Check with school for available seats.</p>

Note that student success in our schools is strongly supported by a matching process conducted during individual admission interviews. Referrals to transfer schools do NOT guarantee acceptance. Students not meeting criteria are often considered on a case by case basis. It is recommended that you contact the school directly for further information. If you require additional admission assistance, please contact the Transfer School Admission Coordinator, **Ms. Anne Fennelly** at the Transfer High School Superintendent’s Office - (646) 654-1261 Ext. 9 or by email at transferhighschools@schools.nyc.gov
