UPDATE!

Medgar Evers Preparatory School (17K590) is now a citywide school open to all NYC students. When the middle school application opens, learn more about Medgar Evers at myschools.nyc.
### Middle School Admissions TRUTHS

**ABOUT THE COVER**

**Student:** Natalie Fernandez  |  **Teacher:** Izabela Nieznalski  |  **Principal:** Corey Prober

Each year, the NYC Department of Education and Cooper Hewitt, Smithsonian Design Museum partner on a cover design competition for public high school students. This directory's cover was designed by Natalie Fernandez, a student at the School of Cooperative Technical Education (Co-op Tech). Fernandez drew all of the sketches on this cover by hand; her design was inspired by all the middle school students who doodle in their notebooks and find ways to express themselves.
The information in this directory is accurate at the time of publication but may be subject to change. For the most up-to-date information, contact schools directly.

It is the policy of the New York City Department of Education to provide equal educational opportunities without regard to actual or perceived race, color, religion, age, creed, ethnicity, national origin, alienage, citizenship status, disability, weight, gender (sex) or sexual orientation, and to maintain an environment free of retaliation or harassment, including sexual harassment, on the basis of any of these grounds. Inquiries regarding compliance with this policy may be directed to: Director, Office of Equal Opportunity, 65 Court Street, Room 1102, Brooklyn, New York 11201. Telephone 718-935-3320 / Toll-free: 877-332-4845.

Middle school offers students opportunities to explore their interests, discover new subjects, and learn more about themselves. This fall, your child will apply to middle school using a personalized online application. They may apply to any programs they're eligible for, and they can apply to up to 12 programs.

Use this directory to learn about the middle schools that are open to students and residents of this district. Discover programs that meet your child's needs and interests, learn about middle school admissions, and find out what makes a good middle school application.

**STAY ENGAGED WITH ADMISSIONS**

**Middle School Admissions Website** | [schools.nyc.gov/Middle](http://schools.nyc.gov/Middle) | Get the latest updates, additional resources, and dates for middle school fairs and open houses.

**Middle School Admissions Email List** | [schools.nyc.gov/Connect](http://schools.nyc.gov/Connect) | Sign up for our email list to get admissions tips and key date reminders.

**EXPLORE MIDDLE SCHOOLS**

**Find a School** | [schools.nyc.gov/Find-a-School](http://schools.nyc.gov/Find-a-School) | Learn about choices for your child's middle school application on your desktop or mobile device. Find out if you live in an area zoned to a particular middle school program.

**Trip Planner** | [mta.info](http://mta.info) | Find the best route from home to school by subway or bus.

**APPLY TO MIDDLE SCHOOL**

Submit your middle school application online by **December 3, 2018**. Learn how to apply at [schools.nyc.gov/Middle](http://schools.nyc.gov/Middle). Your child's school will provide clear instructions on how to access this application.

**Need help?**
- Talk to your child's elementary school counselor
- Visit a Family Welcome Center—find locations at [schools.nyc.gov/WelcomeCenters](http://schools.nyc.gov/WelcomeCenters)
- Call us at **718-935-2009**
HOW TO
USE THIS DIRECTORY

There are five steps in the middle school admissions process. Use this directory as your guide.

1. **Understand your middle school options.**
   - Learn about the programs that your child would be eligible to attend if they applied and got an offer. These will include programs at district, boroughwide, and citywide schools.

2. **Find schools that interest your child and meet their needs.** Start exploring schools and programs in the fall of your child's fifth grade year.
   - Learn how to read a school page in Section 3.0.
   - Use the District Information and Map section of this directory to read about specific admissions information for your school district and to see where middle schools are located.
   - Browse the school pages in this directory to learn about middle schools. Find out about specific programs and activities, and think about your child's daily commute.
   - Your child's elementary school counselor will provide clear directions on how to access your child's application and middle school options online. Use schools.nyc.gov/Find-a-School to explore middle schools from your desktop or mobile device and to find out if you have a zoned school.
   - Choose the schools and programs that seem like the best choices for your child. Discuss this list with your child and their school counselor.

3. **Know your chances of getting an offer from a school of your choice.** Learn about seat groups, program demand, admissions priorities, admissions methods, and selection criteria in Section 4.0.

4. **Create your own admissions calendar.** Use the Action Checklist on the next page as a guide. Go to middle school fairs and visit schools—learn more in Section 5.0.

5. **Apply to middle school by December 3, 2018.**
   - Go to schools.nyc.gov/Middle for the most up-to-date information on how to apply. Your child's elementary school counselor will provide a clear set of directions on how to access your child's personalized application.
   - Add programs to your child's online application and place them in your true order of preference. You can apply to up to 12 programs.
   - Submit your child's middle school application by December 3, 2018. Learn more in Section 2.0.
   - Get your child's middle school offer in April—learn more in Section 6.0.
MIDDLE SCHOOL
ACTION CHECKLIST

TIP
Find dates for middle school fairs, open houses, and other middle school admissions events at schools.nyc.gov/Middle.

SEPTEMBER
☐ Use the 2019 NYC Middle School Directory to make a list of programs that interest you and your child.
☐ Look at programs’ admissions methods and any selection criteria to understand what factors schools use for admissions.
☐ Meet with your child’s school counselor to discuss middle school admissions and options.
☐ Plan your admissions calendar for the fall—find each school’s open house date on our website or by contacting schools directly.

OCTOBER
☐ Attend the middle school fairs with your child. Check our website for up-to-date information on locations and times.
☐ Attend open houses.
☐ Access your child’s middle school application online. Your child’s elementary school counselor will provide a clear set of directions on how to access the application.
   ☐ Review all student information for accuracy.
   ☐ View your child’s middle school options.
☐ For Mark Twain (IS 239) and District 21 Talent Programs: If you’re interested, register to test as part of the online application process.

NOVEMBER
☐ Work with a counselor at your child’s current school to narrow or expand the list of programs where your child would like to apply.
☐ Think about how your child would commute to each school of interest.
☐ Review admissions priorities and admissions methods for each program.

DECEMBER
☐ Submit your middle school application online by December 3, 2018. Learn how to apply at schools.nyc.gov/Middle.
   ☐ Add the middle school programs that you would like your child to attend to their application in your true order of preference. Place your first choice in the #1 position, your second at #2, and so on. You’ll be able to apply to any programs that your child would be eligible to attend if they received an offer.
   ☐ For Mark Twain (IS 239) and District 21 Talent Programs: If you’re interested in these programs, register your child to test for them—the registration deadline is also December 3, 2018.

Need help with your application?
- Talk to your child’s elementary school counselor
- Visit a Family Welcome Center—find locations at schools.nyc.gov/WelcomeCenters
- Call us at 718-935-2009

JANUARY – FEBRUARY
☐ For Screened Programs: Complete assessments or portfolios in January or February if/as required by specific middle school programs in your application.
☐ If you are eligible for any new programs opening in Fall 2019, we’ll invite you to submit an application for these programs.

APRIL – MAY
☐ Get your middle school results in April. Your child will get one offer based on their middle school application. If you are eligible and submit an application to new programs, your child may also get a new schools offer from one of them. If so, you will have to choose between these two offers. Learn more in Section 7.0.
☐ Respond to your results by May if action is required.
1.0 Understand the Path to Middle School

1.1 The Middle School Application

This fall, apply online to Department of Education (DOE) middle schools with just one personalized middle school application.

Tip:
Be sure to explore your options. Add and rank up to 12 middle school programs to your child’s application! The middle school application is your best opportunity to get an offer to a school of your choice.

<table>

<tbody>
<tr>
<td>1 offer</td>
</tr>
</tbody>
</table>

Submit your child's middle school application online by December 3, 2018. Visit schools.nyc.gov/Middle to get the most up-to-date information on when and how to apply. Then follow the directions from your child's current school to access their application online. In this personalized application, you will be able to see and explore every middle school program that your child is eligible to apply for and, if they get an offer, to attend. You can apply to up to 12 of these programs by adding them to your child's application and ranking them in your order of preference.

If you need help completing or submitting the application, visit your school counselor or a Family Welcome Center—find locations and hours at schools.nyc.gov/WelcomeCenters. In the spring, you will get your child's middle school results, which will include an offer to a middle school program. An offer means placement in that program for the following school year.

Your child may also be eligible to apply to new DOE schools or programs that were not part of the middle school application. If so, we will invite you to apply. If your child gets an offer to a new school or program, you will get to choose between their new school offer and their middle school application offer.
1.2 Who Can Apply?

Your child must be both a current New York City resident and a current fifth-grade student, or a current sixth-grade student at an elementary school that ends in sixth grade, to apply to DOE public middle schools.

All of the following students are welcome to apply:

- Current public district or charter school students, private school students, and parochial school students
- Students with accessibility needs—learn more in Section 8.1
- Students learning English—learn about English Language Learner (ELL) service delivery models in Section 8.2
- Students with disabilities—learn more in Sections 4.7 and 8.3
- Students in District 75 programs—learn more in Section 8.4
- Students in temporary housing—learn more in Section 8.5
- LGBTQ and gender nonconforming students—learn more in Section 8.6
- Students new to NYC public schools—learn more in Section 2.2

New Students

If you move to New York City during the school year and need to find a middle school now or if you missed the application deadline and need to enroll for next fall, visit our New Students page (schools.nyc.gov/NewStudents) to learn how to enroll.

