will first be considered for any programs that they placed higher in their applications. You do NOT need to rank your child's continuing school as your first choice to be guaranteed an offer there, but you do have to add it as one of your choices.</td>
</tr>
<tr>
<td><strong>Priority to students and residents of the district</strong></td>
<td>Students may have priority based on the district, borough, or geographic area where they live and/or go to public school. If a student lives and goes to public school in different boroughs or districts, that student has priority in both places.</td>
</tr>
<tr>
<td><strong>Priority to students who attend an information session</strong></td>
<td>Students who sign in at a program's open house or at the school's table at a fair are put in a higher priority group. This priority is connected to the limited unscreened admissions method (see Section 4.8).</td>
</tr>
<tr>
<td><strong>Priority to students who apply and live in the zoned area</strong></td>
<td>Students who are zoned to a middle school—or a campus containing multiple middle schools—have priority to attend that school or schools. To get this priority, be sure to add your zoned school to your child's middle school application. You do NOT need to rank your zoned school as your first choice to get the priority. To find out if you have a zoned school or schools, check your application or visit schools.nyc.gov/Find-a-School.</td>
</tr>
</tbody>
</table>

**Tip:**

It is a good strategy to apply to programs where your child is in the highest priority group (the first priority group). The higher the priority group, the higher the chances of getting an offer to attend that program.

### 4.5 Diversity in Admissions Pilots

Middle schools across the city are participating in an effort to increase diversity in their programs.

The current list of schools participating in diversity pilots is available on our website—learn more at schools.nyc.gov/DiversityAdmissions.
4.6 Applicants Per Seat

Each middle school has a specific number of seats for sixth grade students. In the Prior Year Admissions section for each program, the number of seats shows how many students got offers from that program last year. The number of applicants per seat shows how many students applied for each of these seats— the higher the number of applicants per seat, the more popular or in-demand the program is.

In the example below, four students applied for each general education seat.

The number of applicants per seat may affect your child’s chances of getting an offer from that program. However, if a program you like has a high number of applicants per seat but is otherwise a good fit for your child, DO consider applying! Programs are not always as competitive as they seem. Some of last year’s applicants were not in a program’s first priority group and some applicants ranked other programs higher in their middle school application.

4.7 Seat Groups—General Education and Students with Disabilities

Seats are divided into two groups—general education and students with disabilities. Your child’s application will show which seat group they are in. It is not something you choose.

<table>
<thead>
<tr>
<th>Seat Group</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education Seats</td>
<td>For students who receive general education programming</td>
</tr>
<tr>
<td>Students with Disabilities Seats</td>
<td>For students who receive special education instructional programming* for 20% or less of their academic program</td>
</tr>
<tr>
<td></td>
<td>For students who receive special education instructional programming* for more than 20% of their academic program as indicated on their current IEP</td>
</tr>
</tbody>
</table>

*Special education instructional programming includes Integrated Co-Teaching (ICT) classes, Special Class (SC), and Special Education Teacher Support Services (SETSS). Related services, such as speech, occupational therapy (OT), and physical therapy (PT), are not considered special education instructional programming for the purposes of middle school admissions.

Look at the program information on a school page to see how many seats that program reserves for each group. The number of general education and students with disabilities seats in each program is based on the percentage of fifth grade students with disabilities in that school’s district. These seat groups are used for admissions purposes only.

Every middle school program participating in middle school admissions is expected to welcome and serve students with disabilities in accordance with their Individualized Education Programs (IEPs). The IEP team at the middle school will review the IEP to ensure that all services and supports are in place. In some cases, the IEP team may refine the IEP to better meet student needs.

For more information, visit schools.nyc.gov and select the Special Education menu.
Admissions methods are the ways programs make offers to students. Admissions methods also describe what you need to do to be considered for a program. In most cases, all you have to do is add the program to your application. A school with multiple programs may have programs with different admissions methods, as in the following example:

**PROGRAMS OFFERED**

**(I.S. 123) Academic Honors Program**
- Admissions Method: screened
- Program Eligibility: Open to students and residents of Brooklyn

<table>
<thead>
<tr>
<th>Prior Year Admissions</th>
<th>Applicants</th>
<th>Seats</th>
<th>Applicants Per Seat</th>
<th>Seats Filled</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education</td>
<td>225</td>
<td>55</td>
<td>4</td>
<td>Yes</td>
</tr>
<tr>
<td>Students with Disabilities</td>
<td>75</td>
<td>18</td>
<td>4</td>
<td>Yes</td>
</tr>
</tbody>
</table>

Admissions Priorities: 1 Priority to students and residents of the District 2 Then to students and residents of Brooklyn. Last year, this program admitted students from all priority groups.

Selection Criteria: Academic and Personal Behaviors - Attendance - Final 4th Grade Report Card - Punctuality - 4th Grade New York State ELA and Math Exams

**(I.S. 123) Arts and Technology**
- Admissions Method: open
- Program Eligibility: Open to students and residents of District 16

<table>
<thead>
<tr>
<th>Prior Year Admissions</th>
<th>Applicants</th>
<th>Seats</th>
<th>Applicants Per Seat</th>

## What Your Child Needs to Do

<table>
<thead>
<tr>
<th>Open</th>
<th>Limited Unscreened</th>
<th>Zoned</th>
<th>Screened Language</th>
<th>Composite Score</th>
<th>Talent Test</th>
</tr>
</thead>
</table>
| 100% of offers are to students who are randomly selected. There's nothing you need to do before you apply. | Demonstrate interest in a school by going to events.  
- Sign in at an information session.  
- Sign in at a school tour.  
- Sign in at a school’s table at a middle school fair.  
- Confirm with the school that you will receive priority. |  
- Check your home address to see if you live in the zone—priority is given to these residents.  
- Check your school address to see if you go to school in the zone—priority is also given to these students. |  
- Review the program's information to make sure it would be of interest to your child.  
- Contact schools directly to learn if/how they give priority to English Language Learners.  
- Find out about the three models of English Language Learner programs in Section 8.2. |  
- Check this program's selection criteria on its school page to see what the school uses to assign composite scores. Also note how different programs weigh different selection criteria.  
- Discuss with your school counselor how competitive your grades and scores are. |  
- You must take the talent test to be considered for these programs. When you add any of these programs to your application, you'll be invited to schedule a testing date and time. |

## What Schools Use for Admissions

### Biographical Information
- Student name, home address, current school, gender, special education status

### Interest Shown in School
- For limited unscreened only

### Academic Record
- Schools rank applicants using factors that may include final report card grades from fourth grade, standardized test scores, internal assessments, and/or attendance and punctuality.

### English Language Learner Status
- For screened language only: home language, years living in the United States, current level of English proficiency, ELL services entitlement, previous enrollment in elementary school-level Dual Language and Transitional Bilingual Education programs in the target language.

### Talent Test Scores
- Students are given offers in descending order of talent test score only. Other criteria are not seen or used in admissions.
4.9 Selection Criteria

Programs that have a screened, screened language, or composite score admissions methods use specific selection criteria to make offers. Look at a program's selection criteria on the school page to see which factors that program uses to admit students.

- **For screened or screened language programs**: These programs' selection criteria tells you what their school uses to rank applicants—the example above shows selection criteria for a screened program.

- **For composite score programs**: These programs' selection criteria tells you which information is used to create each applicant's composite score.

The selection criteria for programs with screened or composite score admissions methods will tell you which of the following are used when ranking and scoring applicants

- Final fourth grade report card
- Fourth grade New York State ELA and Math scores
- Attendance and punctuality from fourth grade
- Academic and personal behaviors, which are:
  - Manages time and consistently demonstrates effort to independently achieve goals
  - Works in an organized manner
  - Persists through challenges to complete a task by trying different strategies
  - Asks for help when needed
  - Respects school rules and works well in the school community

Academic and personal behaviors are usually part of the fourth grade report card. If your child's school does not include them as part of the report card, ask school staff to provide this information.

Middle school admissions uses information from fourth grade to evaluate students for admission. School staff should not ask families to provide extra information in the form of report cards from additional years or separate recommendations from teachers.