1.3 Charter Schools

Charter schools are free public schools that are open to all New York City students and that operate independently from the Department of Education (DOE). Instead, charter schools operate under a performance contract, or charter, issued by a New York State authorizer. Charter schools are accountable for meeting specific academic goals and often try different approaches to ensure their students meet these goals.

Charter schools have a separate middle school application process. If you would like to apply to middle school at a charter school, please contact that school directly to learn about their enrollment and admissions.

Any student eligible for admission to a DOE public school is eligible for admission to a public charter school. For a list of charter middle schools in this district, turn to the back of this directory. Visit schools.nyc.gov/Charters or call 212-374-5419 for more general information about charter schools in New York City.
2.1 How to Apply—Current NYC Public School Students

Submit your middle school application online by December 3, 2018. Visit schools.nyc.gov/Middle for the most up-to-date information on when and how to apply. When the application becomes available this fall, your child’s school will provide you with clear instructions on how to access it.

Need help?

- Talk to your child’s elementary school counselor
- Visit a Family Welcome Center—find locations at schools.nyc.gov/WelcomeCenters
- Call us at 718-935-2009

2.2 How to Apply—Private or Parochial School Students

If your child currently attends a private or parochial school but wants to apply to public school, apply to middle school by visiting a Family Welcome Center with your child. Find locations and hours at schools.nyc.gov/WelcomeCenters. Also visit the New Students page at schools.nyc.gov/NewStudents to learn how to enroll and learn what documents you need to register.

2.3 Your Child’s Information

If your child is a current NYC public school student, the middle school application will contain information about your child. Check to make sure each of the following is correct and complete—if not, tell your child’s school counselor immediately.

Student Information

- Your child’s full name, date of birth, current grade level, current school, and ID number
- Your child’s current address and, if applicable, your zoned middle school—learn if you have a zoned school at schools.nyc.gov/Find-a-School
- Your child’s academic record—learn more in Section 4.9
  - New York State ELA and math test scores and dates, if applicable
  - Final attendance report from the 2017-2018 school year
  - Final June 2018 report card grades
- A parent or guardian’s name and phone number
- Information about your child’s Individualized Education Program (IEP), if they have one—learn more about special education in Section 4.7
- Information about any accessibility needs—learn more in Section 8.1
- Information about any English Language Learner (ELL) services—learn more in Section 8.2

If your child has any extenuating circumstances regarding attendance, grades, or test scores, tell your counselor.
2.4 Middle School Program Choices

In your child’s personalized online application, you will be able to see and explore every middle school program that they are eligible to apply for and, if they get an offer, to attend.

Your Choices

From these options, you can add up to 12 middle school programs to your child’s application. Add the programs that interest you and your child the most and rank them in your true order of preference in the application. Ranking means choosing the program your child most wants to attend and placing it in the #1 spot in the application, placing their second choice in the #2 spot, and so on.

Tip: Submitting a middle school application is your best opportunity for your child to get an offer to one of the schools you prefer, so be sure to make thoughtful choices. You may use your child’s middle school application to apply to any programs they’re eligible to attend.

Middle School Programs

The following district, boroughwide, and citywide programs will be listed on your child’s middle school application:

- **District programs** at schools in the district where your family is zoned for middle school and, when different, in the district where your child attends public elementary school. Sometimes families are zoned for middle school in a different district than where they are zoned for elementary school—middle school zone determines eligibility for where a student may apply for middle school.

- **Boroughwide programs** at schools with programs open to students in your borough

- **Citywide programs** at schools with programs open to all NYC students

Talent Tests

The following programs require talent tests as part of their admissions process. If you’re interested in applying to any of these programs, register your child to take talent tests in two talent areas. Your child’s school counselor can provide clear instructions on how to register for testing and apply to these programs as part of the online application process.

- **Mark Twain for the Gifted & Talented (IS 239)**: This middle school is open to all NYC residents—learn more in the back of this directory.

- **District 21 Talent Programs**: These programs are open only to students who go to school or are zoned for middle school in District 21.
3.0 Learn About Schools and Programs

3.1 School Pages

A school's page in this directory can help you decide if it might be a good place for your child. Here is what a sample school page looks like. As you look at each section, consider how a school's offerings line up with your child's needs and interests. Are its courses and activities ones that your child enjoys, does well at, or would like to explore?

Please note that all of the information on a school page is from a previous school year and may change for the 2019-2020 school year. Contact schools directly for the most up-to-date information.

Learn the school's eligibility type: district (one or more programs open to district residents or students), boroughwide (one or more programs open to borough residents), or citywide (one or more programs open to all NYC students).

---

**City Lane School (I.S. 123) | 99A123**

**Programs Offered**

**I.S. 123 Academic Honors Program**

<table>
<thead>
<tr>
<th>Program Code: A1225</th>

**Section 8.3**

**Section 8.4**

**Section 8.5**

**Section 8.6**

**Section 8.7**

---

**Tip:**

When considering a middle school, think about how your child would commute to it. Use the map in the District Information and Map section of this directory to see the location of all public middle schools in this district, including middle schools from your child's middle school application. For the most up-to-date public transportation information, use the MTA's Trip Planner at mta.info. Learn more about transportation options for middle school students in Section 8.7.
3.2 Community Schools

Learn if a school of interest is a community school by looking in the School Life section of its page. Community schools offer an integrated focus on academics, health and wellness services, youth development, expanded learning opportunities like after-school and summer enrichment activities, and family and community supports to ensure that students are ready and able to learn, to graduate college, and to be career-ready. Each community school serves as a hub where parents/guardians and family members, community-based partners, community members, and school staff come together to coordinate and integrate a range of supports based on the assets and needs of individual students.

3.3 School Performance

Use this section of the school page to learn more about a school’s performance in terms of academics and safety. The sample below shows that 93% of students feel safe at this school, as reported on the NYC School Survey.

For more information on school performance, speak to your child’s school counselor or search for a school at schools.nyc.gov/Find-a-School, where you can find details on any school’s performance in their School Quality Reports.

This section also lists the high schools that students from this middle school most frequently go on to attend.

3.4 Programs Offered

When your child applies to middle school, they are not just applying to schools—they are applying to programs. Think of a program as a doorway into the school. If a school has multiple programs, your child can apply to more than one program at that school. For instance, a middle school might have a zoned program and a Dual Language program; if your child were zoned for this school and also eligible for the Dual Language program, they might apply to the same school twice—one through each of these programs.

Each school page in this directory provides information about a school and its program or programs. As you explore schools, look for programs that could help your child learn and grow.

Use the Programs Offered section of a school page to learn more about your chances of getting an offer to a specific program.

Mark the checkbox next to the name of programs that interest you.
Look through the Middle School Directory school pages. Choose an eligible school that they are interested in applying to and attending. Fill in each box with information about that middle school.

Name of School: __________________________

How many students go to this school?

How would my child get to this school from where we live?

What phone number, email, or website can I use to get information on how to visit this school?

What time does a typical day start for sixth graders?

List two academic courses this school has that seem interesting.

List two activities this school has that seem interesting.

If there is more than one program at the school, which program(s) would you apply to? Why?
4.0 Know Your Chances

Several factors play a role in how students get offers to middle schools. Some of these factors are ones you can control; others are determined by the school. Learning about all of these factors can help you make informed choices about where to apply. These are the factors:

- **Your Application Choices**
  The programs you add to your application and the order in which you place, or rank, them

- **Your Information***
  Where you live, your academic record, and/or other factors

- **Applicants Per Seat**
The number of seats available for applicants and how popular the program is (demand)

- **Admissions Priorities***
The order in which programs consider groups of applicants—learn which priority group you’re in for each program

- **Admissions Methods**
  What programs use to make offers to applicants

*Only for some programs

4.1 Your Application Choices

The most important factor in determining where your child goes to middle school is how you complete their middle school application. For your child’s online application, you will see as options all the middle school programs that your child would be eligible to apply for and, if admitted, attend.

1. From these options, choose up to 12 programs that your child would like to attend. Add these programs to your child’s application—adding more choices increases your chances of getting an offer to one of those choices.

2. Then rank these programs from your favorite to least favorite. **Ranking** means placing your first-choice program in the #1 spot in the application, your second-choice program in the #2 spot, and so on.

- Be sure to rank your choices in your true order of preference!
- Adding more choices does NOT lower your chance of getting an offer to a top choice program. You have the same chance of getting an offer from your top choice whether you include only that choice or eleven additional choices below it.

Your child will get an offer from their highest possible choice considering the other factors discussed in this section.

4.2 Your Information

Some programs give an admissions priority (see Section 4.4) to students who live or attend school within a particular zone, district, or borough. Also, some programs use students’ academic records in admissions, so for these programs, your child’s performance matters. See Section 4.8 to learn which programs use where your family lives or your child’s academic records in admissions.

**Tip:**
Programs at the same school may have different admissions priorities and admissions methods. You may decide to apply to one program over another based on this information.
4.3 Eligibility

Some programs in your district may be open only to students who live or go to school in a certain borough or district. Other program eligibility requirements might be based on gender, home language, or other factors. In the example below, this program’s eligibility is “Open to students and residents of Brooklyn.” This means that students who live or attend public elementary schools in Brooklyn will see this program as an option in their middle school application, but students who live or attend schools in other boroughs will not see or have it as an option.

4.4 Admissions Priorities

A program’s admissions priorities determine the order in which groups of applicants are considered for offers to each program.

- If a program has multiple admissions priorities, students are considered in groups, and all students in the first priority group will be considered first.

- If seats are available, students in the second priority group will be considered next, and so on.

If a student falls into priority group 1, they will have a better chance of getting into a particular program than students who fall into lower priority groups. Schools with more than one middle school program may have different admissions priorities for each program.

Look at the following example of admissions priorities on a school page.

Think about it this way.

- Students in and residents of the district who ranked this program in their applications are in the first priority group. They will be considered first for any available seats.

- Students in and residents of Brooklyn are in the second priority group. They will be considered next for any available seats.
This section also includes the information that last year, applicants from both priority groups got offers from this program.

Here are some common admissions priorities used to determine offers:

<table>
<thead>
<tr>
<th>Admissions Priority (What It Says on the School Page)</th>
<th>What It Means</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Priority to continuing 5th graders</strong></td>
<td>Students who currently attend a school that continues to eighth or twelfth grade are guaranteed an offer to continue attending that school if they add it to their middle school application. Students will first be considered for any programs that they placed higher in their applications. You do NOT need to rank your child's continuing school as your first choice to be guaranteed an offer there, but you do have to add it as one of your choices.</td>
</tr>
<tr>
<td><strong>Priority to students and residents of the district</strong></td>
<td>Students may have priority based on the district, borough, or geographic area where they live and/or go to public school. If a student lives and goes to public school in different boroughs or districts, that student has priority in both places.</td>
</tr>
<tr>
<td><strong>Priority to students who attend an information session</strong></td>
<td>Students who sign in at a program’s open house or at the school's table at a fair are put in a higher priority group. This priority is connected to the limited unscreened admissions method (see Section 4.8).</td>
</tr>
<tr>
<td><strong>Priority to students who apply and live in the zoned area</strong></td>
<td>Students who are zoned to a middle school—or a campus containing multiple middle schools—have priority to attend that school or schools. To get this priority, be sure to add your zoned school to your child’s middle school application. You do NOT need to rank your zoned school as your first choice to get the priority. To find out if you have a zoned school or schools, check your application or visit schools.nyc.gov/Find-a-School.</td>
</tr>
</tbody>
</table>

Tip:
It is a good strategy to apply to programs where your child is in the highest priority group (the first priority group). The higher the priority group, the higher the chances of getting an offer to attend that program.

### 4.5 Diversity in Admissions Pilots

Middle schools across the city are participating in an effort to increase diversity in their programs. The current list of schools participating in diversity pilots is available on our website—learn more at schools.nyc.gov/DiversityAdmissions.
4.6 Applicants Per Seat

Each middle school has a specific number of seats for sixth grade students. In the Prior Year Admissions section for each program, the number of seats shows how many students got offers from that program last year. The number of applicants per seat shows how many students applied for each of these seats—the higher the number of applicants per seat, the more popular or in-demand the program is.

In the example below, four students applied for each general education seat.

The number of applicants per seat may affect your child’s chances of getting an offer from that program. However, if a program you like has a high number of applicants per seat but is otherwise a good fit for your child, DO consider applying! Programs are not always as competitive as they seem. Some of last year’s applicants were not in a program’s first priority group and some applicants ranked other programs higher in their middle school application.

4.7 Seat Groups—General Education and Students with Disabilities

Seats are divided into two groups—general education and students with disabilities. Your child’s application will show which seat group they are in. It is not something you choose.

<table>
<thead>
<tr>
<th>Seat Group</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education Seats</td>
</tr>
<tr>
<td>Students with Disabilities Seats</td>
</tr>
</tbody>
</table>

- For students who receive general education programming
- For students who receive special education instructional programming* for 20% or less of their academic program
- For students who receive special education instructional programming* for more than 20% of their academic program as indicated on their current IEP

*Special education instructional programming includes Integrated Co-Teaching (ICT) classes, Special Class (SC), and Special Education Teacher Support Services (SETSS). Related services, such as speech, occupational therapy (OT), and physical therapy (PT), are not considered special education instructional programming for the purposes of middle school admissions.

Look at the program information on a school page to see how many seats that program reserves for each group. The number of general education and students with disabilities seats in each program is based on the percentage of fifth grade students with disabilities in that school’s district. These seat groups are used for admissions purposes only.

Every middle school program participating in middle school admissions is expected to welcome and serve students with disabilities in accordance with their Individualized Education Programs (IEPs). The IEP team at the middle school will review the IEP to ensure that all services and supports are in place. In some cases, the IEP team may refine the IEP to better meet student needs.

For more information, visit schools.nyc.gov and select the Special Education menu.
Admissions Methods

Admissions methods are the ways programs make offers to students. Admissions methods also describe what you need to do to be considered for a program. In most cases, all you have to do is add the program to your application. A school with multiple programs may have programs with different admissions methods, as in the following example:

<table>
<thead>
<tr>
<th>PROGRAMS OFFERED</th>
<th>Program Code: A123S</th>

# MIDDLE SCHOOL ADMISSIONS METHODS

## What Your Child Needs to Do

<table>
<thead>
<tr>
<th>Method</th>
<th>What Your Child Needs to Do</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Open</strong></td>
<td>100% of offers are to students who are randomly selected. There’s nothing you need to do before you apply.</td>
</tr>
<tr>
<td><strong>Limited Unscreened</strong></td>
<td>Demonstrate interest in a school by going to events.</td>
</tr>
<tr>
<td></td>
<td>- Sign in at an information session.</td>
</tr>
<tr>
<td></td>
<td>- Sign in at a school tour.</td>
</tr>
<tr>
<td></td>
<td>- Sign in at a school’s table at a middle school fair.</td>
</tr>
<tr>
<td></td>
<td>- Confirm with the school that you will receive priority.</td>
</tr>
<tr>
<td><strong>Zoned</strong></td>
<td>- Check your home address to see if you live in the zone—priority is given to these residents.</td>
</tr>
<tr>
<td></td>
<td>- Check your school address to see if you go to school in the zone—priority is also given to these students.</td>
</tr>
<tr>
<td><strong>Screened</strong></td>
<td>- Complete any additional requirements that may be listed on the school page.</td>
</tr>
<tr>
<td></td>
<td>- Check this program’s selection criteria to see what schools use in admissions.</td>
</tr>
<tr>
<td></td>
<td>- Contact schools directly to learn how specific programs rank applicants.</td>
</tr>
<tr>
<td></td>
<td>- Discuss with your school counselor how competitive your grades and scores are.</td>
</tr>
<tr>
<td><strong>Screened Language</strong></td>
<td>- Review the program’s information to make sure it would be of interest to your child.</td>
</tr>
<tr>
<td></td>
<td>- Contact schools directly to learn if/how they give priority to English Language Learners.</td>
</tr>
<tr>
<td></td>
<td>- Find out about the three models of English Language Learner programs in Section 8.2.</td>
</tr>
<tr>
<td><strong>Composite Score</strong></td>
<td>- Check this program’s selection criteria on its school page to see what the school uses to assign composite scores. Also note how different programs weigh different selection criteria.</td>
</tr>
<tr>
<td></td>
<td>- Discuss with your school counselor how competitive your grades and scores are.</td>
</tr>
<tr>
<td><strong>Talent Test</strong></td>
<td>- You must take the talent test to be considered for these programs. When you add any of these programs to your application, you’ll be invited to schedule a testing date and time.</td>
</tr>
</tbody>
</table>

## What Schools Use for Admissions

</tr>
</tbody>
</table>

* In accordance with New York State law, test results will not be the sole, primary, or major factor in admissions decisions. Instead, schools will use multiple measures to make admissions decisions.
4.9 Selection Criteria

Programs that have a screened, screened language, or composite score admissions methods use specific selection criteria to make offers. Look at a program’s selection criteria on the school page to see which factors that program uses to admit students.

- **For screened or screened language programs**: These programs’ selection criteria tells you what their school uses to rank applicants—the example above shows selection criteria for a screened program.

- **For composite score programs**: These programs’ selection criteria tells you which information is used to create each applicant’s composite score.

The selection criteria for programs with screened or composite score admissions methods will tell you which of the following are used when ranking and scoring applicants

- Final fourth grade report card
- Fourth grade New York State ELA and Math scores
- Attendance and punctuality from fourth grade
- Academic and personal behaviors, which are:
  - Manages time and consistently demonstrates effort to independently achieve goals
  - Works in an organized manner
  - Persists through challenges to complete a task by trying different strategies
  - Asks for help when needed
  - Respects school rules and works well in the school community

Academic and personal behaviors are usually part of the fourth grade report card. If your child’s school does not include them as part of the report card, ask school staff to provide this information.

Middle school admissions uses information from fourth grade to evaluate students for admission. School staff should not ask families to provide extra information in the form of report cards from additional years or separate recommendations from teachers.

**Tip:**
A program’s selection criteria can help you think about whether a program would be a good place for your child. For example, if your child has good grades and attendance but not good state exam scores, and a program looks at report card grades and attendance but not state exam scores, this selection criteria could work in your favor.
Most of the middle school admissions process happens in the fall, between September and November. Create an admissions calendar to keep track of the dates and times of middle school fairs, open houses, school tours, and appointments for programs that require interviews, auditions, or on-site assessments.

5.1 Middle School Fairs

Attend the middle school fairs this fall. At these events, you can meet with representatives from different schools on the same day, in the same place. The middle school fairs for different districts will take place on different dates in October. Visit schools.nyc.gov/Middle for the latest news on when and where a district's middle school fair will be held.

Tip:
Remember to have your child sign in at each school table you visit. Signing in will increase your child's chances of getting offers from programs that use the limited unscreened admissions method.