**Tip:**
A program's selection criteria can help you think about whether a program would be a good place for your child. For example, if your child has good grades and attendance but not good state exam scores, and a program looks at report card grades and attendance but not state exam scores, this selection criteria could work in your favor.
Most of the middle school admissions process happens in the fall, between September and November. Create an admissions calendar to keep track of the dates and times of middle school fairs, open houses, school tours, and appointments for programs that require interviews, auditions, or on-site assessments.

5.1 Middle School Fairs

Attend the middle school fairs this fall. At these events, you can meet with representatives from different schools on the same day, in the same place. The middle school fairs for different districts will take place on different dates in October. Visit schools.nyc.gov/Middle for the latest news on when and where a district's middle school fair will be held.

Tip:
Remember to have your child sign in at each school table you visit. Signing in will increase your child's chances of getting offers from programs that use the limited unscreened admissions method.

5.2 School Visits

Visiting a school is the best way to explore if it would be a good place for your child. It's also a helpful way to test the commute and see how long the trip is from home. Contact schools directly to find out if they have special events or open house listings.

Use our website to find a specific school's open house or information session dates—visit schools.nyc.gov/Middle.

Tip:
When visiting schools, always ask questions. Use the activity in this section as a guide. On sign-in sheets, write your contact information clearly.
Ask Questions at Middle School Events

When you speak with a school representative at a middle school fair or open house, try to ask one question from each box. Create your own questions to learn more about a school.

Tear out this page and bring it when you and your child visit schools and fairs.

**School Culture**
How can my child get extra help with homework?
What makes your school special?

My question: ________________________________________________________________

**Sixth Grade Students**
What time does the day start and end for sixth grade students?
Are there activities just for students in sixth grade? If so, what are they?

My question: ______________________________________________________________

**Academics**
What are your most popular courses?
What makes your school’s courses different from those at other schools?

My question: ______________________________________________________________

**Activities**
What are some examples of clubs at your school?
When during a school day can students participate in activities?

My question: ______________________________________________________________

**Admissions**
Where can I sign in to show interest in a school?
To apply to this school, do we need to do anything besides adding it to the application?

My question: ______________________________________________________________
Get Your Middle School Results

In April, you'll receive your child's middle school results. These results will include an offer based on your child's middle school application, and they may include a second offer from a new school or program. If your child receives two offers, you will have to choose between them.

Learn About Options After the Middle School Application

7.1 New Schools or Programs

If a new school or program is opening in your area, additional opportunities may be available for your child to apply to middle schools. If so, we'll invite you to apply to new programs when they're announced.

7.2 Appeals

Your middle school results letter will also include information about how to submit an appeal. If you want to try to change your child's middle school offer, you may choose up to three programs on the appeal. Appeals are granted if there is remaining space in the program and if your child meets the selection criteria. You should only submit an appeal for a program that you would prefer more than your child's middle school offer. If your appeal is granted, your child's middle school offer will be automatically updated to a program requested on the appeal. For more information on appeals, talk to your child's elementary school counselor.
8.1 Students with Accessibility Needs

We are committed to ensuring that our programs, services, and activities are accessible to staff, members of the school community, students, and family members with disabilities. Facilities categorized as fully accessible are all buildings constructed post-1992 or partially accessible buildings that have been assessed and where it was determined all programs and services are accessible. Partially accessible buildings allow for persons with mobility impairments to enter and exit the building, access most relevant programs, and have use of at least one restroom, but the entire building may not be accessible.

We continually assess all of our buildings to determine levels of accessibility and ways to improve it. For the most up-to-date information on school building accessibility, please visit our website (schools.nyc.gov/BuildingAccessibility) or contact the school directly. We encourage you to visit schools to learn more about their accessibility.

8.2 English Language Learners

All NYC public schools provide a range of supports and services for English Language Learners (ELLs) to develop their English proficiency and prepare them for success in school, college, and/or careers. We offer three ELL service delivery models in NYC public middle schools:

<table>
<thead>
<tr>
<th>Program</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dual Language (DL)</td>
<td>In Dual Language programs, students are taught in two languages: English and their home language, such as Spanish, Chinese, or French, among others. The goal of this program is for students to be able to read, write, and speak in both English and their home language. In Dual Language classes, the home language and English are used equally.</td>
</tr>
<tr>
<td>Transitional Bilingual Education (TBE)</td>
<td>Transitional Bilingual Education programs provide reading, writing, and other classes in English and in the student’s home language. As students’ English improves, time spent learning in English increases and time spent learning in the home language decreases. Once a student is no longer identified as an English Language Learner, they will exit the program.</td>
</tr>
<tr>
<td>English as a New Language (ENL)</td>
<td>English as a New Language programs, formerly called English as a Second Language or ESL, provide instruction in English with support in the students’ home language so that they can learn to read, write, and speak English. Students in this program can come from many different language backgrounds, and English may be the only common language among them.</td>
</tr>
</tbody>
</table>

The school pages of this Middle School Directory indicate which of the ELL service delivery models above are currently offered in each middle school, based on school reported data.

All middle schools must provide the ELL Parent Survey and Program Selection Form at the parent orientation meeting which is offered to all newly-identified ELLs. If you do not receive this form, please request it from the school. You may use the form to indicate your preferred ELL service delivery model, even if your middle school does not currently offer it. Middle schools can open a Dual Language or Transitional Bilingual Education program when there are 15 or more ELLs who speak the same native language in any single grade whose parents/guardians request either program. In this way, families can request which ELL service delivery models are offered in their child’s school.
For the most up-to-date information regarding ELL service delivery models, please contact schools directly. For more information about services and supports for English Language Learners (ELLs), call us at 212-323-9559 or visit schools.nyc.gov/ELL.

8.3 Testing Accommodations

If a student's IEP shows testing accommodations, the accommodations will be provided when the student tests or auditions as long as the accommodations do not change the skills or content the test is measuring. If you are invited to participate in a test or audition, please be sure to work with your child's elementary school to communicate your child's needs and required supports and share documentation with the middle school as needed. Learn more about testing accommodations on our website (schools.nyc.gov)—type “Testing Accommodations” into the search bar.

8.4 Students in District 75 Programs

Students with disabilities who are recommended for and have attended a District 75 program and are considering a middle school outside of District 75 should work with their IEP team to determine whether the recommendation for District 75 for middle school is still appropriate.

- If the student’s IEP team determines that the student no longer needs District 75, then the student participates in middle school admissions through the current District 75 school.
- If a student’s IEP currently recommends a District 75 program and the IEP team determines that the student will continue in District 75 for middle school, the student will be notified of their District 75 middle school placement in May or June by their District 75 school.

8.5 Students in Temporary Housing

Students in temporary housing may apply to any of the programs included in their middle school application, even if their housing situation is uncertain. Students in temporary housing, as defined by The McKinney-Vento Homeless Assistance Act, are not required to submit documentation (including address, proof of date of birth, and immunization) in order to participate in an admissions process or enroll in school.

8.6 LGBTQ and Gender Nonconforming Students

Middle schools admit transgender and gender nonconforming students to programs and schools, including single-gender (female students only or male students only) programs, in accordance with their gender identity consistently asserted at school, regardless of sex assigned at birth. A transgender student interested in a single gender school should ask their school counselor to assist in the application process. Families can learn more at schools.nyc.gov/TransgenderStudentGuidelines.

8.7 School Location and Transportation

We offer transportation to middle school students based on these criteria:

- **Students in sixth grade** are provided with free transportation if they live one mile or more from the school; if they live closer than that but more than one half mile from the school, a half-fare MTA bus pass is available on request from their school. Free transportation is provided as either a yellow bus or a MetroCard. Students receive yellow busing if (i) their school has bus service, (ii) they live in the same school district as their school, and (iii) if a stop exists, or can be created. Stops cannot be created if they make the existing route longer than five miles, as measured through each stop to the school.
• **Students in seventh grade and above** are provided with MetroCards if they live one and a half miles or more from school. If they live closer than that but more than one half mile from school, a half-fare MTA bus pass is available on request from their school.

• **Students receiving special education services who are mandated to receive specialized transportation on their most recent IEP** are placed on bus routes to and from the school they attend. In addition, parents may request additional medical accommodations based on their child's special needs which may also affect the type of vehicle or route on which the student is placed.

For more information, call us at **718-392-8855** or visit [schools.nyc.gov/school-life/transportation/bus-eligibility](http://schools.nyc.gov/school-life/transportation/bus-eligibility).

### 8.8 Accountability

We collect information about school practices and outcomes, which can help identify each school's strengths and areas for improvement.

This directory lists some of this information on school pages. The Performance section on each school page contains the following:

- **Course and test results**: The percentage of students who passed courses in the core subjects (English, math, social studies, and science), and the percentage of sixth, seventh, and eighth grade students who scored at Level 3 or 4 on the New York State ELA and Math tests

- **NYC School Survey results**: The percentage of students who feel safe in the hallways, bathrooms, locker rooms, and cafeteria as reported on the NYC School Survey

Average performance data for schools in this district during the 2016-2017 school year can be found in the **District Information and Map** section of this directory.

If you have questions about this section, please speak to your school counselor or enter any school's name in the search bar at [schools.nyc.gov/Find-a-School](http://schools.nyc.gov/Find-a-School)—click on the Data and Reports tab to find detailed information on each school's performance in their School Quality Snapshot, School Quality Guide, and other reports.
Shared Programs with District 9

Districts 9 and 10 share a Middle School Admissions process. Many middle school programs in Districts 9 and 10 are open to students in both districts. When ranking programs on your child's Middle School Application, keep location in mind as some of the schools may be located far from where you live. Yellow bus transportation is not guaranteed, and students in District 10 are not eligible for busing to schools in District 9.

Multiple Zoned Schools

- Academy for Personal Leadership and Excellence
- The Creston Academy for Responsibility and Excellence (C.A.R.E.)
- East Fordham Academy for the Arts.

If your family is zoned to these schools, consider adding all three of them to your child's middle school application. If your child applies to all of their zoned schools and does not get an offer to a higher choice, they have a priority to attend one of them. However, if your child applies to only one or two of their zoned schools, they may not receive an offer to any of them.

Sixth Grade Students

District 10 includes one or more elementary schools that end in sixth grade. At these schools, both fifth and sixth grade students are eligible to apply to middle school. However, sixth grade students who are not in the final grade of their school are not eligible to apply.

What is the performance of a typical District 10 middle school?

- 93% of students passed core courses
- 25% of students scored at Level 3 or 4 on the State English Test
- 19% of students scored at Level 3 or 4 on the State Math Test
- 80% of students feel safe in the hallways, bathrooms, locker room, and cafeteria
District Schools

All students and residents of Districts 9 and 10 may apply to middle schools in this section.
P.S./M.S. 3 creates a community of learners that promotes high standards and outcomes for students. They will be able to reason, evaluate, and communicate informed judgments that reflect problem-solving skills, creativity, and critical thinking. Students’ experiences, languages, and cultures are at the core of the learning process at P.S./M.S. 3. Our students will become independent, motivated, and productive citizens who can participate in a pluralistic society.

P.S. X015 Institute for Environmental Learning

PS/MS 15 is an “Institute of Excellence”. We encourage the involvement of all constituents through collaborative decision making. Our focus is to build a “Community of Learners and Leaders”, by emphasizing the importance of academics, personal growth/development and high expectations. We encourage active participation and exploration. We strive to educate the whole child to excel in all areas. Our expectation is for every learner to reach their highest social, emotional and academic potential on their road to becoming college and career ready.

Our school offers various after-school programs such as Achieve Success Academy taking place during the week and Saturdays, DreamYard—Arts education used to support curriculum. NY Road Runners Program, Future Teachers Club, Literacy Inc. (Linc.), Perfect Attendance Pizza Parties, and Perfect Attendance End of Year Movie Night. Children’s Arts & Sciences Workshop Inc. runs in our school building and you can apply separately if you are a student of the school.
Students like our school because their academic and social skills are developed and celebrated. We have been focusing on having a growth mindset to become better students, sons, daughters, friends and members of our community. Parents like our school because they feel welcomed at all times. In addition, parents have expressed that they feel their child is in a safe, caring, academically-rich environment. We have a long-standing tradition of service to the Belmont community. We pride ourselves on offering honors classes for those students who meet the criteria. In addition, we have free standing ENL classes for our students newly arrived to our country. These classes focus on language acquisition as well as acquisition to a new school and country. For the coming school year, we will be able to open bilingual classes from grades 6-8. These classes will focus on project based learning for their language acquisition. MS 45 offers special classes such as technology and debate in addition to the standard content areas. We are fortunate enough to be able to support before and after school programs such as field hockey, student council, yearbook, gardening and photography, book clubs, fitness, soccer and homework help.

P.S./M.S. 95 cultivates a professional learning community where all adults are fully committed to developing student proficiency in all subject areas. We, the community of educators at P.S./M.S. 95, are committed to providing a risk-free learning environment so that students become lifelong learners who take ownership of their learning. We actively observe, engage, and assess our students by using formal and informal methods. By analyzing our data and by adapting our best teaching practices, we will differentiate instruction in order to meet the individual academic and social needs of our students. In taking such a holistic approach, every adult at P.S./M.S. 95 plays an active role in fulfilling every student’s unique potential.

The William W. Niles School, M.S. 118 has three academies: PACE—an accelerated program for gifted and talented students; Spectrum—an accelerated program for honors students; and Excellence—serving all students from the school zone and offering a general educational program with academic enrichment opportunities. This design allows staff and students to benefit from the advantages of smaller learning communities inside a larger school. As a large school, we are able to offer more types of arts electives, enrichment, and major partnerships that support college and career readiness. Because we have smaller academies, we are able to offer a personalized experience for all students with smaller teacher teams, an advisory program, a variety of celebrations and parent engagement activities, and dedicated teachers and counselors who know and connect with their students. Our high school guidance and preparation are outstanding; 9 out of 10 of all students are on track to graduate after 9th grade, and 24% of PACE’s graduates were admitted to a specialized high school in 2017. Our active PA and School Leadership Team help us to grow and improve. Our 2017 Quality Review recognized our excellent school culture and high expectations.

CHAMPS Sports—Coed: Fitness Club
Sports: Interacademy Basketball League
Our students enjoy attending school with friends from the community, learning with supportive teachers, participating in the diverse extracurricular activities and performances, and exploring their interests. Our school features after-school clubs, tutoring, celebrations, athletics, and activities (dances, family fundraisers, RKA Color Run, arts shows, film festival, car washes, spirit days, grade level trips, and events). Families appreciate sending their students to the same school for grades 6-12. They also value our extensive no-cost after-school program through a partnership with Riverdale Community Center of RNH. Each student receives a unique program based on his or her strengths and needs in individual subjects. We offer honors, general education, regents, ICT, SETSS, and self-contained courses so that all students have the best opportunity for success. We offer Math Through Technology, an introductory coding class for all MS students. Teachers use an electronic grade book called PupilPath to keep parents informed of student progress. We feature many social supports such as Tiger PRIDE and Lunch Bunches. The longevity of our staff and student population make our school a warm, friendly place which we are proud to call home.

At I.S. 206B, Ann Mersereau, we pride ourselves in knowing and supporting each child individually. Class sizes are small and the staff supports both the academic and social/emotional growth of every student. Our mission is to empower students to apply the knowledge and skills necessary to promote college and career readiness and achieve personal success. We have created a safe learning environment where students are encouraged to challenge, question, and think critically to solve real-world problems. We are committed to implementing a rigorous curriculum, differentiated to meet the needs of each student. We offer transitional bilingual education programs in English and Spanish as well as the Living Environment Regents course. At I.S. 206B, we value our strong partnerships with parents and community leaders by maintaining an open-door policy of communication. We have partnered with Middle School Quality Initiative and Bronx Community College in order to provide enrichment programs to our students. We also work collaboratively with Good Shepherd Services to run an extended school-day program focusing on academic services as well as art, music, leadership, competitive athletic programs, and STEM programs.

TAPCo is one of the first public STEAM (science, technology, engineering, arts, math) schools in NYC. We provide a strong academic program and the opportunity for students to explore all of the arts. In high school, students can study dance, instrumental or vocal music, drama, or visual studies. Students and parents appreciate our family-like atmosphere, our many different activities, and our strong, supportive staff. TAPCo has a dance studio, full-sized auditorium, a theater-scene shop, a video production studio, two chorus rooms, and an art room. We partner with the 92nd St. YMCA and Lincoln Center. Our college acceptance rate is 99% with over $1.5 million in student scholarships and grants. We communicate with families through our school website, morning announcements, student meetings with their staff agents, town hall meetings, an open-door policy for the administration, and our parent association. TAPCo was cited as a hidden gem in New York City’s Best Public Middle Schools: A Parent’s Guide. We will also be the only school in the city that offers a rooftop garden/outdoor performance space as a learning environment for our school community.