5.2 School Visits

Visiting a school is the best way to explore if it would be a good place for your child. It's also a helpful way to test the commute and see how long the trip is from home. Contact schools directly to find out if they have special events or open house listings.

Use our website to find a specific school's open house or information session dates—visit schools.nyc.gov/Middle.

Tip:
When visiting schools, always ask questions. Use the activity in this section as a guide. On sign-in sheets, write your contact information clearly.
Ask Questions at Middle School Events

When you speak with a school representative at a middle school fair or open house, try to ask one question from each box. Create your own questions to learn more about a school.

Tear out this page and bring it when you and your child visit schools and fairs.

<table>
<thead>
<tr>

</thead>
<tbody>
<tr>
<td>Where can I sign in to show interest in a school?</td>
</tr>
<tr>
<td>To apply to this school, do we need to do anything besides adding it to the application?</td>
</tr>
</tbody>
</table>

**My question:**
6.0 Get Your Middle School Results

In April, you’ll receive your child’s middle school results. These results will include an offer based on your child’s middle school application, and they may include a second offer from a new school or program. If your child receives two offers, you will have to choose between them.

7.0 Learn About Options After the Middle School Application

7.1 New Schools or Programs

If a new school or program is opening in your area, additional opportunities may be available for your child to apply to middle schools. If so, we’ll invite you to apply to new programs when they’re announced.

7.2 Appeals

Your middle school results letter will also include information about how to submit an appeal. If you want to try to change your child’s middle school offer, you may choose up to three programs on the appeal. Appeals are granted if there is remaining space in the program and if your child meets the selection criteria. You should only submit an appeal for a program that you would prefer more than your child’s middle school offer. If your appeal is granted, your child’s middle school offer will be automatically updated to a program requested on the appeal. For more information on appeals, talk to your child’s elementary school counselor.
8.0 Meeting Your Child's Needs

8.1 Students with Accessibility Needs

We are committed to ensuring that our programs, services, and activities are accessible to staff, members of the school community, students, and family members with disabilities. Facilities categorized as fully accessible are all buildings constructed post-1992 or partially accessible buildings that have been assessed and where it was determined all programs and services are accessible. Partially accessible buildings allow for persons with mobility impairments to enter and exit the building, access most relevant programs, and have use of at least one restroom, but the entire building may not be accessible.

We continually assess all of our buildings to determine levels of accessibility and ways to improve it. For the most up-to-date information on school building accessibility, please visit our website (schools.nyc.gov/BuildingAccessibility) or contact the school directly. We encourage you to visit schools to learn more about their accessibility.

8.2 English Language Learners

All NYC public schools provide a range of supports and services for English Language Learners (ELLs) to develop their English proficiency and prepare them for success in school, college, and/or careers. We offer three ELL service delivery models in NYC public middle schools:

<table>
<thead>
<tr>
<th>Program</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dual Language (DL)</td>
<td>In Dual Language programs, students are taught in two languages: English and their home language, such as Spanish, Chinese, or French, among others. The goal of this program is for students to be able to read, write, and speak in both English and their home language. In Dual Language classes, the home language and English are used equally.</td>
</tr>
<tr>
<td>Transitional Bilingual Education (TBE)</td>
<td>Transitional Bilingual Education programs provide reading, writing, and other classes in English and in the student's home language. As students' English improves, time spent learning in English increases and time spent learning in the home language decreases. Once a student is no longer identified as an English Language Learner, they will exit the program.</td>
</tr>
<tr>
<td>English as a New Language (ENL)</td>
<td>English as a New Language programs, formerly called English as a Second Language or ESL, provide instruction in English with support in the students' home language so that they can learn to read, write, and speak English. Students in this program can come from many different language backgrounds, and English may be the only common language among them.</td>
</tr>
</tbody>
</table>

The school pages of this Middle School Directory indicate which of the ELL service delivery models above are currently offered in each middle school, based on school reported data.

All middle schools must provide the ELL Parent Survey and Program Selection Form at the parent orientation meeting which is offered to all newly-identified ELLs. If you do not receive this form, please request it from the school. You may use the form to indicate your preferred ELL service delivery model, even if your middle school does not currently offer it. Middle schools can open a Dual Language or Transitional Bilingual Education program when there are 15 or more ELLs who speak the same native language in any single grade whose parents/guardians request either program. In this way, families can request which ELL service delivery models are offered in their child's school.
For the most up-to-date information regarding ELL service delivery models, please contact schools directly. For more information about services and supports for English Language Learners (ELLs), call us at 212-323-9559 or visit schools.nyc.gov/ELL.

### 8.3 Testing Accommodations

If a student's IEP shows testing accommodations, the accommodations will be provided when the student tests or auditions as long as the accommodations do not change the skills or content the test is measuring. If you are invited to participate in a test or audition, please be sure to work with your child's elementary school to communicate your child's needs and required supports and share documentation with the middle school as needed. Learn more about testing accommodations on our website ([schools.nyc.gov](http://schools.nyc.gov))—type “Testing Accommodations” into the search bar.

### 8.4 Students in District 75 Programs

Students with disabilities who are recommended for and have attended a District 75 program and are considering a middle school outside of District 75 should work with their IEP team to determine whether the recommendation for District 75 for middle school is still appropriate.

- If the student’s IEP team determines that the student no longer needs District 75, then the student participates in middle school admissions through the current District 75 school.
- If a student’s IEP currently recommends a District 75 program and the IEP team determines that the student will continue in District 75 for middle school, the student will be notified of their District 75 middle school placement in May or June by their District 75 school.

### 8.5 Students in Temporary Housing

Students in temporary housing may apply to any of the programs included in their middle school application, even if their housing situation is uncertain. Students in temporary housing, as defined by The McKinney-Vento Homeless Assistance Act, are not required to submit documentation (including address, proof of date of birth, and immunization) in order to participate in an admissions process or enroll in school.

### 8.6 LGBTQ and Gender Nonconforming Students

Middle schools admit transgender and gender nonconforming students to programs and schools, including single-gender (female students only or male students only) programs, in accordance with their gender identity consistently asserted at school, regardless of sex assigned at birth. A transgender student interested in a single gender school should ask their school counselor to assist in the application process. Families can learn more at [schools.nyc.gov/TransgenderStudentGuidelines](http://schools.nyc.gov/TransgenderStudentGuidelines).

### 8.7 School Location and Transportation

We offer transportation to middle school students based on these criteria:

- **Students in sixth grade** are provided with free transportation if they live one mile or more from the school; if they live closer than that but more than one half mile from the school, a half-fare MTA bus pass is available on request from their school. Free transportation is provided as either a yellow bus or a MetroCard. Students receive yellow busing if (i) their school has bus service, (ii) they live in the same school district as their school, and (iii) if a stop exists, or can be created. Stops cannot be created if they make the existing route longer than five miles, as measured through each stop to the school.
• **Students in seventh grade and above** are provided with MetroCards if they live one and a half miles or more from school. If they live closer than that but more than one half mile from school, a half-fare MTA bus pass is available on request from their school.

• **Students receiving special education services who are mandated to receive specialized transportation on their most recent IEP** are placed on bus routes to and from the school they attend. In addition, parents may request additional medical accommodations based on their child’s special needs which may also affect the type of vehicle or route on which the student is placed.

For more information, call us at **718-392-8855** or visit schools.nyc.gov/school-life/transportation/bus-eligibility.

### 8.8 Accountability

We collect information about school practices and outcomes, which can help identify each school’s strengths and areas for improvement.

This directory lists some of this information on school pages. The Performance section on each school page contains the following:

• **Course and test results:** The percentage of students who passed courses in the core subjects (English, math, social studies, and science), and the percentage of sixth, seventh, and eighth grade students who scored at Level 3 or 4 on the New York State ELA and Math tests

• **NYC School Survey results:** The percentage of students who feel safe in the hallways, bathrooms, locker rooms, and cafeteria as reported on the NYC School Survey

Average performance data for schools in this district during the 2016-2017 school year can be found in the **District Information and Map** section of this directory.

If you have questions about this section, please speak to your school counselor or enter any school’s name in the search bar at schools.nyc.gov/Find-a-School—click on the Data and Reports tab to find detailed information on each school’s performance in their School Quality Snapshot, School Quality Guide, and other reports.
Multiple Zoned Schools
In District 12, some families are zoned to two schools: Herman Ridder (J.H.S. 98) and E.S.M.T. (I.S. 190).

If your family is zoned for this pair of schools, consider adding both schools to your child's middle school application. If your child applies to both of their zoned schools and does not get an offer to a higher choice, they have a priority to attend one of them. However, if your child applies to only one of their zoned schools, they may not receive an offer to either.

What is the performance of a typical District 12 middle school?
- 84% of students passed core courses
- 21% of students scored at Level 3 or 4 on the State English Test
- 11% of students scored at Level 3 or 4 on the State Math Test
- 79% of students feel safe in the hallways, bathrooms, locker room, and cafeteria

District Schools

All students and residents of this district may apply to middle schools in this section.
Our community-based organization partner Sports and Arts (physical fitness, dance, visual and theater arts) and (college and career readiness) enhance the conventional curriculum by helping students with academics and providing vocational, sports, health, dance, art, and theater programs after school and during holiday academies. Parents appreciate the personalized instruction we offer to meet the needs of each student.