ACTIVITIES

We have a longstanding after-school partnership with Sports and Arts Foundation (SASF), which provides academics and recreation for our Middle Students until 5:30 pm, on Saturdays, and during holiday breaks. TAPCo Middle School Teachers are employed by SASF so students have a real connection personally and academically during after-school. We also have a very active running club, and will be having a school band (Latin Jazz focus) in the 2018-2019 school year.

Sports: Basketball, Flag Football, Soccer, Softball, Volleyball
At Jonas Bronck Academy (JBA), our students become scholars and their families become part of our larger JBA family. We create an environment where scholars challenge, question, and learn to think critically. We nurture the safe haven where scholars feel secure, supported, and understand the importance of community. JBA is a school where we model respect, integrity, and dignity for everyone so that the children we serve have professional role models. Parents and guardians are our partners and their presence in our school and their support at home are critical and essential to each scholar’s success. We work to prepare scholars to live the future of their dreams. JBA is the opportunity of a lifetime.

Parents and students agree that our school feels like a family. Upon entering the school, it is abundantly apparent that respect for each other and for learning is of utmost importance. The efforts of all school personnel create a climate in which learning is valued. Parents appreciate the consideration and motivation that promotes learning. As one parent said: “Our kids like school. It motivates us as parents to get involved.” Parents appreciate the wealth of information they receive about their children’s progress.

The New School for Leadership and The Arts (NSLA) is committed to providing every student with an academically rich and engaging curriculum. We strive to present our students with a middle school experience that prepares them for the best high schools, colleges, and careers. To do so, our school creates an enriching learning environment that nurtures leadership development and artistic exploration. Students are provided opportunities to demonstrate their talents through performances, art exhibits, science labs, and participation in various city events. Students at NSLA also benefit from experiencing technology integrated into their classes and opportunities to learn outside of the classroom through various trips within and outside of the city. To support our mission, each student is assigned a school counselor in sixth grade who works with the student, parents, and teachers to ensure a successful middle school experience.

Students enjoy our family-like atmosphere and small classroom setting. Teachers are readily accessible to students before, during, and after school. Our school features a variety of academic and recreational programs, including after-school varsity sports and arts programs. Parents enjoy having access to teachers, guidance counselors, administrators, and school staff. Parents are invited to school events to learn about their child's academic, social, and emotional progress. Our school conducts special outreach to parents of students with a variety of learning needs. Beyond the required academic courses, students participate in a variety of extracurricular classes such as career development and sports. Our school also collaborates with a number of community organizations such as Fordham University, Manhattan College, Bronx Community College, Lehman College, and Bronx Institute (GEARUP). Unique education programs at TEAM 254: STEM Lab, two state-of-the-art science labs, one business-like Mac lab, Middle School Quality Initiative, Facing History, drama/theater program, Arts in the Middle, Lincoln Center, and Arthur Miller Partner. Regents offered in Algebra and Living Environment. CBO program partner is Community Association of Progressive Dominicans

Bronx Dance Academy has clearly defined and measurable high expectations for academic and artistic achievement. We expect our students to be in school on time and to respect themselves, their classmates, all adults, the building, and the community in which our school is located. Students, parents, teachers, and staff create and reinforce a culture of achievement and support through a range of formal and informal rewards and recognition for academic performance and artistic excellence.

We offer an academically challenging curriculum that prepares students for high school and beyond. Many of our students have been accepted to prestigious programs, such as TEAK Fellowships. We offer a transitional bilingual program for students who are new to the country (zero to three years in the country). We also offer specific tutoring for students with individual needs. At the Bronx School of Young Leaders our mission is to “enjoy and improve the world”. We have many special programs aligned to our mission at the school. Students work hard to be Super Scholars and attend special trips when they qualify by having 85% or higher in all of their classes. We have a wonderful attendance rate, higher than the city average, and we take students with perfect attendance on special field trips. So many extracurricular opportunities are available including: dance, music, visual arts, basketball, baseball, soccer, computer science, sign language, spoken word, chess, documentary film, and volleyball. We offer several programs on Saturdays through our CBO, Fordham University. Parents attend classes in English as a New Language and fitness. We are a community school and we always welcome the ideas of parents, students, and community members.

At the International School for Liberal Arts (ISLA), it is our vision, as a Community Learning School, to support our students academically and holistically. We educate students, their families, and our school community in order to develop successful, productive, multicultural citizens who are college and career ready. We nurture our students to become fully functional in both English and their native language, Spanish. We believe our students are assets to the community and will serve as role models who respect and are proud of their own culture as well as the culture of others. ISLA is designed to foster success for all students.

The Academy for Personal Leadership and Excellence (APLE) gives students opportunities to participate in community service learning projects, and uses technology such as SMART Boards and iPads to showcase these projects. Students like our special programs and enrichment classes that encourage participation and teamwork. Each student who enrolls at APLE receives their own Chromebook which they use for their three years in middle school.

Parents like our school’s commitment to developing leadership skills and social awareness through a Common Core Learning Standards academic program. Parents also like the individual attention students receive from teachers who help them create, monitor, and achieve academic goals. APLE promotes positive communication and engagement through our offering of educational workshops and various community including morning- and after-school programs, Saturday Academy, parent workshops, and assemblies. Our building houses a state-of-the-art dance room, fitness center, spinning room and newly renovated swimming pool. Our school playground is equipped with six basketball hoops and one full court.

IN-Tech Academy is committed to developing students' critical thinking and expanding their facility with technology. Teachers engage students in a vigorous academic curriculum so they can become independent learners and achieve mastery of the Common Core Learning Standards. Middle school students receive individualized programs geared to their strengths and needs, giving them opportunities to take advanced courses in core subjects and foreign language. IN-Tech offers an array of non-academic opportunities for students to explore after school and on Saturdays such as sports, clubs, and the production of the morning news video. Our parents play an active role in the Parent Teacher Association and School Leadership Team, and are regularly informed of school events and student progress via PupilPath, SchoolMessenger, and the school's website. Most importantly, parents and students value our school's safe and nurturing environment. We have collaborative partnerships with the Riverdale Neighborhood House, foundations, private schools, and colleges.

At Middle School 390, we offer a variety of exciting and engaging extracurricular activities which keep our students interested in school. Our school culture emphasizes student social-emotional development empowering students to make positive decisions and develop leadership skills through the implementation of the 7 Habits of Highly Effective People- Leader In Me process. We foster strong relationships with our families while maintaining consistent communication about our students’ progress. Each class is 100% equipped with high quality technology (one-to-one iPads and laptops). We are part of the Middle School Quality Initiative and Learning Partners Program. In addition, we offer dual language and transitional bilingual programs in English and Spanish, as well as an Honors/Regents Program designed to provide students with the opportunity to participate in Regents courses in the eighth grade (Algebra, US History, and Living Environment). Thus, maximizing opportunities for college and career readiness. Our ideal students will be committed to engage in a rigorous curriculum and participate in our high school and college prep programs (Cornell University-Juntos Program, Lehman College- GEAR UP, BCC- STEM, TRIO, STEP, and LPP).

As a Community School, our role is to build and solidify a successful, culturally responsive environment that demonstrates genuine care for our scholars and community. We continue to develop instructional practices that engage students at their level to grow towards standards setting work. We strive to include children in academic discussions with teachers and parents through Student Led Conferences. Growing and encouraging the sharing of scholars’ voice is our communities future. We expect parent to be actively engaged in their scholar’s learning by attending each Student Led Conference and other family learning activities. With this engagement, families see how scholars are striving for excellence in completing projects and celebrating their accomplishments. Parents are encouraged and expected to monitor their child’s academic progress through the use of our online grading system, PupilPath. Students also experience the integration of technology into their content areas as we move further into a multi-media world. Our enrichment activities encourage student choice of programming including: chess, scrabble, regents living environment, regents Algebra, theater, band and hip hop therapy to enrich their learning.

Our middle school was established to promote and nurture a culture of high expectations that enables our students to succeed in their school lives and beyond. We provide a Common Core Learning Standards-Aligned curriculum to best prepare all of our students for college- and career-readiness. Our school community is focused on the implementation of a rigorous curriculum, differentiated to meet the diverse needs and strengths of our students. We celebrate a learning environment that is designed to foster and motivate our students through four essential beliefs: belonging, mastery, independence, and generosity. We value parents as our partners as we work together to achieve the mission and vision that we share for our school. Structures for frequent, clear, welcoming, and respectful communication enhance our home-school connections.

East Fordham Academy for the Arts is a collaborative community where building relationships with students and families comes first. We believe rigorous instruction, social emotional development, and the arts are the cornerstones which will enable our students to succeed in college, careers, and in life. We are “Where Arts and Academics Meet in Excellence.” We believe students learn best when they are in a safe and secure environment, with teachers who extend their thinking by asking challenging questions and designing tasks with real world applications. Our students are supported through advisory, allowing the students to build a trusting relationship with an adult. We offer student choice in the arts, so the students can focus on majoring in one of the following art programs: Visual Arts, Music, Dance or Theater. Our belief in the importance of the arts helps our students experience Broadway, compete in competitions, and perform in dances. To celebrate our students’ success, we plan multiple trips throughout the year to Yankee stadium, apple picking, ice-skating, Six Flags, and college sporting events. For our graduating class, we plan a week of celebration activities like prom, an overnight field trip, breakfast, and barbecue.

Shared Programs with District 10

Districts 9 and 10 share a middle school admissions process. This means that many middle school programs in Districts 9 and 10 are open to students in both districts. When adding programs to your child’s middle school application, keep location in mind: some schools may be located far from where you live. Yellow bus transportation is not guaranteed, and students in District 9 are not eligible for busing to schools in District 10.

Multiple Zoned Schools

In District 9, some families have two zoned schools. Each of the following pairs of middle schools shares a zone:

- The Academy School (M.S. 232) and The Leadership & Community Service Academy (I.S. 303)
- Jordan L. Mott (J.H.S. 22) and Bronx Writing Academy
- School of Leadership Development (I.S. 313) and School of Communication Technology (M.S. 339)

If your family is zoned for one of these pairs of schools, consider adding both of them to your child’s middle school application. If your child applies to both of their zoned schools and does not get an offer to a higher choice, they have a priority to attend one of them. However, if your child applies to only one of their zoned schools, they may not receive an offer to either.

What is the performance of a typical District 9 middle school?

- 89% of students passed core courses
- 18% of students scored at Level 3 or 4 on the State English Test
- 12% of students scored at Level 3 or 4 on the State Math Test
- 79% of students feel safe in the hallways, bathrooms, locker room, and cafeteria

All students and residents of Districts 9 and 10 may apply to middle schools in this section.
P.S./M.S. 4 is a school where scholars come first. Our vision is to create a culture of self-reflective scholars who use learning opportunities to develop a global awareness of the world. The school society, comprised of parents, guardians, students, teachers, and staff, makes a combined effort to provide an educational experience that teaches the whole child. We acknowledge students’ mental, social, emotional, and physical needs. Our mission at P.S./M.S. 4 is to devise and implement a comprehensive educational program that encompasses all members of the community and actively engages them in real world experiences, technological advances, and meaningful discourse. The fundamental components consist of data analysis, goal-setting, teacher teams, reflective practitioners, authentic professional development, parental involvement, and the establishment of societal norms.

Our Mission at the Wade Academies M.S. 117 is to provide a safe, nurturing, educational community that develops the whole child through implementation of rigorous, CCLS-Aligned instruction as well as systems and structures that support the social and emotional needs of adolescents. We celebrate perfect and most improved attendance with monthly rewards and incentives. Students have the opportunity to showcase their talents at our Winter Wonderland Show, Cultural Dance Show and the end of the year Wade Idol. We host Annual Career Day. All students are allowed to select up to three clubs they would like for the school year. We have four Academies within our school: New Horizons, World Culture, Social Justice, College and Career Explorations.

Our students enjoy our small environment where they are treated like family. We celebrate our students’ talents through science and curriculum fairs, talent showcases, and cultural celebrations. Students like our SMART Boards and computers in each classroom, laptop carts for each grade, and computer lab. Parents embrace our challenging academic experiences and high standards. We offer families tools to support their children, including weekly progress reports and an online gradebook. We work closely with our PTA to offer events that celebrate our community and showcase our students’ talents. Our school is proud to have proficiency scores in ELA and math that nearly triple district averages. We were listed as “Among the Best” middle schools by the NY Daily News in 2012. We have been profiled in each edition of New York City’s Best Public Middle Schools: A Parent’s Guide. Our graduates regularly gain acceptance into highly competitive specialized, private, and parochial high schools.

The Knowledge and Power Preparatory Academy (KAPPA) was modeled after KIPP Charter School, in partnership with Replications, Inc., which was founded by John Elwell. KAPPA is a college preparatory school that provides its scholars with a rigorous education in all academic subjects. Eighth grade students are given the opportunity to take the Living Environment Regents and Algebra Regents. Our scholars are given opportunities to participate in the annual Top Scholar Tour. This special program is designed to expose students to higher education opportunities, domestic and international travel, historical landmarks and cultural institutions. Our scholars participate in academic competitions such as: annual Spelling Bee, annual KAPPA Math Competition, Pi5NY Math Competition, annual STEM Fair and local art competitions. We also host special events such as: School Spirit Night, Carnival Night and March Madness. We facilitate school service activities such as: Chef-Boy-Ar-Dee Day, toy drives, water drives, coat drives and other community based projects. We are dedicated to preparing our scholars to being “Tomorrow’s Leaders and Problem Solvers.”

Elective: Art

ACTIVITIES

Archonettes and Amicettes Club, Health Ambassadors Club, Student Government, Xposure After-School Program, Yearbook Committee
Sports: Basketball, Soccer
Students at P.S./I.S. 218 spend half of their time learning content information in English and the other half learning in Spanish. We are a K-8 Dual Language School. Our goal is to have students become biliterate, meaning that they can engage in academic work in both languages. Additionally, our middle school students are given accelerated instruction in mathematics and science in anticipation of taking the Algebra I and Living Environment Regents in the eighth grade. And, through a wide variety of experiences, students view the world through a global perspective. Whether communicating with college students abroad or conducting research for a company like Time Inc., our students use the skills learned in the classroom in authentic ways. Students thrive in an environment that enables them to be productive citizens who respect and embrace linguistic and cultural differences. Parents enjoy a welcoming environment which encourages them to participate in the education of their children. They embrace the high expectations of our teachers, and work alongside us to foster well-rounded young adults. The school also encourages parents’ personal growth by providing workshops on current topics.

Our mission is to create a rigorous learning environment that encourages students to express and achieve their greatest potential while seamlessly integrating the Common Core Learning Standards. We deliver a diverse and integrated curriculum that reaches across all disciplines at all grade levels. Students are encouraged to meet academic challenges with openness, critical thinking, and creative problem solving. We promote an atmosphere of cooperation and a can-do spirit with respect for individual differences and community values. We strive to have our parents, teachers, and community members actively involved in making students' middle school experience as fulfilling as possible.

The mission of the Eagle Academy for Young Men is to develop young men committed to the pursuit of academic excellence, strong character, and responsible leadership. We are a college-preparatory school focused and committed to the school’s guiding principles of academic excellence, mentoring, leadership, integrity, character development, and community service. We are part of a network of six all-male schools across the New York City area which work in collaboration to support the needs of our community and our young men. Our scholars are provided rigorous academic opportunities, offering Regents courses in the middle school and intensive reading interventions though the Middle School Quality Initiative. We partner with parents to educate the whole child and provide regular community-based parent workshops open to all families. We prepare our students to join the ranks of future leaders in society. Our scholars are expected to conduct themselves professionally, wear uniforms, and participate in cultural rituals as part of their normal school routines. Successful male professionals from a wide array of careers act as mentors to provide scholarship and internship opportunities.

Our students like the security and stability of the School of Leadership Development. The relationships they build with teachers and staff are invaluable. Our students also enjoy being challenged academically and having many extracurricular activities. We invite our parents to become a part of their children's education by having an open-door policy, as well as providing them with contacts to outside agencies that can assist them with social and emotional supports for their children and family.