M.S. 129 functions like a family unit. Students and teachers respect one another. We are proud to be members of the M.S. 129 campus! Our programs are exciting and allow students to take on the challenges of the Common Core. Some of our programs include: Fountas and Pinnell Guided Reading, Rosetta Stone, and Achieve 3000 technology program for our English as a New Language students, READY test preparation, Code X, CMP3 math, and GoMath. Parents are grateful for the principal’s open-door policy and the structured disciplinary environment that includes a uniform policy and our high academic expectations. Our goal is to promote independent learning and leadership to all of our students. It is essential that our children understand the value of education. It is our job at M.S. 129 to teach our students to value themselves and to help them realize their full potential. They must push themselves to achieve high marks and to be self-directed leaders if they are to succeed in the future.

We are a collaborative school community dedicated to improving our students’ academic performance while fostering their physical, mental, social, and emotional growth. We provide a nurturing environment, and to address the needs of each student, we offer data-driven instruction that supports college and career readiness. Through continued collaboration with parents, administrators, staff, and community-based organizations, we prepare every student to meet the needs of an ever-changing society. We envision that each student values education, holds high personal and educational expectations, is accountable for his or her learning, communicates effectively, excels in all areas, connects school and real-life situations, and develops into a lifelong learner. To maintain an environment that is safe and conducive to learning, we implement the Positive Behavioral Intervention and Supports (PBIS) and The Leader in Me programs. By developing well-rounded students, we help them unleash their individual worth and potential to lead their own lives.

Since our doors opened in 1969, generations of students, including some of our current teachers, have grown and developed in our classrooms. As we serve pre-K to eighth grade, a majority of our students stay in the school for over nine years. We offer a wide curriculum alongside an extensive Sports Program and an Arts Program that includes Encores!, a program at New York City Center which has affiliations with various museums in New York City (including The Mount Vernon Hotel Museum & Garden) as well as out of state (Plimoth Plantation in Massachusetts). Additionally, we have a strong partnership with the New York Botanical Garden and with the NY Common Pantry Healthy Eating Program. The Healthy Eating Program provides nutritional lessons for students in all grades as well as a parent workshop that involves our school community vegetable. We are a bilingual school committed to providing high-quality education to all students by meeting their emotional, social, and educational needs. We are also proud of our association with the Children's Aid Society, which enhances our services by providing after-school and holiday programs, and other community building activities.

At P.S. 214, we help students succeed by offering a challenging curriculum based on student interests and a distinctive school culture based on high expectations. Students' character development is fostered through a solid advisory program, a peer mediation program, an active student action committee, and rich service learning opportunities. Through the Skedula online program and quarterly progress reports, we strive to keep parents up-to-date with students' progress. P.S. 214 was one of the proud winners of a Campaign for Middle School Success improvement grant. Eighth graders have the opportunity to enjoy a full day filled with entertainment at the Great Adventures Amusement Park as part of senior activities. We received the distinction as one of the top five most improved mathematics schools in the Bronx by the Daily News (June 3, 2009), and were recognized by the NYC Department of Education as a model school for creating a pipeline and training site for NYC teacher apprentices.

The Bronx Latin School is a college preparatory school for students in grades 6-12. We offer a rigorous program of arts and sciences and encourage serious scholarship, independent thought, and clarity of expression. We work to inspire students to achieve their personal best through collaboration, inclusion, and goal-setting in a supportive environment of high expectations. We believe every child has the right to an exemplary education. We strive to empower our students to thrive in and graduate from college and positively impact their communities. Along with the integration of technology in the classroom, our integrated curriculum engages students and connects rigorous learning in the classroom with the real world. Parents value Bronx Latin’s small classes and student support services. These services include daily advisory, before- and after-school tutoring, as well as Saturday test preparation classes. Bronx Latin students all participate in Socratic seminars and exit projects. Bronx Latin also offers accelerated eighth-grade courses where qualifying students will sit for the Common Core Algebra Regents and the Living Environment or Earth Science Regents Exam at the end of their eighth-grade year.

Students participate in technology-enhanced inquiry and community-focused, project-based learning. In eighth grade, they are exposed to the high school atmosphere by having the opportunity to take Regents exams and high school elective courses for credit. Parents are excited about the resources available at our school, including access to their child's grades and academic performance through our Skedula Program. Through our Kid Talk sessions, we help students achieve academic excellence.

Frederick Douglass Academy V nurtures and supports the growth of caring and compassionate critical thinkers through arts-infused, authentic learning. Our students graduate academically and socially minded, ready for success at the high school and college of their choice and capable of meeting the demands of the 21st century. Our mission is to support each scholar in becoming socially minded and academically focused young adults, capable to succeed in the high school, college, and career of their choice through the 4 C's critical to success in the 21st century: Compassion, Collaboration, Communication, and Creative Critical thinking.

Our mission is for our students to graduate knowing how to work effectively, think critically, and act compassionately. With an emphasis on Common Core Standards, students are able to justify mathematical arguments, design experiments, study historical artifacts, and analyze literature. Laptops and SMART Board technology are used to enhance learning. We are a small school with and advisory program so every student and family has an adult to reach out to at the school. Town halls celebrate school-wide events, and we provide mediations to resolve conflicts peacefully and with compassion. We provide an environment that focuses on supportive services and developing our youth into leaders. We have partnered with other organizations to provide these additional opportunities for our school community. Children's Aid Society provides daily after-school programs. Students have access to individual therapy through Astor located within the school building. In collaboration with Partnership with Children, we offer student leadership and youth development groups such as: Peer Mediators, Student Ambassadors, and Lunch Leaders. Free eye examinations and glasses are available from the Helen Keller Foundation for all students.

Knowledge and Power Preparatory Academy III (KAPPA III) is a multicultural middle school located in the Bronx. At KAPPA III, we create and sustain a college-going culture to ensure all students have the knowledge of a post-secondary education. Each morning students begin their day reciting a chant. The chants provide a sense of pride and teach students to be responsible, internalize values, and help them develop capacity for self-motivation and self-discipline. KAPPA III uses an ECard system as a school-wide Positive Behavior Intervention & Support system to establish a climate in which appropriate behavior is the norm. Students earn points throughout the week and redeem the points at the KAPPA III store for prizes. Students participate in Multicultural Day, which provides an opportunity for them to learn about different cultures. Every Friday students receive advisory lessons to establish and maintain a climate of positivity and acceptance towards themselves and others. Students participate in team-building activities to enhance problem-solving skills, develop trust, and improve teamwork.

I.S. 318 is designed to help students excel in math, science, and technology through the arts in order to meet the demands of an ever-changing world. We nurture, support, guide, and enhance students’ learning while preparing them to adapt to meet the demands of any fast-paced career. We provide a wide range of instructional programs, including blended instruction. We are a technology-based school with SMART Boards in every classroom and laptops in every classroom. In partnership with our community-based organization, Children's Aid Society, we offer an advisory program to support students' social-emotional growth embedded into the school day and a free after-school program five days per week.

At ACCION Academy, we have a unique opportunity to provide an individualized, warm, and caring environment for our students because our school is just the right size. Serving an average of only 135 students per year, ACCION is less than one-third the size of the average middle school in New York. This means that our compassionate veteran teachers can form meaningful relationships with students and parents on the journey towards success. We can give each child our full attention to ensure they receive whatever services, programs, or activities they need to grow. ACCION stands for “Achievement, Community, Consciousness, Integrity, Opportunity Now!” Our family-oriented school community fosters the highest levels of achievement, mentoring, and service. The student government helps to influence our school's decisions. The CBO we work with is the PHIPPS program. They provide enrichment and recreational activities to promote student autonomy and hands on activity to through role play and problem solving during the after-school program. Furthermore, there are variety of activities including a robotics team, comic book illustration intramural sports, drama, dance, and much more.

Emolior Academy is a small academic community located in the West Farms neighborhood of the Bronx. Our main focus is rigorous instruction that will prepare our scholars for not only their high school experience but well beyond into their college years. We believe in a parent-school partnership and encourage our parents to take an active role in their child’s academic experience. We are a uniform school and offer advanced courses in Integrated Algebra and Living Environment. Through our partnership with The South Bronx Overall Economic Development Corporation (SoBro) we offer an after-school and Summer camp program. Scholars participate in an advisory program and in yearly college visits. Our parent-teacher conferences are scholar-led and parental participation is expected. Through the use of the Emolior Academy school app, parents are able to access scholar progress and communicate with teachers directly to determine appropriate interventions when needed.

Boroughwide Schools

All Bronx students and residents may apply to middle schools in this section.
I.S. 584 is a new middle school located in Melrose and committed to an instructional focus of dual language (Spanish) and STEAM (Science, Technology, Engineering, Arts, and Mathematics). The goal of a dual language program is to educate students to become bilingual and bicultural. STEAM education helps create critical thinkers, increases science literacy, and enables the next generation of innovators. Family and community stakeholders will be key partners in the development of the new middle school. The academic curriculum will be supplemented with activities to further develop student skills, and community organizations will partner with the school to enrich the student experience.

Programs Offered

I.S. 584 Spanish Dual Language Program
Program Code: X584M
Admissions Method: Screened: Language
Program Eligibility: Open to students and residents of the Bronx

The James M. Kieran School (J.H.S. 123)

Serving students and their families from the Bronx, J.H.S. 123, The Bronx Urban Community School of science, technology, engineering, art, and mathematics (STEAM), is the place for middle school students who are looking to be problem-solvers and powerful communicators in a rapidly changing 21st century world. We believe students learn best when they are provided with real-world opportunities to learn by engaging in inquiry, research, and reflection through science, technology, engineering, art, and mathematics that are relevant to their lives. Students appreciate teachers immersing them in rigorous and engaging project-based curricula, while nurturing them to be empathetic, independent individuals capable of shaping their own futures. Students have the opportunity to build leadership through participation in sports teams, student government, and community service. We partner with outside organizations to provide extracurricular and academic support services.