Students graduating from the Bronx Writing Academy (BWA) are problem solvers and effective communicators who can articulately express their ideas in writing. Every adult at the BWA is here to support the students in their academic and personal growth. We believe that students should graduate with the 21st century skills necessary to be competitive in our world today. To achieve this end, we offer rigorous instruction through a 1:1 student to laptop ratio for personalized learning, STEAM curriculum with robotics and coding, and Regents classes. Our school day goes from 8:20am-2:40pm with the opportunity to opt in to a variety of after-school activities such as LeAp, athletics, student government and more!

Bronx Early College Academy (BECA) is an authorized International Baccalaureate World School since 2014. In addition to a rigorous academic experience, our students benefit from BECA's partnerships with world-class institutions such as the American Museum of Natural History, the College Bound Initiative, City Year, and the Joy of Computing. BECA offers an array of extracurricular activities such as drama and community service opportunities. BECA has also been an iLearn school since 2010, offering online courses. Families appreciate our safe, welcoming environment, and dedicated faculty.

At the Comprehensive Model School Project (CMSP), children are our first priority. Therefore, we are an inclusive community comprised of students, parents, and educators dedicated to high academic achievement and the complete social-emotional development of each student. We are a community that respects and honors diversity. Students are valued members of our school community who understand the importance of self-respect and respect for others. The academic success of our students is a collaborative effort and is the result of our staff’s expertise, planning, professionalism, extensive parent involvement, students’ commitment to success, and an atmosphere of social equity in our school.

At New Millennium Bronx Academy of the Arts, we aim to “inspire and empower every child to pursue excellence with passion.” Our core curriculum emphasizes writing across the curriculum in order to prepare students to engage critical content, expand their thinking, and graduate as strong writers prepared to meet the demands of high school, college and career. All students maintain a robust writing portfolio that demonstrates their learning in their core academic classes. We offer a theater arts program where students create set designs, write/perform plays, and create full scale productions. Students are also able to choose from a variety of arts and enrichment courses each semester including: dance, architecture, and ceramics. In addition to the liberal arts, all students have the chance to explore their talents and strengths in other areas like sports and fitness. We have a recreational soccer league, competitive basketball and baseball teams. Finally, as a community school we believe in caring for the whole child. We have an onsite health clinic to support students and families with health care: vaccinations, visual, dental and mental health services.

Our mission is to cultivate and develop our entire school community so that all students are college and/or career ready. With a focus on all populations of children, teachers will engage collaboratively to ensure accelerated student learning through reflective practice and professional learning experiences. A guiding philosophy of all adults in our school community is that every student deserves an effective teacher, and we work tirelessly to seek out opportunities that will advance this belief.

Students love our small class sizes and the individualized support they receive in every class. Some students have the opportunity to accelerate their progress through middle school and high school classes using our mastery-based course design and a variety of online learning options. Some eighth-grade students have access to ninth-grade courses during the Spring semester. Daily after-school support classes help students understand course expectations, complete assignments, and practice necessary academic skills. Talent development courses in the art, music, and athletics allow students to explore non-academic interests throughout the school day. Regular group advisory sessions, after-school activities, and internships offer the chance for students to develop leadership skills, get to know their peers, explore careers, and have fun.

PROGRAMS OFFERED

Sports: Basketball
Our students love learning about the environment and how their decisions can make the world a cleaner, better place. They enjoy working in our garden and greenhouse, growing healthy food for lunch. Students develop the skills that will prepare them for success in high school through hands-on activities and experiments in our new science and technology labs. Students also enjoy expressing themselves through music, art, dance, technology, theater, and other electives. Parents like our school’s focus on high school and college preparation. Our Advisory program helps maintain a small, family-oriented community that focuses on students’ personal development. Parents love our commitment to the community and the close relationships our school builds between teachers, students, and families. Our school’s new LEED Platinum Certified building has state-of-the-art classrooms and labs, a library, a greenhouse, and outdoor roof with a garden.

Bronx High School for Medical Science serves students with a desire to enter health-related fields. Our daily routine calls for students to stay in the same classroom while teachers rotate to classes. Students and parents find this self-contained model very valuable. Parents value our approach of making students aware of college in sixth grade.

Students at Science and Technology Academy: A Mott Hall School engage in authentic learning experiences that incorporate research, collaboration, and critical thinking. Technology is incorporated across all subject areas and discussion techniques such as Socratic Seminars provide students the opportunity to explore various perspectives. Our school culture supports students holistically, fostering academic, social and emotional growth. We collaborate with parents in our work and maintain an open-door policy that allows all parents to have full access to the principal and staff. In March 2014, we became the first stand-alone New York City public school to be authorized as an International Baccalaureate school.

The Bronx School for Law, Government and Justice (LGJ) is an educational community that believes learning is a product of thinking. Students at LGJ are engaged in hands-on, minds-on learning in their core classes as well as through the law curriculum, mentoring, and extracurricular activities. Both students and parents like that when you come to LGJ you become a part of a family. Our families appreciate the many partnerships that create opportunities for mentoring, internships, and shadow days for our students. The LGJ middle school is small and allows for students and parents to receive one-on-one attention. We were founded in September 1997 by the Urban Assembly, and share a campus with the Bronx Criminal Court Complex.

We aim to develop a community of self-confident and innovative young women, empowering them to be tomorrow's leaders, particularly in the areas of science, technology, engineering, and mathematics. We capitalize on the intellectual curiosity and creative spirit inherent in all young women as we develop lifelong learners who are armed with the skills necessary to successfully complete any college- or career-readiness program and become productive members of society.

MS 593 is a small middle school located on the Teller Avenue Campus in the Bronx. We are a Community School, and as part of the Internationals Network for Public Schools (http://internationalsnps.org), we serve newcomer English Language Learners, in the United States for four years or less. We pride ourselves on knowing our students and families well, and providing our students with a warm, nurturing community that will support them in developing their literacy skills to enable equity and access. Our students leave us after three critical years as literate, creative, caring, and confident participants in their community. We provide students with a robust interdisciplinary approach to skills, and a comprehensive literacy program including: close reading, independent reading, guided reading, and reading intervention. We provide students with multiple opportunities to showcase their work and learning through student-led conferences, presentations of learning and passage presentations, fostering confidence and presentation skills necessary to thrive in our community.

Boroughwide Schools

All Bronx students and residents may apply to middle schools in this section.
07X584 is a new middle school located in Melrose and committed to an instructional focus of dual language (Spanish) and STEAM (Science, Technology, Engineering, Arts, and Mathematics). The goal of a dual language program is to educate students to become bilingual and bicultural. STEAM education helps create critical thinkers, increases science literacy, and enables the next generation of innovators. Family and community stakeholders will be key partners in the development of the new middle school. The academic curriculum will be supplemented with activities to further develop student skills, and community organizations will partner with the school to enrich the student experience.

Serving students and their families from the Bronx, J.H.S. 123, The Bronx Urban Community School of science, technology, engineering, art, and mathematics (STEAM), is the place for middle school students who are looking to be effective problem-solvers and powerful communicators in a rapidly changing 21st century world. We believe students learn best when they are provided with real-world opportunities to learn by engaging in inquiry, research, and reflection through science, technology, engineering, art, and mathematics that are relevant to their lives. Students appreciate teachers immersing them in rigorous and engaging project-based curricula, while nurturing them to be empathetic, independent individuals capable of shaping their own futures. Students have the opportunity to build leadership through participation in sports teams, student government, and community service. We partner with outside organizations to provide extracurricular and academic support services.

The goal for all students who attend Dunbar Middle School is to “Get Better Every Day!” Our approach to education is identified by creativity, collaboration, and community. Students engage in problem-based learning in math, hands-on activities in our state-of-the-art science lab, presenting and justifying claims in social studies, and using the Teacher’s College Writers’ Workshop in ELA. Our partnership with Lincoln Center exposes our students to the arts and gives our community access to Lincoln Center, as well as to free shows at our school by world renowned performers. We partner with Children’s Aid Society to offer a comprehensive approach to education for the benefit of our students and their families. We will identify the strengths and needs of each student, extend school hours to expand learning time, work with our students to become more college and career ready, and engage families in the educational experience.

The Bronx Mathematics Preparatory School

The Mission of the Bronx Mathematics Preparatory School is to prepare students for success in college, leadership, and life. We achieve this mission by creating a student-centered environment that unifies the efforts of family, community and school to foster life-long learning, cross-cultural relationships, social responsibility, and academic excellence. The underlying belief at the Bronx Mathematics Preparatory School is that all students can go to college and that their preparation is our professional responsibility and moral obligation. We boast and are very proud of our students who have gained admission into Bronx High School of Science, Manhattan Village Academy, High School of Environmental Studies, Manhattan Center for Mathematics and Science, and Theatre Arts Production School. We believe that with appropriate academic supports, students of all abilities learn more in courses with highly challenging content than in those with low academic rigor. It is the goal of the Bronx Mathematics Preparatory School to equip students with the necessary skills, strategies, and knowledge that will prepare them for success in middle school and high school resulting in them being college and career ready.

The new Hunts Point Middle School is a school of extraordinary expectations. We foster and nurture an environment to support and maximize the exchange among teachers, students, and staff. Hunts Point Middle School is committed to providing young people with critical and adaptive thinking skills to strive for excellence in the college and career of their choice. Through rigorous and engaging curricula, we prepare our young people to become lifelong learners and productive citizens of the 21st Century. We welcome parents at our monthly Breakfast with the Principal and other school events and encourage them to be active partners and volunteers. As a Community School, we are partnered with ASPIRA, a national nonprofit organization devoted to the education and leadership development of Bronx youth. We also are continuing our partnership with Graham-Windham for after-school activities. We are committed to changing attitudes, changing directions, and changing lives.

The community of leaders at Leaders of Tomorrow is dedicated to personal and academic excellence. Choosing to live in the community obligates each member to a code of civilized behavior. Allegiance to these ideals requires each of our students to refrain from and discourage behaviors which threaten the freedom and respect every individual deserves. Each student at our school is considered a leader and as such we expect them to adhere to the following creed: “A Leader practices personal and academic integrity. A Leader respects the rights and property of others. A Leader will discourage bigotry, while striving to learn from differences in people, ideas, and opinions. A Leader will demonstrate concern for others, their feelings, and their needs for conditions that support their work and development.”

The mission of I.S. 217 is to recognize students as individuals, to help them apply classroom learning to everyday life, and to become creative problem solvers. We focus on improving professional practices, effectively implementing Common Core Learning Standards, and providing enrichment experiences that will promote students' ability to build positive relationships and value their education.

Our mission is for our students to graduate knowing how to work effectively, think critically, and act compassionately. With an emphasis on Common Core Standards, students are able to justify mathematical arguments, design experiments, study historical artifacts, and analyze literature. Laptops and SMART Board technology are used to enhance learning. We are a small school with and advisory program so every student and family has an adult to reach out to at the school. Town halls celebrate school-wide events, and we provide mediations to resolve conflicts peacefully and with compassion. We provide an environment that focuses on supportive services and developing our youth into leaders. We have partnered with other organizations to provide these additional opportunities for our school community. Children's Aid Society provides daily after-school programs. Students have access to individual therapy through Astor located within the school building. In collaboration with Partnership with Children, we offer student leadership and youth development groups such as: Peer Mediators, Student Ambassadors, and Lunch Leaders. Free eye examinations and glasses are available from the Helen Keller Foundation for all students.

Adults at our school know each individual student’s academic and social character and work hard to inspire students to learn. Students appreciate being a part of an environment where adults and students are mutually respectful. Parents love the multiple opportunities they are afforded to be involved in their child’s education. The school focuses on communicating well with parents. Harbor Heights Middle School had a 97% attendance rate in 2014-2015. Based on our 2014-2015 Quality Snapshot, 100% of our parents are satisfied or very satisfied with the education their child receives and the opportunities parents have to be involved with their children’s education.

Citywide Schools

All New York City residents may apply to middle schools in this section.
New Explorations into Science, Technology, and Math (NEST+m) is a Citywide G&T K-12 school. Our academically rigorous program has made us one of the finest schools in the city. We are committed to developing each student's capacity for academic and intellectual achievement. We provide a range of services for students with disabilities including a full-inclusion program. NEST+m students blossom into practitioners: scientists, mathematicians, engineers, artists, writers, historians, musicians, painters, and linguists who approach their studies with passion and purpose.

The Ella Baker School is a pre-K-8 public school located on the Upper East Side of Manhattan in the Julia Richman Education Complex. We are a non-catchment area school and accept students from all five boroughs. We serve a population of approximately 320 students from culturally diverse backgrounds. A critical aspect of Ella Baker's mission is to provide continuity in each child's school experience from kindergarten through eighth grade. It is our expectation that our students will continue with us through the eighth grade. We do not hold middle school tours, as it is rare that there are spots open in the upper grades.

The mission of P.S. 347 is to provide a joyful learning environment that celebrates the education, growth, and uniqueness of every student. An engaging and rigorous standards-based curriculum is offered in American Sign Language (ASL) and Standard English, and is supported in small classes that provide children the opportunity to achieve their personal best. Our staff is committed to inspiring and encouraging curiosity, empathy, and social awareness by developing higher-level thinking skills and exploring real world issues that extend into the community. By fostering a partnership with families, we support individual student goals to enable each child to become an independent and responsible lifelong learner, and prepare them for success in the journey to higher education. Middle School students at PS 347 are offered courses in American Sign Language, Deaf Culture, Dance and Art. Students also have opportunities to develop leadership skills by participating in the Student Council and student-led clubs such as our Gender and Sexuality Alliance. We also partner with Manhattan Youth to provide daily after-school programming for Middle School students.

The Institute for Collaborative Education (ICE) is a small, community-focused school where the needs and academic interests of our students come first. Teachers utilize a project-based curriculum that emphasizes student-centered inquiry, forming substantive arguments, written and oral presentations, and the active and ongoing exchange of ideas. At ICE, we encourage students to develop their own points of view and practice the intellectual disciplines of conducting formal research and defending complex academic arguments.

The Professional Performing Arts School (PPAS) partners with top rated New York City arts organizations to provide high quality training in the performing arts and a competitive academic program. In partnership with the theater company Waterwell, middle school students receive 90 minutes daily of acting, dance, and voice classes. Our curriculum provides students with the artistic and personal skills to be leaders in the field and in whatever profession they choose to pursue. PPAS middle school students are guaranteed a placement in one of the PPAS high school arts programs if they choose to stay. We provide a middle school experience that is well-rounded and considers every child’s interests, learning styles, and needs. Open auditions will be held for any interested candidate. Audition information can be found at the school website: ppasnyc.org.

Quest to Learn teachers make learning fun and challenging. We make learning fun. Teachers work with curriculum developers from the Institute of Play to design games that build academic and social skills. In ELA courses, students use table games to debate the strength of evidence; in math, students use a card game, Absolute Dash, to mix and match integer operations to gain the most points. As they build skills, students demonstrate their learning through collaborative, creative projects, taking a variety of roles from newscast producer to Revolutionary War spy to roller-coaster architect. We make learning challenging. At the end of each semester, middle school students participate in week-long design competitions. Instead of regular classes, students work in groups of 12 to create projects such as fashion shows, restaurants, and newspapers. We are inclusive in how accept students into our school -- we do not screen. We are also inclusive in our programming within our walls -- we do not track. All students have small group advisory twice a week to build community and promote social-emotional learning. We challenge all students academically providing every 8th grade student with Earth Science and Algebra Regents courses.

The Anderson Middle School (AMS) provides a judicious combination of an accelerated and enriched curriculum for the distinct needs of gifted learners. Our upper grades are fully integrated within our highly successful K-8 school. With only two classes per grade, the relationship between students and teachers is personal and supportive. This smaller population fosters a strong sense of community. Guided by educators who recognize the needs of children with outstanding intellectual potential, we provide intimate, differentiated, and departmentalized instruction that encourages critical thinking, creative problem-solving, divergent thinking, research, independent study, collaboration, and self-evaluation. Parental involvement and support sustains the spirit and growth of AMS. The Anderson School seeks a diverse student population, including ICT students, and welcomes applications from across the five boroughs. Please visit our website to review our admissions rubric before applying.