The goal for all students who attend Dunbar Middle School is to “Get Better Every Day!” Our approach to education is identified by creativity, collaboration, and community. Students engage in problem-based learning in math, hands-on activities in our state-of-the-art science lab, presenting and justifying claims in social studies, and using the Teacher’s College Writers’ Workshop in ELA. Our partnership with Lincoln Center exposes our students to the arts and gives our community access to Lincoln Center, as well as to free shows at our school by world renowned performers. We partner with Children’s Aid Society to offer a comprehensive approach to education for the benefit of our students and their families. We will identify the strengths and needs of each student, extend school hours to expand learning time, work with our students to become more college and career ready, and engage families in the educational experience.

**Programs Offered**

**The Paul L. Dunbar Middle School (M.S. 301)**

The Mission of the Bronx Mathematics Preparatory School is to prepare students for success in college, leadership, and life. We achieve this mission by creating a student-centered environment that unifies the efforts of family, community and school to foster life-long learning, cross-cultural relationships, social responsibility, and academic excellence. The underlying belief at the Bronx Mathematics Preparatory School is that all students can go to college and that their preparation is our professional responsibility and moral obligation. We boast and are very proud of our students who have gained admission into Bronx High School of Science, Manhattan Village Academy, High School of Environmental Studies, Manhattan Center for Mathematics and Science, and Theatre Arts Production School. We believe that with appropriate academic supports, students of all abilities learn more in courses with highly challenging content than in those with low academic rigor. It is the goal of the Bronx Mathematics Preparatory School to equip students with the necessary skills, strategies, and knowledge that will prepare them for success in middle school and high school resulting in them being college and career ready.

The Hunts Point Middle School is a school of extraordinary expectations. We foster and nurture an environment to support and maximize the exchange among teachers, students, and staff. Hunts Point Middle School is committed to providing young people with critical and adaptive thinking skills to strive for excellence in the college and career of their choice. Through rigorous and engaging curricula, we prepare our young people to become lifelong learners and productive citizens of the 21st Century. We welcome parents at our monthly Breakfast with the Principal and other school events and encourage them to be active partners and volunteers. As a Community School, we are partnered with ASPIRA, a national nonprofit organization devoted to the education and leadership development of Bronx youth. We also are continuing our partnership with Graham-Windham for after-school activities. We are committed to changing attitudes, changing directions, and changing lives.

At M.S. 22 we work together as a team to ensure high-level student learning for all. We are respectful, organized, responsible, and safe (RORS). Teacher teams work with small groups of students to meet the students' academic, social, and emotional needs of our students. Team 22 works together to ensure that every student leaves our building at the end of eighth grade prepared for success in high school and beyond.

Our Mission at the Wade Academies M.S. 117 is to provide a safe, nurturing, educational community that develops the whole child through implementation of rigorous, CCLS-Aligned instruction as well as systems and structures that support the social and emotional needs of adolescents. We celebrate perfect and most improved attendance with monthly rewards and incentives. Students have the opportunity to showcase their talents at our Winter Wonderland Show, Cultural Dance Show and the end of the year Wade Idol. We host Annual Career Day. All students are allowed to select up to three clubs they would like for the school year. We have four Academies within our school: New Horizons, World Culture, Social Justice, College and Career Explorations.

The mission of the Eagle Academy for Young Men is to develop young men committed to the pursuit of academic excellence, strong character, and responsible leadership. We are a college-preparatory school focused and committed to the school's guiding principles of academic excellence, mentoring, leadership, integrity, character development, and community service. We are part of a network of six all-male schools across the New York City area which work in collaboration to support the needs of our community and our young men. Our scholars are provided rigorous academic opportunities, offering Regents courses in the middle school and intensive reading interventions though the Middle School Quality Initiative. We partner with parents to educate the whole child and provide regular community-based parent workshops open to all families. We prepare our students to join the ranks of future leaders in society. Our scholars are expected to conduct themselves professionally, wear uniforms, and participate in cultural rituals as part of their normal school routines. Successful male professionals from a wide array of careers act as mentors to provide scholarship and internship opportunities.

Our students like the security and stability of the School of Leadership Development. The relationships they build with teachers and staff are invaluable. Our students also enjoy being challenged academically and having many extracurricular activities. We invite our parents to become a part of their children's education by having an open-door policy, as well as providing them with contacts to outside agencies that can assist them with social and emotional supports for their children and family.

Bronx Early College Academy (BECA) is an authorized International Baccalaureate World School since 2014. In addition to a rigorous academic experience, our students benefit from BECA’s partnerships with world class institutions such as the American Museum of Natural History, the College Bound Initiative, City Year, and the Joy of Computing. BECA offers an array of extracurricular activities such as drama and community service opportunities. BECA has also been an iLearn school since 2010, offering online courses. Families appreciate our safe, welcoming environment, and dedicated faculty.

At New Millennium Bronx Academy of the Arts, we aim to “inspire and empower every child to pursue excellence with passion.” Our core curriculum emphasizes writing across the curriculum in order to prepare students to engage critical content, expand their thinking, and graduate as strong writers prepared to meet the demands of high school, college and career. All students maintain a robust writing portfolio that demonstrates their learning in their core academic classes. We offer a theater arts program where students create set designs, write/perform plays, and create full scale productions. Students are also able to choose from a variety of arts and enrichment courses each semester including: dance, architecture, and ceramics. In addition to the liberal arts, all students have the chance to explore their talents and strengths in other areas like sports and fitness. We have a recreational soccer league, competitive basketball and baseball teams. Finally, as a community school we believe in caring for the whole child. We have an onsite health clinic to support students and families with health care: vaccinations, visual, dental and mental health services.

Our mission is to cultivate and develop our entire school community so that all students are college and/or career ready. With a focus on all populations of children, teachers will engage collaboratively to ensure accelerated student learning through reflective practice and professional learning experiences. A guiding philosophy of all adults in our school community is that every student deserves an effective teacher, and we work tirelessly to seek out opportunities that will advance this belief.

Students love our small class sizes and the individualized support they receive in every class. Some students have the opportunity to accelerate their progress through middle school and high school classes using our mastery-based course design and a variety of online learning options. Some eighth-grade students have access to ninth-grade courses during the Spring semester. Daily after-school support classes help students understand course expectations, complete assignments, and practice necessary academic skills. Talent development courses in the art, music, and athletics allow students to explore non-academic interests throughout the school day. Regular group advisory sessions, after-school activities, and internships offer the chance for students to develop leadership skills, get to know their peers, explore careers, and have fun.

We aim to develop a community of self-confident and innovative young women, empowering them to be tomorrow's leaders, particularly in the areas of science, technology, engineering, and mathematics. We capitalize on the intellectual curiosity and creative spirit inherent in all young women as we develop lifelong learners who are armed with the skills necessary to successfully complete any college- or career-readiness program and become productive members of society.

MS 593 is a small middle school located on the Teller Avenue Campus in the Bronx. We are a Community School, and as part of the Internationals Network for Public Schools (http://internationalsnps.org), we serve newcomer English Language Learners, in the United States for four years or less. We pride ourselves on knowing our students and families well, and providing our students with a warm, nurturing community that will support them in developing their literacy skills to enable equity and access. Our students leave us after three critical years as literate, creative, caring, and confident participants in their community. We provide students with a robust interdisciplinary approach to skills, and a comprehensive literacy program including: close reading, independent reading, guided reading, and reading intervention. We provide students with multiple opportunities to showcase their work and learning through student-led conferences, presentations of learning and passage presentations, fostering confidence and presentation skills necessary to thrive in our community.

Steepled in rich history, with graduates such as Ralph Lauren, Calvin Klein, and Penny Marshall, JHS 80 – Isabel Rooney has long been a cornerstone for the vibrant and ever-changing community of Norwood in the Bronx. As times change, so does the focus and drive to create a new history. Our mission here is to empower our students with the 21st century skills necessary to be successful, not only in secondary education, but in careers such as engineering, technology, and the performing arts as a STEAM school. At M.S. 80, each student is provided an Apple MacBook for daily use at school. iPads are also provided for students to take home. All classes are equipped with the latest tech tools: SMART Boards, pointers, clickers, student microphones, amplified sound, and Apple TVs. In addition to digital curricula, students are given 24/7 access to digital tools such as: iReady, Achieve 3000, Rosetta Stone, Khan Academy, IXL Math, myON, and NewsELA. The school has an Accelerated Track program which prepares students to take five high school Regents by the end of their eighth-grade year (Living Environment, Earth Science, Algebra, US History, and English). Accelerated Track students begin preparation for specialized high schools as early as sixth grade.

TAPCo is one of the first public STEAM (science, technology, engineering, arts, math) schools in NYC. We provide a strong academic program and the opportunity for students to explore all of the arts. In high school, students can study dance, instrumental or vocal music, drama, or visual studies. Students and parents appreciate our family-like atmosphere, our many different activities, and our strong, supportive staff. TAPCo has a dance studio, full-sized auditorium, a theater-scene shop, a video production studio, two chorus rooms, and an art room. We partner with the 92nd St. YMCA and Lincoln Center. Our college acceptance rate is 99% with over $1.5 million in student scholarships and grants. We communicate with families through our school website, morning announcements, student meetings with their staff agents, town hall meetings, an open-door policy for the administration, and our parent association. TAPCo was cited as a hidden gem in New York City's Best Public Middle Schools: A Parent's Guide. We will also be the only school in the city that offers a rooftop garden/outdoor performance space as a learning environment for our school community.