The mission of the Special Music School is to teach musically gifted children through highly structured instrumental training and a standards-based academic program. The school prepares students for professional music careers while recognizing that not every student will choose such a career. The underlying philosophy of the Special Music School is the belief that music education for gifted pupils requires: 1) extensive opportunities to work one-to-one with an outstanding instrumental faculty; 2) a structured, sequential music curriculum; 3) opportunities to perform before audiences; and 4) interaction between general academics and musical studies. Our goal is to see each child reach his or her academic and musical potential. Our vision is that all students will become lifelong learners and critical thinkers in our caring and respectful learning environment. We encourage parental involvement in all aspects of the school.

At the Talented and Gifted School for Young Scholars, faculty, parents, and students work together to prepare students to develop to their full potential. We seek to inspire inquiry, creativity, and achievement for all of our students. We teach compassion, integrity, and respect for all humanity and cultivate lifelong learning. Through this collaborative effort, we promote physical and emotional well-being and develop each student's individual interests and talents. We provide a strong education program in which all students develop critical- and creative-thinking skills and design meaningful educational experiences to promote academic and personal growth. Our professional and supportive staff is sensitive to the needs of each student, dedicated to providing a quality education, and has a genuine love of children. We engage in ongoing self-evaluation that ensures that we are effectively working to achieve our own goals and those of the Department of Education.

The Manhattan East School for Arts & Academics will provide students with a rigorous 21st century liberal arts education in a safe and caring learning environment. Through this approach, we foster high academic expectations, knowledge of the arts, and respect for diversity and for self. Manhattan East is an inclusive, holistically screened school wherein the power and beauty of the whole community supports each student to the highest level of critical and creative thought. At Manhattan East, all students engage in a continuum of rigorous arts and academic courses, culminating in up to three Regents Level High School classes and the opportunity to specialize in an art form of choice. Teaching and learning at Manhattan East is a combination of progressive and traditional practices, with high levels of teacher facilitated student discourse (accountable talk) and a focus on high-school-preparedness and college- and career-readiness.

The Lenox Academy offers an academically accelerated program for middle school students. We provide a high-quality education within a learning environment that supports young learners. Lenox Academy’s rigorous academic program, coupled with a highly skilled and experienced staff, has proven successful. Many of our 8th grade students from the class of 2017 were accepted to specialized high schools. Most have received acceptances to select public high schools; others have accepted placements in private day and boarding schools through scholarships. Lenox Academy promotes academic excellence and challenges students to meet NYS standards with distinction. Over 90 percent of our students met standards [Level 3] or met standards with distinction [Level 4] on the 2016-2017 New York State Standardized exams. All of our seniors are administered the English Language Arts and Algebra I Common Core Regents, Living Environment Regents and Spanish Proficiency exams. Our SONYC after-school program offers expert instruction in martial arts, culinary arts, dance, theater, basketball, volleyball, and photography.

We offer an arts-enriched school environment. We want our students to see themselves as mathematicians, so we foster deep comprehension of math concepts by helping our students acquire habits of mind: persisting, questioning, communicating with precision and clarity, thinking flexibly, listening with understanding/empathy, and thinking interdependently. BSI students read diverse content and their writing includes feature articles, informational texts, comic books, interviews, persuasive essays, literary analysis, and literary criticism. We teach our students to engage technology, to think critically about what they see, and to be thoughtful about how they use technology to express their thoughts and ideas. Parents play a crucial role in both the daily life and long-term growth of BSI. Through a vital home/school connection, we build a learning community based on respect and cooperation. Our advisory program is critical to supporting the social and emotional needs of our students.

Students thrive in a community that blends academic rigor with visual and performing arts. Every student has a focus in one of our Talent programs: Art, Computer Science STEM, Creative Writing/Journalism, Dance, Drama, Instrumental Music (Strings or Winds), Media, Science, and Vocal Music. Parents appreciate the personalized attention of our mini-school cluster system. Teachers and support staff have time in their weekly schedule to collaborate with parents and caregivers to provide the best academic and social/emotional development for each student. Almost all graduates go on to NYC's Specialized High Schools and select programs. All students receive and utilize iPads and interactive digital curriculum throughout their courses.

Mission Statement: To prepare for colleges and careers of the 21st Century
Vision Statement: To engage the entire Scholars' Academy community in cultivating and celebrating well-rounded scholars and citizens equipped with the knowledge, skills, and attitudes to pursue success and happiness in the 21st Century

Scholars' Academy is a highly rigorous school earning “Well Developed” ratings on the Quality Review and “Excellent Ratings” on the School Quality Snapshot in every category: Rigorous Instruction, Collaborative Teachers, Supportive Environment, Effective School Leadership, Strong Family-Community Ties, and Trust. Scholars' Academy is an Innovation Zone Ambassador School. Scholars' Academy teachers and students leverage online learning tools to collaborate on group tasks which are standards-anchored, rigorous and engaging. Scholars' Academy follows the Scale-Up cooperative learning model used by many top universities such as MIT where students work in Triads; learning groups of three. All students are supported in completing three high school Regents courses in middle school (Algebra, Living Environment and Spanish). Students select an elective class based on their individual interests and talents which meets twice per week. Students have the opportunity to engage in sixteen advisory and retreat days per year focused on fostering positive peer bonds, increasing cultural understanding, enhancing social-emotional well being and dedicated time for reflection and enrichment.

Q300 is one of several NYC citywide gifted and talented schools. We are committed to a high-quality education that strives to cultivate a genuine love for learning in all of our students. Our approach is driven by the national standards of gifted education with the full understanding that we are stewards of our students’ cognitive and affective growth. As a result of our strong collaboration with parents and external organizations we are able to offer our students: music, LEGO robotics, dance, debate, second language(s), architecture, and chess, Brain Games, Math Team, Spelling Bee and so much more. Our efforts to shape the whole child scaffold an exposure to rich information and knowledge, critical-thinking skills, and effective and relevant modes of communication.

Address: 1825 Prospect Avenue, Bronx NY 10457 | 212-991-2610 |
Mark Twain for the Gifted & Talented (I.S. 239) is a citywide school in Coney Island, Brooklyn, serving grades 6-8. Students are eligible to apply and test or audition for up to two talent areas.

You can apply and register your child to test or audition during the online middle school application process this fall.

- When you apply, select two talent areas for which you’d like your child to be tested. These talent areas include:
  - Art
  - Athletics
  - Computer/Math
  - Creative Writing/Journalism
  - Dance
  - Drama
  - Instrumental: Strings
  - Instrumental: Winds
  - Media
  - Science
  - Vocal Music

- Be sure to add these two programs to your child’s online middle school application and to place them in your true order of preference. Submit your child’s application by the December 3, 2018, deadline.

- Registered students will take talent tests in January or February. Students will receive a test ticket with their assigned test date and time. Applicants will be tested in each of their two talent areas. Testing will take place at Mark Twain, located at 2401 Neptune Avenue, Brooklyn, NY 11224, on one of these dates:

</table>

Additional test dates may be scheduled as needed.

Students will be considered for offers based on how well they perform on the talent exams in comparison to other applicants.

Professional Performing Arts School (PPAS) is a citywide school in midtown Manhattan serving grades 6-12. The PPAS middle school theatrical arts program includes acting, singing, and dance instruction from professionals in these fields along with an accelerated academic program. Eligible students must be New York City residents when they apply.

Here’s how to help your child apply to and audition for PPAS:

- Add the PPAS program to your child’s online middle school application, and submit your application by the December 3, 2018, deadline. All students that have added PPAS to their middle school application are invited to audition.

- Help your child prepare for their PPAS audition. Learn what to prepare and where auditions will be held at ppasny.org.

- Bring your child to their audition on the date listed below for your last name—no ticket or confirmation is necessary.

<table>

</tr>
</tbody>
</table>

Students will be considered for offers based on academic performance and audition.
Your Middle School Choices

Use this page to help prepare for your middle school application. List your program choices below in your true order of preference, with your first choice in the #1 spot, your second in the #2 spot, and so on. Bring this list when you meet with a counselor at your current school or a Family Welcome Center—find locations and hours at schools.nyc.gov/WelcomeCenters.

TIP
If you have a zoned school or are enrolled in a continuing K-8 school, it is always a good idea to consider adding that school to your application. You have a priority to get an offer to your zoned or continuing school if you do not get an offer to any programs that you ranked higher in your application. Remember that you do NOT have to place this school as your first choice to keep your priority.