**ACADEMICS**

- **Language:** French
- **Elective:** We offer Living Environment and Algebra courses culminating in a New York State Regents exam.

**ACTIVITIES**

We have a longstanding after-school partnership with Sports and Arts Foundation (SASF), which provides academics and recreation for our Middle Students until 5:30 pm, on Saturdays, and during holiday breaks. TAPCo Middle School Teachers are employed by SASF so students have a real connection personally and academically during after-school. We also have a very active running club, and will be having a school band (Latin Jazz focus) in the 2018-2019 school year.

**Sports:** Basketball, Flag Football, Soccer, Softball, Volleyball
Bronx Dance Academy has clearly defined and measurable high expectations for academic and artistic achievement. We expect our students to be in school on time and to respect themselves, their classmates, all adults, the building, and the community in which our school is located. Students, parents, teachers, and staff create and reinforce a culture of achievement and support through a range of formal and informal rewards and recognition for academic performance and artistic excellence.

PROGRAMS OFFERED

**Dance (Performing Arts)**

Program Code: X308M

Academic Programs Include: ELA Lab, Math Lab, Power Hour (study hall and homework tutoring); Montefiore Mosholu Community Center (MMCC) Programs Include: Cooking and Cooking Cosmetics; Dramatic Arts; Hip-Hop Dancing; Leadership Take Charge; LEGO Robotics; Man Cave and Girls Rock Life Skills Program; Videography; Vocal Lounge; Zumba
Sports: Basketball, Step
We offer an academically challenging curriculum that prepares students for high school and beyond. Many of our students have been accepted to prestigious programs, such as TEAK Fellowships. We offer a transitional bilingual program for students who are new to the country (zero to three years in the country). We also offer specific tutoring for students with individual needs. At the Bronx School of Young Leaders our mission is to “enjoy and improve the world”. We have many special programs aligned to our mission at the school. Students work hard to be Super Scholars and attend special trips when they qualify by having 85% or higher in all of their classes. We have a wonderful attendance rate, higher than the city average, and we take students with perfect attendance on special field trips. So many extracurricular opportunities are available including: dance, music, visual arts, basketball, baseball, soccer, computer science, sign language, spoken word, chess, documentary film, and volleyball. We offer several programs on Saturdays through our CBO, Fordham University. Parents attend classes in English as a New Language and fitness. We are a community school and we always welcome the ideas of parents, students, and community members.

CHAMPS Sports—Girls: Basketball League, Volleyball League
Sports: Baseball, Basketball for all levels on Saturdays, Football, Girls Basketball, Soccer, Track and Field
The Academy for Personal Leadership and Excellence (APLE) gives students opportunities to participate in community service learning projects, and uses technology such as SMART Boards and iPads to showcase these projects. Students like our special programs and enrichment classes that encourage participation and teamwork. Each student who enrolls at APLE receives their own Chromebook which they use for their three years in middle school. Parents like our school’s commitment to developing leadership skills and social awareness through a Common Core Learning Standards academic program. Parents also like the individual attention students receive from teachers who help them create, monitor, and achieve academic goals. APLE promotes positive communication and engagement through our offering of educational workshops and various community including morning- and after-school programs, Saturday Academy, parent workshops, and assemblies. Our building houses a state-of-the-art dance room, fitness center, spinning room and newly renovated swimming pool. Our school playground is equipped with six basketball hoops and one full court.

At Middle School 390, we offer a variety of exciting and engaging extracurricular activities which keep our students interested in school. Our school culture emphasizes student social-emotional development empowering students to make positive decisions and develop leadership skills through the implementation of the 7 Habits of Highly Effective People: Leader In Me process. We foster strong relationships with our families while maintaining consistent communication about our students' progress. Each class is 100% equipped with high quality technology (one-to-one iPads and laptops). We are part of the Middle School Quality Initiative and Learning Partners Program. In addition, we offer dual language and transitional bilingual programs in English and Spanish, as well as an Honors/Regents Program designed to provide students with the opportunity to participate in Regents courses in the eighth grade (Algebra, US History, and Living Environment). Thus, maximizing opportunities for college and career readiness. Our ideal students will be committed to engage in a rigorous curriculum and participate in our high school and college prep programs (Cornell University-Juntos Program, Lehman College- GEAR UP, BCC- STEM, TRIO, STEP, and LPP).

As a Community School, our role is to build and solidify a successful, culturally responsive environment that demonstrates genuine care for our scholars and community. We continue to develop instructional practices that engage students at their level to grow towards standards setting work. We strive to include children in academic discussions with teachers and parents through Student Led Conferences. Growing and encouraging the sharing of scholars’ voice is our communities future. We expect parent to be actively engaged in their scholar’s learning by attending each Student Led Conference and other family learning activities. With this engagement, families see how scholars are striving for excellence in completing projects and celebrating their accomplishments. Parents are encouraged and expected to monitor their child’s academic progress through the use of our online grading system, PupilPath. Students also experience the integration of technology into their content areas as we move further into a multi-media world. Our enrichment activities encourage student choice of programming including: chess, scrabble, regents living environment, regents Algebra, theater, band and hip hop therapy to enrich their learning.

The community of leaders at Leaders of Tomorrow is dedicated to personal and academic excellence. Choosing to live in the community obligates each member to a code of civilized behavior. Allegiance to these ideals requires each of our students to refrain from and discourage behaviors which threaten the freedom and respect every individual deserves. Each student at our school is considered a leader and as such we expect them to adhere to the following creed: “A Leader practices personal and academic integrity. A Leader respects the rights and property of others. A Leader will discourage bigotry, while striving to learn from differences in people, ideas, and opinions. A Leader will demonstrate concern for others, their feelings, and their needs for conditions that support their work and development.”

Adults at our school know each individual student’s academic and social character and work hard to inspire students to learn. Students appreciate being a part of an environment where adults and students are mutually respectful. Parents love the multiple opportunities they are afforded to be involved in their child’s education. The school focuses on communicating well with parents. Harbor Heights Middle School had a 97% attendance rate in 2014-2015. Based on our 2014-2015 Quality Snapshot, 100% of our parents are satisfied or very satisfied with the education their child receives and the opportunities parents have to be involved with their children’s education.

Citywide Schools

All New York City residents may apply to middle schools in this section.
New Explorations into Science, Technology, and Math (NEST+m) is a Citywide G&T K-12 school. Our academically rigorous program has made us one of the finest schools in the city. We are committed to developing each student’s capacity for academic and intellectual achievement. We are committed to developing each student’s capacity to learn both individually and collaboratively. We provide a range of services for students with disabilities including a full-inclusion program. NEST+m students blossom into practitioners: scientists, mathematicians, engineers, artists, writers, historians, musicians, painters, and linguists who approach their studies with passion and purpose.

The Ella Baker School is a pre-K-8 public school located on the Upper East Side of Manhattan in the Julia Richman Education Complex. We are a non-catchment area school and accept students from all five boroughs. We serve a population of approximately 320 students from culturally diverse backgrounds. A critical aspect of Ella Baker’s mission is to provide continuity in each child’s school experience from kindergarten through eighth grade. It is our expectation that our students will continue with us through the eighth grade. We do not hold middle school tours, as it is rare that there are spots open in the upper grades.

Programs Offered

Program Code: M225

The mission of P.S. 347 is to provide a joyful learning environment that celebrates the education, growth, and uniqueness of every student. An engaging and rigorous standards-based curriculum is offered in American Sign Language (ASL) and Standard English, and is supported in small classes that provide children the opportunity to achieve their personal best. Our staff is committed to inspiring and encouraging curiosity, empathy, and social awareness by developing higher-level thinking skills and exploring real world issues that extend into the community. By fostering a partnership with families, we support individual student goals to enable each child to become an independent and responsible lifelong learner, and prepare them for success in the journey to higher education. Middle School students at PS 347 are offered courses in American Sign Language, Deaf Culture, Dance and Art. Students also have opportunities to develop leadership skills by participating in the Student Council and student-led clubs such as our Gender and Sexuality Alliance. We also partner with Manhattan Youth to provide daily after-school programming for Middle School students.

The Institute for Collaborative Education (ICE) is a small, community-focused school where the needs and academic interests of our students come first. Teachers utilize a project-based curriculum that emphasizes student-centered inquiry, forming substantive arguments, written and oral presentations, and the active and ongoing exchange of ideas. At ICE, we encourage students to develop their own points of view and practice the intellectual disciplines of conducting formal research and defending complex academic arguments.

The Professional Performing Arts School (PPAS) partners with top rated New York City arts organizations to provide high quality training in the performing arts and a competitive academic program. In partnership with the theater company Waterwell, middle school students receive 90 minutes daily of acting, dance, and voice classes. Our curriculum provides students with the artistic and personal skills to be leaders in the field and in whatever profession they choose to pursue. PPAS middle school students are guaranteed a placement in one of the PPAS high school arts programs if they choose to stay. We provide a middle school experience that is well-rounded and considers every child's interests, learning styles, and needs. Open auditions will be held for any interested candidate. Audition information can be found at the school website: ppasnyc.org.

Citywide School
Quest to Learn teachers make learning fun and challenging. We make learning fun. Teachers work with curriculum developers from the Institute of Play to design games that build academic and social skills. In ELA courses, students use table games to debate the strength of evidence; in math, students use a card game, Absolute Dash, to mix and match integer operations to gain the most points. As they build skills, students demonstrate their learning through collaborative, creative projects, taking a variety of roles from newscast producer to Revolutionary War spy to roller-coaster architect. We challenge all students academically providing every 8th grade student with Earth Science and Algebra Regents courses.

The Anderson Middle School (AMS) provides a judicious combination of an accelerated and enriched curriculum for the distinct needs of gifted learners. Our upper grades are fully integrated within our highly successful K-8 school. With only two classes per grade, the relationship between students and teachers is personal and supportive. This smaller population fosters a strong sense of community. Guided by educators who recognize the needs of children with outstanding intellectual potential, we provide intimate, differentiated, and departmentalized instruction that encourages critical thinking, creative problem-solving, divergent thinking, research, independent study, collaboration, and self-evaluation. Parental involvement and support sustains the spirit and growth of AMS. The Anderson School seeks a diverse student population, including ICT students, and welcomes applications from across the five boroughs. Please visit our website to review our admissions rubric before applying.

The mission of the Special Music School is to teach musically gifted children through highly structured instrumental training and a standards-based academic program. The school prepares students for professional music careers while recognizing that not every student will choose such a career.

The underlying philosophy of the Special Music School is the belief that music education for gifted pupils requires: 1) extensive opportunities to work one-to-one with an outstanding instrumental faculty; 2) a structured, sequential music curriculum; 3) opportunities to perform before audiences; and 4) interaction between general academics and musical studies. Our goal is to see each child reach his or her academic and musical potential. Our vision is that all students will become lifelong learners and critical thinkers in our caring and respectful learning environment. We encourage parental involvement in all aspects of the school.

At the Talented and Gifted School for Young Scholars, faculty, parents, and students work together to prepare students to develop to their full potential. We seek to inspire inquiry, creativity, and achievement for all of our students. We teach compassion, integrity, and respect for all humanity and cultivate lifelong learning. Through this collaborative effort, we promote physical and emotional well-being and develop each student's individual interests and talents. We provide a strong education program in which all students develop critical- and creative-thinking skills and design meaningful educational experiences to promote academic and personal growth. Our professional and supportive staff is sensitive to the needs of each student, dedicated to providing a quality education, and has a genuine love of children. We engage in ongoing self-evaluation that ensures that we are effectively working to achieve our own goals and those of the Department of Education.

The Manhattan East School for Arts & Academics will provide students with a rigorous 21st century liberal arts education in a safe and caring learning environment. Through this approach, we foster high academic expectations, knowledge of the arts, and respect for diversity and for self. Manhattan East is an inclusive, holistically screened school wherein the power and beauty of the whole community supports each student to the highest level of critical and creative thought. At Manhattan East, all students engage in a continuum of rigorous arts and academic courses, culminating in up to three Regents Level High School classes and the opportunity to specialize in an art form of choice. Teaching and learning at Manhattan East is a combination of progressive and traditional practices, with high levels of teacher facilitated student discourse (accountable talk) and a focus on high-school-preparedness and college- and career-readiness.

The Lenox Academy offers an academically accelerated program for middle school students. We provide a high-quality education within a learning environment that supports young learners. Lenox Academy’s rigorous academic program, coupled with a highly skilled and experienced staff, has proven successful. Many of our 8th grade students from the class of 2017 were accepted to specialized high schools. Most have received acceptances to select public high schools; others have accepted placements in private day and boarding schools through scholarships. Lenox Academy promotes academic excellence and challenges students to meet NYS standards with distinction. Over 90 percent of our students met standards [Level 3] or met standards with distinction [Level 4] on the 2016-2017 New York State Standardized exams. All of our seniors are administered the English Language Arts and Algebra I Common Core Regents, Living Environment Regents and Spanish Proficiency exams. Our SONYC after-school program offers expert instruction in martial arts, culinary arts, dance, theater, basketball, volleyball, and photography.

We offer an arts-enriched school environment. We want our students to see themselves as mathematicians, so we foster deep comprehension of math concepts by helping our students acquire habits of mind: persisting, questioning, communicating with precision and clarity, thinking flexibly, listening with understanding/empathy, and thinking interdependently. BSI students read diverse content and their writing includes feature articles, informational texts, comic books, interviews, persuasive essays, literary analysis, and literary criticism. We teach our students to engage technology, to think critically about what they see, and to be thoughtful about how they use technology to express their thoughts and ideas. Parents play a crucial role in both the daily life and long-term growth of BSI. Through a vital home/school connection, we build a learning community based on respect and cooperation. Our advisory program is critical to supporting the social and emotional needs of our students.

Students thrive in a community that blends academic rigor with visual and performing arts. Every student has a focus in one of our Talent programs: Art, Computer Science STEM, Creative Writing/Journalism, Dance, Drama, Instrumental Music (Strings or Winds), Media, Science, and Vocal Music. Parents appreciate the personalized attention of our mini-school cluster system. Teachers and support staff have time in their weekly schedule to collaborate with parents and caregivers to provide the best academic and social/emotional development for each student. Almost all graduates go on to NYC’s Specialized High Schools and select programs. All students receive and utilize iPads and interactive digital curriculum throughout their courses.

Scholars' Academy | 27Q323

Mission Statement: To prepare for colleges and careers of the 21st Century
Vision Statement: To engage the entire Scholars' Academy community in cultivating and celebrating well-rounded scholars and citizens equipped with the knowledge, skills, and attitudes to pursue success and happiness in the 21st Century

Scholars' Academy is a highly rigorous school earning “Well Developed” ratings on the Quality Review and “Excellent Ratings” on the School Quality Snapshot in every category: Rigorous Instruction, Collaborative Teachers, Supportive Environment, Effective School Leadership, Strong Family-Community Ties, and Trust. Scholars' Academy is an Innovation Zone Ambassador School. Scholars' Academy teachers and students leverage online learning tools to collaborate on group tasks which are standards-anchored, rigorous and engaging.

Scholars' Academy follows the Scale-Up cooperative learning model used by many top universities such as MIT where students work in Triads; learning groups of three. All students are supported in completing three high school Regents courses in middle school (Algebra, Living Environment and Spanish). Students select an elective class based on their individual interests and talents which meets twice per week. Students have the opportunity to engage in sixteen advisory and retreat days per year focused on fostering positive peer bonds, increasing cultural understanding, enhancing social-emotional well being and dedicated time for reflection and enrichment.

Q300 is one of several NYC citywide gifted and talented schools. We are committed to a high-quality education that strives to cultivate a genuine love for learning in all of our students. Our approach is driven by the national standards of gifted education with the full understanding that we are stewards of our students' cognitive and affective growth. As a result of our strong collaboration with parents and external organizations we are able to offer our students: music, LEGO robotics, dance, debate, second language(s), architecture, and chess, Brain Games, Math Team, Spelling Bee and so much more. Our efforts to shape the whole child scaffold an exposure to rich information and knowledge, critical-thinking skills, and effective and relevant modes of communication.

Mark Twain for the Gifted & Talented (I.S. 239) is a citywide school in Coney Island, Brooklyn, serving grades 6-8. Students are eligible to apply and test or audition for up to two talent areas.

You can apply and register your child to test or audition during the online middle school application process this fall.

- When you apply, select two talent areas for which you’d like your child to be tested. These talent areas include:
  - Art
  - Athletics
  - Computer/Math
  - Creative Writing/Journalism
  - Dance
  - Drama
  - Instrumental: Strings
  - Instrumental: Winds
  - Media
  - Science
  - Vocal Music

- Be sure to add these two programs to your child’s online middle school application and to place them in your true order of preference. Submit your child’s application by the December 3, 2018, deadline.

- Registered students will take talent tests in January or February. Students will receive a test ticket with their assigned test date and time. Applicants will be tested in each of their two talent areas. Testing will take place at Mark Twain, located at 2401 Neptune Avenue, Brooklyn, NY 11224, on one of these dates:

</tr>
</tbody>
</table>

Additional test dates may be scheduled as needed.

Students will be considered for offers based on how well they perform on the talent exams in comparison to other applicants.

Professional Performing Arts School (PPAS) is a citywide school in midtown Manhattan serving grades 6-12. The PPAS middle school theatrical arts program includes acting, singing, and dance instruction from professionals in these fields along with an accelerated academic program. Eligible students must be New York City residents when they apply.

Here’s how to help your child apply to and audition for PPAS:

- Add the PPAS program to your child’s online middle school application, and submit your application by the December 3, 2018, deadline. All students that have added PPAS to their middle school application are invited to audition.

- Help your child prepare for their PPAS audition. Learn what to prepare and where auditions will be held at ppasny.org.

- Bring your child to their audition on the date listed below for your last name—no ticket or confirmation is necessary.

<table>
<thead>

</tbody>
</table>

Students will be considered for offers based on academic performance and audition.
Your Middle School Choices

Use this page to help prepare for your middle school application. List your program choices below in your true order of preference, with your first choice in the #1 spot, your second in the #2 spot, and so on. Bring this list when you meet with a counselor at your current school or a Family Welcome Center—find locations and hours at schools.nyc.gov/WelcomeCenters.

TIP

If you have a zoned school or are enrolled in a continuing K-8 school, it is always a good idea to consider adding that school to your application. You have a priority to get an offer to your zoned or continuing school if you do not get an offer to any programs that you ranked higher in your application. Remember that you do NOT have to place this school as your first choice to keep your priority.
